This book explores the implications of Pierre Bourdieu's sociology of cultural production for the study of translation as a socio-cultural activity. Bourdieu's work has continued to inspire research on translation in the last few years, though without a detailed, large-scale investigation that tests the viability of his conceptual tools and methodological assumptions. With focus on the Arabic translations of Shakespeare's tragedies in Egypt, this book offers a detailed analysis of the theory of 'fields of cultural production' with the purpose of providing a fresh perspective on the genesis and development of drama translation in Arabic. The different cases of the Arabic translations of Hamlet, Macbeth, King Lear and Othello lend themselves to sociological analysis, due to the complex socio-cultural dynamics that conditioned the translation decisions made by translators, theatre directors, actors/actresses and publishers. In challenging the mainstream history of Shakespeare translation into Arabic, which is mainly premised on the linguistic proximity between source and target texts, this book attempts a 'social history' of the 'Arabic Shakespeare' which takes as its foundational assumption the fact that translation is a socially-situated phenomenon that is only fully appreciated in its socio-cultural milieu. Through a detailed discussion of the production, dissemination and consumption of the Arabic translations of Shakespeare's tragedies, Bourdieu in Translation Studies marks a significant contribution to both sociology of translation and the cultural history of modern Egypt.

The story of Desdemona from Shakespeare's *Othello* is re-imagined by Nobel Prize laureate Toni Morrison, Malian singer and songwriter Rokia Traoré, and acclaimed stage director Peter Sellars. Morrison's response to *Othello* is an intimate dialogue of words and music between Desdemona and her African nurse Barbary. Morrison gives voice and depth to the female characters, letting them speak and sing in the fullness of their hearts. Desdemona is an extraordinary narrative of words, music and song about Shakespeares doomed heroine, who speaks from the grave about the traumas of race, class, gender, war and the transformative power of love. Toni Morrison transports one of the most iconic, central, and disturbing treatments of race in Western culture into the new realities and potential outcomes facing a rising generation of the 21st century.

This book expands upon recent historical analysis of Shakespeare's Othello, which has foregrounded issues of race, colonialism, and feminism, in order to show how the discourse of religion might affect our understanding of this play. It specifically looks at how the discourse of Catholicism, itself a highly contested topic in Shakespeare's world, affects our understanding of Desdemona, whom the play so directly compares to perhaps the most divisive and controversial figure of the entire 'Reformation' period, Mary the Mother of God. Explaining how this comparison is developed and clarified by Shakespeare, this book explores the difference our interpretation of Desdemona's 'Marian' dimension might make to critical understanding of the tragedy of Othello.
