First steps in Latin Yale University
Press

Designed to reinforce JC McKeown's Classical Latin: An Introductory Course, this innovative workbook offers a wide range of exercises, accommodating a wide range of learning styles, to help students master Latin morphology and vocabulary. Included are exercises involving parsing, correcting mistakes, completing sentences by providing the correct inflected word ending, distinguishing words within an unbroken series of letters, recognizing word forms, unscrambling anagrams, and more. A superb supplement to a brilliant Introductory Latin textbook.

Journal of Education and School World Harcourt
Brace College Publishers
WHEELLOCK'S LATIN: AUDIO FILES When

Professor Frederic M. Wheelock's Latin first appeared in 1956, the reviews extolled its thoroughness, organization, and conciseness; at least one reviewer predicted that the book "might well become the standard text" for introducing students to elementary Latin. Now, five decades later, that prediction has certainly proved accurate. Workbook for Wheelock's Latin is an essential companion to the classic introductory textbook. Designed to supplement the course of study in Wheelock's Latin, 6th Edition, Revised, each of the forty chapters in this newly updated edition features: Transformation drills, word and phrase translations, and other exercises to test and sharpen the student's skills "Word Power" sections that focus on vocabulary and derivatives Reading comprehension questions and sentences for translation practice Perforated pages for hand-in homework assignments and space for the student's name and date Practice! Practice! Cambridge University Press This complete introductory course to the Latin language, suitable for both high school and college students, consists of two volumes, each accompanied by a teacher's manual and students' workbooks. The strategy employed for teaching and learning incorporates the best of both the reading approach and the more abstract grammatical method. The choice of vocabulary in each chapter reflects ancient authors commonly studied for the AP* Latin examinations. There are exercises designed for oral use, as well as a substantial core of more conventional exercises in each chapter. The readings, pictures, and supplementary inserts on cultural information illuminate Roman life, civilization, Roman history, and mythology, as well as the continuing use of Latin after antiquity and its vigorous literary tradition in such periods as the Middle Ages and Renaissance. Each chapter also includes

derivatives, the influence of Latin vocabulary on English, and selected proverbs or common Latin sayings. Special Features • the best of the reading approach and the grammar-translation approach • one Latin passage in each chapter that is adapted from post-antique Latin literature • each chapter contains an unadapted selection of classical Latin from Nepos' Life of Atticus • text ends with ten additional unadapted selections from the Life of Atticus for students' transition to authors courses • Nepos selections accompanied by facing notes and vocabulary • clear, concise grammatical explanations • abundant exercises, both Latin to English and English to Latin • optional oral exercises • vocabulary geared to upper level literature and AP* syllabi • review unit for every three chapters • derivative and proverb studies • background essays on daily life and the culture of post-ancient world • essays on the heroes of classical mythology • essays connecting the ancient, post-ancient, and modern worlds written by university scholars • plentiful full-color illustrations, complement the Latin text of each chapter • study tips for students • three maps custom-made for Latin for the New Millennium • timeline of historical and literary events

[Latin for the New Millennium Companion Website](#): this website has additional information about Latin for the New Millennium including a "Teachers' Lounge". The teachers' lounge is a forum for teachers using and interested in using Latin for the New Millennium series textbooks, workbooks, and enrichment texts.

Press

Based on Trisha Greenhalgh's course on teaching evidence based health care, this workbook can be used as a stand alone self learning book, either for groups or individuals. The different units covering areas such as decision analysis and diagnostic testing each contain a published paper with exercises for the user, and critical appraisal checklists. It will act as a complement to the best-selling How to Read a Paper.

An Ovid Workbook Bolchazy-Carducci Publishers

**MEDIEVAL AND RENAISSANCE
DRAMA IN ENGLAND**, now over twenty years in publication, is an international journal committed to the publication of essays and reviews relevant to drama and theatre history to 1642. MaRDIE 23

features essays by MacDonald P. Jackson on authorship as related to Shakespeare, Kyd, and Arden of Faversham. James Hirsh considers the editing of Hamlet's 'To be, or not to be' in light of both conventional and emerging editorial theory. Politics and prophecy, as they influence Friar Bacon and Friar Bungay is at the centre of Brian Walsh's contribution, while John Curran uses declamation as a rhetorical strategy in order to focus on character in the Fletcher-Massinger plays. Chris Fitter considers vagrancy and 'vestry values' in Shakespeare's As You Like It and June Schlueter reconsiders the matter of theatrical cartography and The View of London from the North. The collection of reviews range from books on early modern dietaries and

Shakespeare's plays to those on male friendship and theatre economics.

Classical Latin Prentice Hall

Using an introduction to mythology by the master storyteller Ovid himself, the authors have prepared a unique teaching tool designed to achieve proficiency at Latin in one year at the college level, two years at the high school or intermediate level. The volume provides students with imaginative, connected reading, beginning with introductory prose versions of Ovid's simple myth tales and progressing to the rich poetry of Ovidian Latin (with appropriate teaching aids) within forty lessons. The grammatical approach is traditional, but the central emphasis is on reading. In each chapter the reading appears first, followed by the vocabulary, the grammar, exercises, and etymology relating to the vocabulary. The

exercises begin with a group of questions in Latin (based on the reading), to be answered in Latin. Each tale is preceded by a brief discussion in English of the story and its mythological significance. The myths retold by Ovid and the attractive format are conceived to impel the student into acquiring the skill to read the author in the original language. For additional complimentary materials on this topic, please see Latin Via Ovid Audio materials (available via downloadable flash drive and cassette tapes) by Norma Goldman and Jacob E. Nyenhuis and the accompanying text Practice, Practice: A Latin Via Ovid Workbook by Norma Goldman and Michael Rossi. Learn to Read Latin Harper Collins Intensive Basic Latin: A Grammar and Workbook comprises a dynamic reference grammar and related exercises in a single

volume. The book presents forty individual grammar points, covering the core material which students would expect to encounter in their first year of learning Latin. Grammar points are followed by contextualised examples and exercises which allow students to reinforce and consolidate their learning. There is a particular emphasis throughout on familiarising students with real, unadulterated Latin and the task of teasing information from the Latin via translations. To this end, there are matching exercises with unedited Latin excerpts and rough English translations in the chapters, encouraging students to take a hands-on approach in their learning. In addition to this, a short reading relating to the adventures of Hercules is presented at the end of almost every chapter; these readings, which become progressively more complex, give the course a strong sense of narrative cohesion and interest and provide students with opportunities to develop their comprehension and translation skills. Key features include: Clear, accessible format and jargon-free explanations of grammar Many useful language examples Abundant and varied exercises with full answer key Controlled usage of vocabulary throughout, allowing students to concentrate on building up their grammatical knowledge Review chapters at intervals throughout the text, providing exercises specially designed to consolidate knowledge of language points covered Useful English-Latin and Latin-English glossaries at the back of the book

Written by an experienced instructor, Intensive Basic Latin: A Grammar and Workbook is an ideal resource for beginning students of Latin. It can be used as a textbook, grammar reference and practice resource and is suitable both for class use and independent study.

Studies in Latin Literature and Roman History
Bloomsbury Publishing
SneakerBlossom Study Guides are Christian, Classical, Versatile, and Affordable. They can be used from 3rd grade through high school. All editions include character and place indexing.

Wheelock's Latin Createspace Independent Publishing Platform

Ovid Unseens provides a bank of 80 practice passages of Latin verse, half elegiac and half hexameter. Taken from across Ovid's works, including the Metamorphoses, Fasti, Heroides, Amores and Tristia, the passages help build students' knowledge and confidence in a notoriously difficult element of Latin language

learning. Every passage begins with an introduction, outlining the basic story and theme of the passage, followed by a 'lead-in' sentence, paraphrasing the few lines before the passage begins. The first set of passages are translation exercises of 12-16 lines, each accompanied by a Discendum box which highlights a key feature of poetic Latin, equipping students further with the skills to tackle ever more difficult verse passages at first sight. These are followed by longer passages with scansion exercises and questions on comprehension and stylistic analysis, replicating unseen verse exam questions in full. The comprehensive introduction provides an overview of Ovid's life and work, an account of some of the stylistic features of his poetry, and practical help in the form of tips on how to approach the more challenging lines of Latin

verse and produce a fluent translation. A step-by-step guide to scansion, with practice exercises and answers, covers the essential principles for scanning lines of Latin verse, from the basics of understanding syllables, feet and types of metres, to coping with elision and caesurae. A guideline verse vocabulary list is provided which covers words particularly common in Ovid's works. Broken down into small 'checklists', each corresponding to a group of four passages, the vocabulary is learnt cumulatively and as it is encountered.

Latin for the New Millennium: Level 2: Student Textbook Harper Collins

Learn to Read Latin helps students acquire an ability to read and appreciate the great works of Latin literature as quickly as possible. It not only presents basic Latin morphology and syntax with clear explanations and examples but also offers direct access to unabridged passages drawn from a

wide variety of Latin texts. As beginning students learn basic forms and grammar, they also gain familiarity with patterns of Latin word order and other features of style. Learn to Read Latin is designed to be comprehensive and requires no supplementary material; it explains English grammar points and provides drills especially for today's students; it offers sections on Latin metrics; it includes numerous unaltered examples of ancient Latin prose and poetry; it incorporates selections by authors such as Caesar, Cicero, Sallust, Catullus, Vergil, and Ovid, presented chronologically with introductions to each author and work; it offers a comprehensive workbook that provides drills and homework assignments. This enlarged second edition improves upon an already strong foundation by streamlining grammatical explanations, increasing the number of syntax and morphology drills, and offering additional short and longer readings in Latin prose and poetry.

Student Activities Manual Answer Key for

Disce! an Introductory Latin Course, Volume I
Bloomsbury Publishing

A separately bound Answer Key includes answers for all discrete and short-answer exercises in the Student Activities Manual.

Workbook for Wheelock's Latin, 3rd Edition, Revised Harper Collins

For nearly sixty years, Wheelock's Latin has remained the optimum liber of beginning Latin textbooks. When Professor Frederic M. Wheelock's Latin first appeared in 1956, the reviews extolled its thoroughness, organization, and conciseness; one reviewer predicted that the book "might well become the standard text" for introducing students to elementary Latin. Now, nearly six decades later, that prediction has certainly proved accurate. This new edition of Wheelock's Latin has all of the features, many of them improved and expanded, that have made it the bestselling single-volume beginning Latin textbook: 40 chapters with

grammatical explanations and readings drawn from the works of Rome's major prose and verse writers; Self-tutorial exercises, each with an answer key, for independent study; An extensive English – Latin / Latin – English vocabulary section; A rich selection of original Latin readings—unlike other Latin textbooks, which contain primarily made-up texts; Etymological aids, maps, and dozens of images illustrating aspects of the classical culture and mythology presented in the chapter readings. Also included are expanded notes on the literary passages, comments on vocabulary, and translation tips; new comprehension and discussion questions; and new authentic classical Latin readings, including Roman graffiti, in every chapter.

Fitting Words Answer Key Hackett Publishing
Revised and expanded text based on Wilding's classic Greek exercises and readings, including all points of grammar and syntax fully explained for first-year Greek students.

El-Hi Textbooks & Serials in Print, 2000
Bolchazy-Carducci Publishers
This book contains 637 lines of unadapted Latin provided with vocabulary and explanatory notes next to and under the Latin text. It is aimed at high school students of intermediate to advanced levels. The purpose of this book is a supplementary reader, suitable to be used independently by home-schoolers, high school students, former students who would like to brush up on their Latin and all those others who self-study. At the end of each story, you will find review questions covering the story in general, literary devices, grammar and mythology. In the answer key, you will find literal translations of the stories and answers to the review

questions.

Nineteenth Century Short-title Catalogue:
phase 1. 1816-1870 (50 v.) Routledge
