Since 1992 Russell Jeavons has owned and cooked at a unique restaurant in an old cottage in one of South Australia's prized wine districts. It is famous in part because it's only open on Friday nights, but moreso for its fresh, simple food cooked entirely in Russell's wood-fired brick ovens. His pizzas are renowned throughout Australia, with fine regional ingredients artfully combined atop classic, thin, wood-oven cooked crusts. Russell's Pizza is the kind of place where friends and family gather to eat within sight of the golden, glowing kitchen; where the garden

is equipped with warming braziers and outdoor fire pits for chatting, relaxing, and munching. It is an atmosphere that many of us covet for our own homes--an outdoor space where we can come together on cool nights for warmth, fun, and good food. The first part of "Your Brick Oven" is a step-by-step guide that takes readers through the stages of building an oven, from choosing the site to firing up for the first bake. Part two explains how to cook in the oven with invaluable tips for brick oven cooks, with recipes for sour dough bread, thin-crust pizzas, traditional roasts, fruit tarts, and sinful cakes and pastries.

In 1964 the Viet Cong was firmly entrenched in the Mekong Delta region. Using fear and terror tactics, the insurgency gained control of the population creating a safe haven for the movement to thrive and expand. The United States and the Government of South Vietnam recognized the infiltration problem in the Mekong Delta but their military organizations were either unable or incapable to deal with the problem. The geography of the region

made it impossible for a U.S. Army or Marine Corps division to operate effectively and the South Vietnamese Army and Navy lacked the training and equipment to operate successfully. In response to these obstacles, Secretary of Defense, Robert McNamara, commissioned the U.S. Navy to develop a fighting force capable of operating in the delta and ridding the region of the Viet Cong influence. The Navy used for main Operations: MARKET TIME, GAME WARDEN,-The Mobile Riverine Force, and SEALORDS to achieve these goals. In four short years the Brown Water Sailors experienced marked success with Viet Cong influence minimized and resupply efforts rerouted to the tortuous Ho Chi Minh

Trail. However, by the end of the 1960s, the American resolve to fight a war in South Vietnam had deteriorated and the Government needed a way out. President Nixon's Vietnamization program provided the exit for American forces and in turn mitigated the Brown Water Navy's successes of the previous four years. The Brown Water Navy overcame tremendous obstacles in less than one year to create and deploy a formidable fighting force to the Mekong Delta. In four years aggressive strides against the Viet Cong insurgency were achieved only to be mitigated by the effects of Vietnamization.

American Angie Donovan has never wanted much.

When you grow up getting bounced from foster home to foster home, you learn not to become attached to anything, anyone, or any place. But it only took her two days to fall in love with Australia. With her visa clock ticking, surely she can fall in love with an Australian—and get hitched—in two months.

Especially if he's as hot and funny as her next-door neighbor... Jace Walters has

never wanted much—except a bathroom he didn't have to share. The last cookie all to himself. And solitude. But when you grow up in a family of seven, you can kiss those things goodbye. He's finally living alone and working on his syndicated comic strip in privacy. Sure, his American neighbor is distractingly sexy and annoyingly nosy, but she'll be gone in a few months... Except now she's determined to find her perfect match by checking out every eligible male in the town, and her choices are even more distracting. So why does it suddenly feel like he—and his obnoxious tight-knit family, and even these two wayward dogs—could be exactly what she needs? Medical students often feel they understand the theory behind the clinical aspect of medicine but seldom have enough chance to put what they learn into practice. In addition, clinical examinations pose a challenge to students who may be technically and theoretically excellent, but who have poor examination technique. It is quite common for

students to lack understanding of how they will be marked, how much emphasis to place upon certain actions or how much detail is expected of them. **'OSCE CASES WITH MARK SCHEMES'** is intended to fill this gap. It provides OSCE mark schemes to reflect the real OSCE experience, by encouraging self assessment when practicing the clinical scenarios. The book includes chapters on communication skills, medical ethics, explanation stations, paediatrics and obstetrics and gynaecology subjects which are sometimes neglected elsewhere. All four authors have taken part in medical student teaching and OSCE examinations. They understand what will earn marks in the actual exam. All the OSCE scenarios are from stations previously examined in the UK's top medical schools. This book prepares the student for what the actual finals exam will be like. **CONTENTS: SECTION ONE, COMMUNICATION STATIONS** - Presenting Complaints - Psychiatry History Taking - Pediatrics History
