With the intrigue of a psychological thriller, *The Stranger*—Camus's masterpiece—gives us the story of an ordinary man unwittingly drawn into a senseless murder on an Algerian beach. With an Introduction by Peter Dunwoodie; translated by Matthew Ward. Behind the subterfuge, Camus explores what he termed "the nakedness of man faced with the absurd" and describes the

condition of reckless alienation and spiritual exhaustion that characterized so much of twentieth-century life. "The Stranger is a strikingly modern text and Matthew Ward's translation will enable readers to appreciate why Camus's stoical anti-hero and devious narrator remains one of the key expressions of a postwar Western malaise, and one of the cleverest exponents of a literature of ambiguity." —from the Introduction by Peter Dunwoodie
First published in 1946; now in translation by Matthew Ward.

• ONE OF TIME MAGAZINE'S 100 BEST MYSTERY AND THRILLER BOOKS OF ALL TIME • Timely, riveting, and unforgettable, *The Other Americans* is at once a family saga, a murder mystery, and a love story informed by the treacherous fault lines of American culture. Late one spring night in California,

Driss Guerraoui—father, husband, business owner, Moroccan immigrant—is hit and killed by a speeding car. The aftermath of his death brings together a diverse cast of characters: Guerraoui's daughter Nora, a jazz composer returning to the small town in the Mojave she thought she'd left for good; her mother, Maryam, who still pines for her life in the old country; Efraín, an undocumented witness whose fear of deportation prevents him from coming forward; Jeremy, an old friend of Nora's and an Iraqi War veteran; Coleman, a detective who is slowly discovering

her son's secrets; Anderson, a neighbor trying to reconnect with his family; and the murdered man himself. As the characters—deeply divided by race, religion, and class—tell their stories, each in their own voice, connections among them emerge. Driss's family confronts its secrets, a town faces its hypocrisies, and love—messy and unpredictable—is born. whose generations-long struggles are driven by quintessentially American forces. Resisting the easy cliches, Maimon's Twilight in Hazard gives us a profound understanding of the region from his years of careful reporting. It is both a powerful chronicle of a young reporter's immersion in a place, and of his return years later—this time the husband of a Harlan County coal miner's daughter—to find	the area struggling with its identity and in the thrall of Trumpism as a political ideology. Twilight in Hazard refuses to mythologize Central Appalachia. It is a plea to move past the fixation on coal, and a reminder of the true costs to democracy when the media retreats from places of rural distress. It is an intimate portrait of a people astaring down some of the most pernicious forces at work in America today	while simultaneously being asked: How could you let this happen to yourselves? Twilight in Hazard instead tells the more riveting, noirish, and sometimes bitingly humorous story of how we all let this happen. <i>The Puzzlers</i> <i>Complete</i> <i>Crossword Puzzle</i> <i>Dictionary</i> Vintage A true crime thriller -- the first book for teens to tell the nearly unknown tale of the brazen attempt to steal Abraham Lincoln's body.
