Pacu Guidelines For Discharge

A physician should be responsible for discharge of the patient from the PACU. In contrast to standards, guidelines provide “ suggestions ” rather than “ requirements ” for care. The Practice Guidelines for Postanesthetic Care are developed by the ASA Taskforce on Postanesthetic Care. Chapter 36 Standardised discharge criteria PACU Discharge The

anesthesiology resident, under appropriate supervision must determine if patients fulfill PACU discharge criteria and confirm that the transfer will be to a hospital unit with appropriate resources and staff to provide necessary postoperative care. Standards for Postanesthesia Care 2019
A PHYSICIAN IS RESPONSIBLE FOR THE DISCHARGE OF THE PATIENT FROM THE POSTANESTHESIA CARE

UNIT. 1. When discharge criteria are used, they must be approved by the Department of Anesthesiology and the medical staff. They may vary depending upon whether the patient is discharged to a hospital room, to the Intensive Care Unit, to a short stay unit or home. Patient readiness for PACU discharge : Nursing2020 ... These Guidelines focus on the perioperative management of patients with the goal of improving postanesthetic quality of life, reducing postoperative adverse events, providing a

uniform assessment of recovery, and streamlining postoperative care and discharge criteria.

Postanesthesia Care -
AANA

Discharge guideline was based on a review of the medical literature and empiric evidence on the time to reach clinical stability. Each component of the guideline was discussed by a national panel of experts in pulmonary medicine, infectious diseases, and internal

medicine until consensus was reached.

Discharge criteria:
Adequate fluid balance
