A Century of Spells Harper Collins

This powerful work from the acclaimed Jungian analyst and best-selling author of *He, She, and We* explores our need to "own" our own shadow—the term Carl Jung used to describe the dark, unlit part of the ego. In this rich work, Robert Johnson guides us through an exploration of the shadow: what it is, how it originates, and how it interacts and is made through the process of acculturation. Johnson asserts that until we have undertaken the task of accepting and honoring the shadow within us, we cannot be balanced or whole, for what is hidden never goes away, but merely—and often painfully—turns up in unexpected places.

My Shadow Harper Collins

"Our shadow," teaches Robert Augustus Masters, "is our internal storehouse for the parts of us that we've disowned or rejected, or are otherwise keeping in the dark." Everyone has a shadow, but all too many of us are unaware of it. It holds the feelings and beliefs that we are most ashamed of or cannot accept about ourselves. For some, it may contain unacknowledged anger or grief. For others, pain or fear. Our shadow contains our unfaced conditioning. And the more unaware we are of our shadow, the more it influences and controls us. Based upon Masters's four decades as a psychospiritual therapist and guide, *Bringing Your Shadow Out of the Dark* invites readers to understand and skillfully work with this rich yet neglected dimension of ourselves. With depth and clarity, he illuminates the process of meeting our shadow in beneficial ways, and how we can embody a more complete and life-giving experience of who we are. In this book you'll discover: •

The nature of our shadow and how to optimally work with it—exploring our conditioning and core shadow elements, including in the domains of shame, fear, aggression, resistance, addiction, death, and spirituality • How to work with the child within, self-sabotage, narcissism, sexuality, dreams, and other matters deeply influenced by our shadow • Why turning toward our pain is an essential part of shadow work—making wise use of our pain • Collective shadow domains we share with family, social groups, political party, or nation—bringing them and their associated traumas into the light When we uncover and work in-depth with our shadow, we free ourselves from its control and gain the opportunity to put its contents to work for us instead of allowing them to work against us. *Bringing Your Shadow Out of the Dark* shows us how to navigate the full terrain of our emotions, drives, needs, and depths of who we are. Foreword by Lissa Rankin, MD, New York Times bestselling author of *Mind Over Medicine*, *The Fear Cure*, and *The Anatomy of a Calling*. Transformation Harper Collins

A smart, sexy guide to embracing the repressed, tabooed, and often unwanted aspects of ourselves so we can discover our inner power and finally live the life we deserve. "We always get exactly what we want; but often, though we may not be aware of it, what we most want is dark - very dark." Each of us has a dual nature: we are light (conscious) and dark (unconscious). The dark side of our personality - the "other," the shadow side - is made up of what we think is our primitive, primal, negative impulses - our "existential kink." Our existential kink also drives the dark or negative repeating patterns in our life: always choosing the abusive partner or boss, settling for less, thinking that we're undeserving, not worthy. But it also is the source of our greatest power. In *Existential Kink*, Carolyn Elliot, PhD, offers a truth-telling guide for bringing our shadow into the light. Inviting us to make conscious the unconscious, Elliot asks us to own the subconscious pleasure we get from the stuck, painful patterns of our existence. *Existential Kink* provides practical advice and meditations so we truly see our shadow side's "guilty pleasures," love and accept them, and integrate them into our whole being. By doing so, Elliot shows, we bring to life the raw, hot, glorious power we all have to get what we really want in our lives.

This book is about the individual's journey to psychological wholeness, known in analytical psychology as the process of individuation. Edward Edinger traces the stages in this process and relates them to the search for meaning through encounters with symbolism in religion, myth, dreams, and art. For contemporary men and women, Edinger believes, the encounter with the self is equivalent to the discovery of God. The result of the dialogue between the ego and the archetypal image of God is an experience that dramatically changes the individual's worldview and makes possible a new and more meaningful way of life.

The American poet John Shade is dead. His last poem, 'Pale Fire', is put into a book, together with a preface, a lengthy commentary and notes by Shade's editor, Charles Kinbote. Known on campus as the 'Great Beaver', Kinbote is haughty, inquisitive, intolerant, but is he also mad, bad - and even dangerous? As his wildly eccentric annotations slide into the personal and the fantastical, Kinbote reveals perhaps more than he should be. Nabokov's darkly witty, richly inventive masterpiece is a suspenseful whodunit, a story of one-upmanship and dubious penmanship, and a glorious literary conundrum.

In Living Your Unlived Life, the renowned therapist Robert A. Johnson, writing with longtime collaborator and fellow Jungian psychologist Jerry M. Ruhl, offers a simple but transformative premise: Our abandoned, unrealized, or underdeveloped talents, when they are not fully integrated into our lives, can become profoundly troublesome in midlife, leading us to depression, suddenly hating our spouses, our jobs, or even our lives.
