The Autodesk AutoCAD Certified User Study Guide is designed for the AutoCAD user who is already familiar with AutoCAD. It provides a series of hands on exercises and tutorials in the use of AutoCAD to help you prepare for the Autodesk AutoCAD Certified User Exam. The text covers all the exam objectives for the AutoCAD Certified User Exam. Each topic is covered in detail, and then is followed up with tutorials and quizzes to reinforce the material covered. The emphasis of the tutorials is to focus on the use of the ribbon and contextual menus rather than keyboard entry in the command line. The tutorials will strengthen your ability to use the software without reliance upon tool tips. Passing the AutoCAD Certified User Exam establishes that you have a basic aptitude in AutoCAD. This credential can be added to job applications and your resume to help you stand out from the crowd. Once you pass the Certified User Exam you can continue your journey and begin working toward the next level of certification. Practice Exam Software Included with your purchase of this book is practice exam software. The practice exam software is meant to simulate the actual Autodesk AutoCAD Certified User exam. It can be downloaded and run from any computer and it will get you familiar with the official exam and check your skills prior to taking the official exam. The practice exam software requires you to use Autodesk AutoCAD to perform actions in order to formulate the answer to questions, just like the actual exam.
