But, as Charles Taylor has pointed out, "authenticity" is a highly ambiguous word in contemporary parlance. McCarthy therefore uses Lonergan's way of clarifying the meaning of authenticity in terms of self-transcendence. At its most primordial level, self-transcendence is the ubiquitous phenomenon of questioning.

It is argued here that there are three main threads with which Taylor weaves his concern with transcendence—suffering, violence and mystery. Suffering, violence and mystery are imbued in his critique of the modern condition. By contrast, and in a critique of modern violence, mystery, so Taylor argues, has been re-articulated in the Romantic counter-current in a way that opens onto another possible relation to moments of transcendence.

Overcoming Transcendence Charles Taylor And Nihilism

Taylor (via Smith) says that a new resolution was popularized in the mid-twentieth century. Another way to get past the tension of transcendence and immanence, if not raising the bar of immanence, is to just get rid of transcendence altogether. Tension — what tension? Here and now became all there is.

Charles Taylor has recently stated his religious leanings as being at the core of his philosophical vision for a better society. At the heart of this vision is his emphasis on transcendence: that there is something beyond life as we know it.

Summary - Charles Taylor's A Secular Age (2007 ...

I have always found Charles Taylor's writings to be insightful and stimulating. This was especially true of his Massey lectures The Malaise of Modernity and of the earlier, weightier study on which these were based, Sources of the Self: The Making of the Modern Identity.. So it was with eager expectation that I bought – way back in 2007 – the even weightier work A Secular Age.

Overcoming Transcendence: Charles Taylor and Nihilism

Taylor also advances the controversial view that (3) there is an ineradicable draw to 'transcendence' in human life in connection to the quest for the meaning of life. Here he opposes certain mainstream theories of secularization that see it as a process involving the ineluctable fading away of the relevance of religion.
