Fodor's 2008 New Zealand Book Publishing Company

This book is designed to introduce the reader to many of the major narratives of the Bible, beginning with Abraham and other patriarchs, Israel's Judges and Prophets, Jesus Christ, Paul, and John's Seven Churches in Revelation. This covers considerable geography from Iran (biblical Persia) and Iraq in the east, through Jordan, Egypt, Syria, Israel, and Lebanon, to Turkey, Greece, and Italy in the west. It is not a theological text, but mostly the Turkington's travel logs from 1991–2004 when they had the opportunity to visit almost all known Bible sites. Often their experiences were funny, exciting, frustrating, sometimes daring, and on occasion a little dangerous. Together, with their two children, they drove through fields, along tracks, through fruit groves and shallow rivers, and into some quite intimidating areas. They were pummeled by stones several times, robbed three times, stopped by police or army five times, and had many exciting border crossings (including one where they were within seconds of being shot by Israeli border guards,) and they had one car accident—this all to experience these Bible lands.

Dr. Walker lays out his program on how to become younger which he partly defines as having all or most of the attributes of youth, health, energy, vitality and perpetual laughter on the lips and in the eyes. The key to accessing both more energy and more vitality lies in changing our eating, drinking, and living habits. Dr. Walker encourages people to develop a very definite philosophy he calls Right Thinking, which is maintaining a positive outlook and positive thoughts about themselves and others. Together with the other principles outlined in his program, he offers readers knowledge that gives them the courage to make the changes necessary. Readers are given a brief yet concise introduction to different parts of our anatomy and how these systems work for and against us, depending upon the food we consume. Dr. Walker recommends changing old eating habits to include natural, nourishing foods. The use of juicing, fasting, and eating natural, organic foods in their unprocessed forms, including mostly raw fruits and vegetables, play an important role in maintaining good health. Through his personal observations, experience, and knowledge, Dr. Walker provides the information needed to stay younger.

INSIDE THE RAINBOW by Sandy Sinclair, Alaskan bush teacher Not just memoirs of an ol' teacher but the author deals with how the events of the past may be connected to our current life. Beside the Alaska adventures there are some significant points made throughout the book: - There is a word for word interview with OSAMA bin LADEN as repeated from this author's contact with Peter Bergen of CNN, the only western journalist ever to personally talk with the jihadist in his cave back in 1997. This clearly explains the nature of our current conflict. - Rosa Parks not going to the back of the bus affected America. - Passengers of flight 93 had the foresight to sacrifice themselves for preservation of their fellow Americans in Washington DC, targeted by the hijackers of that flight. - The Sec. of State stood against a belligerent congress in 1867 to purchase Alaska from Russia proving the "collective wisdom" of our congress is often totally wrong. - JFK challenged us to do the impossible (go to the moon). This success gave us confidence to attempt other "impossibles." - Our total dependence on modern technical devises

may be a big gain. But let us evaluate what we have lost in doing so. - There are productive ways for us all to deal with the national tragedy of Sept 11th 2001.

The National Magazine Lulu.com

In the long-awaited sequel to "Between Two Seas," "The Courier" takes up the story with the shadowy, cloaked figure sailing from the island of Melitene, leaving behind a path of misery and destruction. But though the young man has escaped the island, can he escape himself? Fifteen-year-old Eletia, pregnant and new to the faith, is wondering how she will raise her child alone, with the father nowhere to be found. Though the fledgling church on Melitene is thriving under the leadership of Publius and his wife Amoenitas, sinister forces are at work on the island, determined to destroy both freedom and the church. The centurion Julius, a follower of Christ, is charged with conveying Paul to Rome. He longs to leave the army and to settle down to married life. A certain young lady has caught his eye, but duty comes first. Inspired from the book of Acts and within the historical context of the first century church and its surrounding culture, "The Courier" spins a tale of rousing action, romance, intrigue, persecution, heartbreak, redemption, and triumph. How the first century followers of Christ dealt with their hardships informs how we who dwell in the twenty-first ought to live in our time, as we face the same age-old struggle between the kingdom of God and the kingdom of darkness.
