The Tiger Killers is the second volume of a new translation of the Chinese classical novel generally known as The Water Margin. Like the first volume, The Broken Seals, it follows the fortunes of various outlaw heroes as they move through a world of treacherous officials, jealous toadies, bullying gaolers, hired assassins, foolhardy generals and cannibalistic innkeepers. This volume contains some of the most famous scenes in the novel, starting with the episode in which Wu Song gets drunk at the tavern, ascends the pass in late evening and kills a notorious man-eating tiger with his bare hands. His subsequent encounter with his midget brother's flirtatious wife, Jinlian or Golden Lotus, and her vain attempt to seduce him lead into a tale of adultery, callous murder and bloody vengeance. The second half of the book is concerned with Song Jiang's attempts to serve out his prison sentence honourably and avoid becoming an outlaw, until he is unjustly condemned to death for a misconstrued poem. Towards the end of this volume we meet the violent Li Kui, variously known as Iron Ox or Black Whirlwind, who also turns out to have a way with tigers. This volume consists of chapters 23 to 43 of the full 120-chapter version of the novel by Shi Nai'an and Luo Guanzhong. It is the first English translation based on this version.

The bestselling Journey to the West comic book by artist Chang Boon Kiat is now back in a brand new fully coloured edition. Journey to the West is one of the greatest classics in Chinese literature. It tells the epic tale of the monk Xuanzang who journeys to the West in search of the Buddhist sutras with his disciples, Sun Wukong, Sandy and Pigsy. Along the way, Xuanzang's life was threatened by the diabolical White Bone Spirit, the menacing Red Child and his fearsome parents and, a host of evil spirits who sought to devour Xuanzang's flesh to attain immortality. Bear witness to the formidable Sun Wukong's (Monkey God) prowess as he takes them on, using his Fiery Eyes, Golden Cudgel, Somersault Cloud, and quick wits! Be prepared for a galloping read that will leave you breathless!

Weekly Weather and Crop Bulletin University of Hawaii Press

This translation of a Chinese classic (14th Century) is the epic tale of a band of patriots in China during the latter part of Sung Dynasty and is considered by most to be one to the three or four greatest novels in Chinese literature. Shui hun chuan (water margin chronicles) is the adventure of a band of 108 outlaws (105 men and 3 women) struggling to help the Emperor rid himself of the despotic prime minister. Like Robin Hood, the bandit kings refer to themselves as the "gallant fraternity." They come out to harass the authorities and to attempt to solicit followers to overthrow a corrupt government in the name of the Emperor. Choked full of ghosts, innkeepers who make hamburgers of their guests, giants of superhuman strength, beautiful women in distress, wily intellectuals and crafty

merchants, this is a timeless tale of love and adventure.

Outlaws of the Marsh Volume 7 J R Comics

Acclaimed as one of the Four Great Novels of Chinese Literature, Outlaws of the March is a timeless story of rebellion in a turbulent age, featuring a colorful gang of renegade bandits and the merciless tyrant who hunts them.

The Hydro Margin Vol 3 Random House

A great classic of Chinese literature, also known as Water Margin and All Men are Brothers, this is an exciting account of the adventures of a bold brigand army, like Robin Hood and his merry men, battling against tyrannical rulers.

Revealing the fundamental continuities that exist between vernacular fiction and exorcist, martial rituals in the vernacular language, Mark Meulenbeld argues that a specific type of Daoist exorcism helped shape vernacular novels in the late Ming dynasty (1368 – 1644). Focusing on the once famous novel Fengshen yanyi ("Canonization of the Gods"), the author maps out the general ritual structure and divine protagonists that it borrows from much older systems of Daoist exorcism. By exploring how the novel reflects the specific concerns of communities associated with Fengshen yanyi and its ideology, Meulenbeld is able to reconstruct the cultural sphere in which Daoist exorcist rituals informed late imperial "novels." He first looks at temple networks and their religious festivals. Organized by local communities for territorial protection, these networks featured martial narratives about the powerful and heroic deeds of the gods. He then shows that it is by means of dramatic practices like ritual, theatre, and temple processions that divine acts were embodied and brought to life. Much attention is given to local militias who embodied "demon soldiers" as part of their defensive strategies. Various Ming emperors actively sought the support of these local religious networks and even continued to invite Daoist ritualists so as to efficiently marshal the forces of local gods with their local demon soldiers into the official, imperial reserves of military power. This unusual book establishes once and for all the importance of understanding the idealized realities of literary texts within a larger context of cultural practice and socio-political history. Of particular importance is the ongoing dialog with religious ideology that informs these different discourses. Meulenbeld's book makes a convincing case for the need to debunk the retrospective reading of China through the modern, secular Western categories of "literature," "society," and "politics." He shows that this disregard of religious dynamics has distorted our understanding of China and that "religion" cannot be conveniently isolated from scholarly analysis.

Water Margin The Chinese University of Hong Kong Press

"A material epic with an astonishing fidelity to history."—New York Times Book Review Three Kingdoms tells the story of the fateful last reign of the Han dynasty (206 B.C. – A.D. 220), when the Chinese empire was divided into three warring kingdoms. Writing some twelve hundred years later, the Ming author Luo Guanzhong drew on histories, dramas, and poems portraying the crisis to fashion a sophisticated, compelling narrative that has become the Chinese national epic. This abridged edition captures the novel's intimate and unsparing view of how power is wielded, how diplomacy is conducted, and how wars are planned and fought. As important for Chinese culture as the

Homeric epics have been for the West, this Ming dynasty masterpiece continues to be widely influential in China, Korea, Japan, and Vietnam and remains a great work of world literature.

Voices of East Asia provides significant yet accessible readings in translation chosen to stimulate interest in the long and rich cultural history of East Asia, the countries of China, Japan, and Korea. The readings range from ancient to modern, elite to popular, and include poetry, stories, essays, and drama. Each section begins with a broad but brief overview of that country's political and cultural history. Each reading is preceded by a concise explanation of its literary and cultural context. As expertise in East Asian studies has exploded in the West in recent decades, a novice could be overwhelmed by all the materials available now. In this volume, however, the reader will find a manageable set of texts that may be read on their own, as part of a world literature course, or as supplementary readings for an East Asian history class. As economic and political news from East Asia sweeps across the world, this anthology aims to provide a taste of the

enduring traditions upon which contemporary East Asia is built, a glimpse into the hopes and fears, love and sorrow in the hearts of the people behind the headlines. This anthology will be welcomed by students and scholars of Asian history, culture, society and literature.
