"In the alternate universe of Atomik Aztex, the Aztecs rule, having conquered the European invaders long ago. Aztec warriors with totemic powers are busy colonizing Europe, and human sacrifice is basic to economic growth." "Zenzontli, Keeper of the House of Darkness, is plagued by nightmares of a parallel reality where American consumerism reigns supreme. Ghosts of banished Aztec warriors emerge to haunt contemporary Los Angeles, and Zenzontli's visions of Hell become real as he's trapped in a job in an East L.A. meatpacking plant."--BOOK JACKET.

This book examines the lives of women, both royalty and commoner, foreign and native-born, whose unique experiences made a profound and vivid impression on the history of Mexico. It includes descriptions of the original costumes of each era, which, coupled with their compelling stories, entertain an enlightening the reader. *Women of Mexico* explores they mostly ignore the lives of these women. Their tenacity and grit constitute an exemplary display of courage and determination in the face of danger, disgrace, burning at the stake, and even the firing squad. In these pages, we are impressed by Cortes's valiant and much-maligned Indian mistress, who acting as translator, guide, diplomat at the Aztec court. She was instrumental in the downfall of the Aztec Empire. The reader will, in fact, empathize with the pride of the age Indian Queen, who stubbornly takes refuge in the temple of her ancestral gods to avoid baptism in the alien new faith of the conquistadores. We sorrow for the brilliant nun whose genius is often compared to that of Leonardo da Vinci for her versatility, and whose intellect and courage bring her great tragedy as well as fame. This is a seminal collective biography of women of Mexico.

Portuguese artist Juliã o Sarmiento is renowned for using text to build up his paintings. This volume collects the series *What Makes A Writer Great*, produced in 2000-2001 as an ironic essay on the matter: "I function almost as a writer, not in the classic sense, but simply in the sense of writing with images." *The Best of the Latino Heritage* John Wiley & Sons

"Aztec" is the extraordinary story of the last and greatest native civilization of North America. Told in the words of one of the most robust and memorable characters in modern fiction, *Mixtli-Dark Cloud*, "Aztec" reveals the very depths of Aztec civilization from the peak and feather-banner splendor of the Aztec Capital of Tenochtitlan to the arrival of Hernã n Cortã s and his conquistadores, and their destruction of the Aztec empire. The story of *Mixtli* is the story of the Aztecs themselves---a compelling, epic tale of heroic dignity and a colossal civilization's rise and fall.

Winner of the American Society for Ethnohistory's Erminie Wheeler-Voegelin Prize
Scholars have long viewed histories of the Aztecs either as flawed chronologies plagued by internal inconsistencies and intersource discrepancies or as legends that indiscriminately mingle reality with the supernatural. But this new work draws fresh conclusions from these documents, proposing that Aztec dynastic history was recast by its sixteenth-century recorders not merely to glorify ancestors but to make sense out of the trauma of conquest and colonialism. *The Aztec Kings* is the first major study to take into account the Aztec cyclical conception of time—which required that history constantly be reinterpreted to achieve continuity between past and present—and to treat indigenous historical traditions as symbolic statements in narrative form. Susan Gillespie focuses on the dynastic history of the Mexica of Tenochtitlan, whose stories reveal how the Aztecs used "history" to construct, elaborate, and reify ideas about the nature of rulership and the cyclical nature of the cosmos, and how they projected the Spanish conquest deep into the Aztec past in order to make history accommodate that event. By demonstrating that most of Aztec history is nonliteral, she sheds new light on Aztec culture and on the function of history in society. By relating the cyclical structure of Aztec dynastic history to similar traditions of African and Polynesian peoples, she introduces a broader perspective on the function of history in society and on how and why history must change.

An exclusive look at one of the world's most successful and controversial companies, and the mysterious family behind it. BMW is arguably the most admired carmaker in the world. It's financial performance is the envy of its competitors, and BMW products inspire near-fanatical loyalty. While many carmakers struggle with falling sales, profits and market share, demand for BMWs continues to grow, frequently outpacing production. Now, David Kiley-Detroit Bureau Chief at USA Today and author of *Getting the Bugs Out*, which covered Volkswagen's demise and rebirth, goes inside the fabled German automaker to see how it does what it does so well. With unprecedented access to BMW executives, Kiley goes behind the walls of BMW's famed "Four Cylinders" headquarters in Munich at a time when the company is in its most aggressive, and some say riskiest, expansion in its history and when some of the company's new products, like the 7 Series sedan and Z4 roadster, are for the first time drawing as many barbs from critics as bouquets. Kiley covers intimate details of the boardroom drama surrounding the company's nearly disastrous acquisition and subsequent sale of the British Rover Group and its expansion into selling MINI and Rolls Royce cars. Besides being a world-class carmaker, BMW is also considered one of the smartest consumer marketing companies and Kiley explores the extraordinary value and management of the BMW brand mystique. He also takes a revealing look at the mysterious and ultra-private Quandt family of Bad Homburg Germany, which owns a controlling stake in BMW: Johanna and Susanne Quandt, two of the wealthiest women in Europe and Stefan Quandt, one of the wealthiest bachelors on the continent. David Kiley (Ann Arbor, MI) is the Detroit Bureau Chief at USA Today who has covered the auto industry for 17 years. He has been featured on Nightline, CNBC, CNN, MSNBC, NPR and the Today show. He is also the author of *Getting the Bugs Out: The Rise, Fall, and Comeback of Volkswagen in America* (0-471-26304-4), also available from Wiley.
