The ARRL Operating Manual

The influenza pandemic of 1918-1919 killed as many as fifty million people worldwide and affected the vast majority of Canadians. Yet the pandemic, which came and left in one season, never to recur in any significant way, has remained difficult to interpret. What did it mean to live through and beyond this brief, terrible episode, and what were its long-term effects? *Influenza 1918* uses Winnipeg as a case study to show how disease articulated and helped to re-define boundaries of social difference. Esyllt W. Jones examines the impact of the pandemic in this fragmented community, including its role in the eruption of the largest labour confrontation in Canadian history, the Winnipeg General Strike of 1919. Arguing that labour historians have largely ignored the impact of infectious disease upon the working class, Jones draws on a wide range of primary sources including mothers'

allowance and orphanage case files in order to trace the pandemic's affect on the family, the public health infrastructure, and other social institutions. This study brings into focus the interrelationships between epidemic disease and working class, gender, labour, and ethnic history in Canada. Influenza 1918 concludes that social conflict is not an inevitable outcome of epidemics, but rather of inequality and public failure to fully engage all members of the community in the fight against disease.

This thorough and biblical discipleship manual will prove to be practical and edifying to those who are new believers and will challenge those who have known Christ longer to go forward to greater Christ-likeness and spiritual maturity. These four biblical alphabets can be used in many settings: personal study, one-on-one discipleship, small groups, Sunday school class curriculum and Christian school and home school Bible study material.

“ Christian Growth from A to Z is a wonderful help to lead a Christian from salvation to maturity in Christ. This is an excellent help for those mentoring new converts or students in Sunday school and other class settings. I especially appreciate the focus on knowing God and His attributes. It is evident that this work comes out of the many needs that Brother Lowery has seen after many years of ministry. ”
