Golden Age of American Gardens Owner's Share Everything in the universe comes with a price. When Diurnia Salvage and Transport undergoes a change in management, Captain Ishmael Horatio Wang finds himself adrift in a sea of red ink, and intrigue. He dives in only to find that he is over his head in a universe where cut-throat competition takes on an all new meaning. What tragic price will Captain Wang pay for his Owner's Share? Half Share Six months in the Deep Dark. Four different women. One man discovers what it means to be a spacer. It's a time of change on the Lois McKendrick. Sarah Krugg joins the crew and Ishmael Wang moves to Environmental. After getting accustomed to life aboard a solar clipper, Ishmael must learn a whole new set of skills, face his own fears and doubts, and try to balance love and loss in the depths of space. Both Ishmael and Sarah must learn to live by the mantra, "Trust Lois." For Sarah, there is the hope of escaping a horrifying past. For Ishmael, he must discover what type of man he wants to become and learn that his choices have consequences. Return with the crew of the SC Lois McKendrick, and set sail in the next installment of the Trader's Tales from the Golden Age of the Solar Clipper. All your favorites return: Ish, Pip, Cookie, Brill, Diane, and Big Bad Bev. You might even discover some new friends as you travel among the stars. Captain's Share A good captain protects his crew. Who protects the captain? A shuffling of cabins puts Ishmael Horatio Wang in command of the worst ship in the fleet. He learns that being captain doesn't make you infallible and that life in the captain's cabin is filled with new kinds of challenge as he tries to keep the ship moving, the crew out of trouble, and turn a profit to earn his Captain's Share. In a ship where the officers outnumber the crew, can he keep everybody happy? Welcome to the SC Agamemnon. Double Share In his first assignment as an officer, Ishmael Horatio Wang finds himself fresh out of school, wet behind the ears, and way out of his depth.

Aboard the William Tinker the senior officers are derelict and abusive, the crew demoralized and undisciplined, and change unwelcomed and dangerous. Can Horatio use what he learned aboard the Lois McKendrick to help the crew find the ship's heart? Or will he discover that bucking the system may come at too high a price? Quarter Share: Golden Age of the Solar Clipper

Slavery by Another Name Grand Central Publishing

NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning *The Daily Show* with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, *The Daily Show* with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers—including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of *The Daily Show*'s most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics—a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, *The Daily Show* has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their

memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows. *The Genesis One Code* University of Georgia Press

The Golden Age is a collection of reminiscences of childhood, written by Kenneth Grahame and first published in book form in 1895, by The Bodley Head in London and by Stone & Kimball in Chicago. The Prologue and six of the stories had previously appeared in the *National Observer*, the journal then edited by William Ernest Henley.[1] Widely praised upon its first appearance - Algernon Charles Swinburne, writing in the *Daily Chronicle*, called it "one of the few books which are well-nigh too praiseworthy for praise" - the book has come to be regarded as a classic in its genre.

After Socialism Daniel Friedmann

Percy Jackson is about to be kicked out of boarding school...again. And that's the least of his troubles. Lately, mythological monsters and the gods of Mount Olympus seem to be walking straight out of the pages of Percy's Greek mythology textbook and into his life. Book #1 in the NYT best-selling series, with cover art from the feature film, *The Lightning Thief*.

To Fire Called Oxford University Press

WINNER OF THE PULITZER PRIZE • NEW YORK TIMES BESTSELLER • The epic, beloved novel of two boy geniuses dreaming up superheroes in New York's Golden Age of comics, now with special bonus material by the author—soon to be a Showtime limited series "It's absolutely gosh-wow, super-colossal-smart, funny, and a continual pleasure to read."—*The Washington Post* Book World Named one of the 10 Best Books of the Decade by *Entertainment Weekly* • Finalist for the PEN/Faulkner Award, National Book Critics Circle Award, and Los Angeles Times Book Prize A "towering, swash-buckling thrill of a book" (*Newsweek*), hailed as Chabon's "magnum opus" (*The New York Review of Books*), *The Amazing Adventures of Kavalier & Clay* is a triumph of originality, imagination, and

storytelling, an exuberant, irresistible novel that begins in New York City in 1939. A young escape artist and budding magician named Joe Kavalier arrives on the doorstep of his cousin, Sammy Clay. While the long shadow of Hitler falls across Europe, America is happily in thrall to the Golden Age of comic books, and in a distant corner of Brooklyn, Sammy is looking for a way to cash in on the craze. He finds the ideal partner in the aloof, artistically gifted Joe, and together they embark on an adventure that takes them deep into the heart of Manhattan, and the heart of old-fashioned American ambition. From the shared fears, dreams, and desires of two teenage boys, they spin comic book tales of the heroic, fascist-fighting Escapist and the beautiful, mysterious Luna Moth, otherworldly mistress of the night. Climbing from the streets of Brooklyn to the top of the Empire State Building, Joe and Sammy carve out lives, and careers, as vivid as cyan and magenta ink. Spanning continents and eras, this superb book by one of America's finest writers remains one of the defining novels of our modern American age. Winner of the Bay Area Book Reviewers Award and the New York Society Library Book Award

"Fascinating. Doidge's book is a remarkable and hopeful portrait of the endless adaptability of the human brain."—Oliver Sacks, MD, author of *The Man Who Mistook His Wife for a Hat* What is neuroplasticity? Is it possible to change your brain? Norman Doidge's inspiring guide to the new brain science explains all of this and more An astonishing new science called neuroplasticity is overthrowing the centuries-old notion that the human brain is immutable, and proving that it is, in fact, possible to change your brain. Psychoanalyst, Norman Doidge, M.D., traveled the country to meet both the brilliant scientists championing neuroplasticity, its healing powers, and the people whose lives they've

transformed—people whose mental limitations, brain damage or brain trauma were seen as unalterable. We see a woman born with half a brain that rewired itself to work as a whole, blind people who learn to see, learning disorders cured, IQs raised, aging brains rejuvenated, stroke patients learning to speak, children with cerebral palsy learning to move with more grace, depression and anxiety disorders successfully treated, and lifelong character traits changed. Using these marvelous stories to probe mysteries of the body, emotion, love, sex, culture, and education, Dr. Doidge has written an immensely moving, inspiring book that will permanently alter the way we look at our brains, human nature, and human potential. *The Lightning Thief* British Library Science Fiction Classics

This edited volume offers the first critical engagement with one of the most provocative and controversial theories in political economy: the thesis that capital can be theorized as power and that capital is finance and only finance. The book also includes a detailed introduction to this novel thesis first put forward by Nitzan and Bichler in their *Capital as Power*. Although endorsing the capital as power argument to varying extents, contributors to this volume agree that a new understanding of capital that radically departs from Marxist and Neoclassical theories cannot be ignored. Offering the first application and appraisal of Nitzan and Bichler's theory, chapters examine the thesis in the context of energy and global capitalization, US Investment Banks, trade and investment agreements between Canada, the US and Mexico, and multinational corporations in Apartheid South Africa. Balancing theory, methodology and empirical analysis throughout, this book is accessible to new readers, whilst contextualising and advancing the original theoretical debate. The *Capitalist Mode of Power* will

be of interest to students and scholars of International Relations, Political Economy, Globalization and Critical Theory.

When the home office adds an unexpected crew member to the environmental section of the *Lois McKendrick*, Ishmael Wang faces being put ashore at the next port. Not even his multiple division ratings can save him because he refuses to bump someone else in his place. In just a few days, Ishmael will lose both his friends and the home he has made for himself while traveling through the Deep Dark. Just when he thought matters could not get any worse, an EMP damages the ship and threatens the lives of everyone on board. Gone are the days when Ish's biggest challenge was making a good cup of coffee. Now he must use his wits and rely on the ingenuity of his shipmates just to survive.

In Ashes Born Running Press

A Pulitzer Prize-winning history of the mistreatment of black Americans. In this 'precise and eloquent work' - as described in its Pulitzer Prize citation - Douglas A. Blackmon brings to light one of the most shameful chapters in American history - an 'Age of Neoslavery' that thrived in the aftermath of the Civil War through the dawn of World War II. Using a vast record of original documents and personal narratives, Blackmon unearths the lost stories of slaves and their descendants who journeyed into freedom after the Emancipation Proclamation and then back into the shadow of involuntary servitude thereafter. By turns moving, sobering and shocking, this unprecedented account reveals these stories, the companies that profited the most from neoslavery, and the insidious legacy of racism that reverberates today.

In his first assignment as an officer, Ishmael Horatio Wang finds himself fresh out of school, wet behind the ears, and way out of his depth. Aboard the William Tinker the senior officers are derelict and abusive, the crew demoralized and undisciplined, and change unwelcomed and dangerous. Can Horatio use what he learned aboard the Lois McKendrick to help the crew find the ship's heart? Or will he discover that bucking the system may come at too high a price?

The Golden Age of Piracy Disney Electronic Content

What do you do when your marriage is so unhappy that you begin to fantasize about your husband's funeral? That's how bad it got for Alisa Bowman. . . So she launched a last-ditch effort to save her marriage. Project: Happily Ever After is

her fearlessly honest and humorous account of how she went from being a "divorce daydreamer" to renewing her wedding vows--and all of the steps in between. From bikini waxes to erotica, romance instruction manuals to second honeymoons, the silent treatment to power struggles, she goes where many marriage-improvement gurus have feared to tread. Equal parts funny, poignant, and most importantly, useful, Bowman's story will give other miserably-married folks courage and hope. And in addition to telling her own story, she packs straightforward prescriptive guidance, including a "10-Step Marital Improvement Guide." Readers will laugh. They'll cry. And they can start on the road toward their own happy ending!

Lost Mars Berghahn Books

This exciting scholarly work examines Dutch maritime violence in the seventeenth-century. With its flourishing maritime trade and lucrative colonial possessions, the young Dutch Republic enjoyed a cultural and economic pre-eminence, becoming the leading commercial power in the world. Dutch seamen plied the world's waters, trading, exploring, and colonizing. Many also took up pillaging, terrorizing their victims on the high seas and on European waterways. Surprisingly, this story of Dutch freebooters and their depredations remains almost entirely untold until now. Piracy and Privateering in the Golden Age Netherlands presents new data and understandings of early modern piracy generally, and also sheds important new light on Dutch and European history as well, such as the history of national identity and state formation, and the history of crime and criminality.

Hitler's Dancers Harry N. Abrams

As early as the 1880s, baseball owners and sportswriters were decrying the greediness of players as the leading threat to the national pastime. Nearly a century later in 1976, the Player's Association was able to finally tear down baseball's permanent reserve clause--the contract language

that essentially bound a player to a single team until he was released or traded--and owners and sportswriters again insisted that the competitive balance of the game was threatened by player greed. The rhetoric from the baseball establishment did not match the on-field reality. From 1981 to 1993, the first significant era of free agency in the sport's history, all 12 of the National League's teams finished first at least once, as did 11 American League teams. From 1994 through 2001, however, there was a pronounced separation in strength between the haves and have-nots, as the local revenue streams of major markets such as New York and Boston overwhelmed the capabilities of small market franchises in such cities as Tampa, Montreal, and Milwaukee. This work examines how the sport has prospered and suffered during the free agency era, based in large part on how the game's various revenue streams are allocated. It further examines the revenue sharing plan in baseball's current collective bargaining agreement, identifying flaws that may well undermine its long-term effectiveness. It also explores how the baseball expertise of some organizations has allowed them to flourish despite the lack of revenue.

The #1 New York Times bestseller. Over 4 million copies sold! Tiny Changes, Remarkable Results No matter your goals, Atomic Habits offers a proven framework for improving--every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits

repeat themselves again and again not because you don't want to change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to new heights. Clear is known for his ability to distill complex topics into simple behaviors that can be easily applied to daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold medalists, award-winning artists, business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault to the top of their field. Learn how to: make time for new habits (even when life gets crazy); overcome a lack of motivation and willpower; design your environment to make success easier; get back on track when you fall off course; ...and much more. Atomic Habits will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits--whether you are a team looking to win a championship, an organization hoping to redefine an industry, or simply an individual who wishes to quit smoking, lose weight, reduce stress, or achieve any other goal.

All your favorites return: Ish, Pip, Cookie, Brill, Diane, and Big Bad Bev. You might even discover some new friends as you travel among the stars."--Publisher's description.

HarperCollins

Academy graduate Natalya Regyri stood first in line for her pick of Engineering Officer jobs, until a classmate turned up dead at the graduation party. Now, betrayed by her friends and framed for murder, she must flee beyond the reach of the Confederation...and into the Toe-Hold stations scattered in the Deep Dark. With a damaged second-hand ship and TIC interceptors dogging her steps, she nets a smuggling contract that might just get her back on her feet and in control of her destiny. But only if she's willing to make an ore run back to the place she's wanted for murder, and into the arms of the authorities...who somehow know she's coming.
