The PADI Divemaster Manual

Scuba Professional is the natural successor to Simon Pridmore's first book, *Scuba Confidential - An Insider's Guide to Becoming a Better Diver*. Whereas *Scuba Confidential* focused on how to scuba dive, *Scuba Professional* looks at how diving is taught and how dive operations are conducted. *Scuba Professional* is an excellent source of out-of-the-box ideas and independent, objective advice for instructors and dive operators. It is also an indispensable guide for those aspiring to become dive professionals with chapters such as "Do You Have What It Takes?" and "Which Training Agency?" In short, this is everything you wanted to know about working in scuba diving but never dared to ask. *Scuba Professional* is not only for professionals. Serious divers who take more than a passing interest in their hobby and want to know what goes on behind the scenes will be fascinated by the topics addressed and the insights offered. From a dive safety point of view, Simon looks at the bigger picture and, in a series of chapters on avoiding and handling accidents, sets out a framework for developing the safety culture within our sport. He also examines the present state of key aspects of the dive industry and speculates as to the future. "There is quite simply nothing like this book. *Scuba Professional* offers an invaluable guide to divers who want to excel in the scuba world. This is the ultimate backstage pass into the business of scuba." Jill Heinerth, Underwater Explorer, Technical Instructor Trainer and Filmmaker "Terrific, really good!

Simon captures the key characteristics of the diving instruction milieu concisely and with insight and clarity. It took me back to my many years of diving instruction and I was able to tick a mental check box against almost every key point he makes." Associate Professor Simon Mitchell, Consultant Anaesthetist and Diving Physician "Required reading for every scuba professional and anyone with hopes of becoming one. In fact every diver can learn from this distillation of hard-earned wisdom. Simon Pridmore is one of the most thoughtful and readable of divers." Steve Weinman, Editor, *Diver Magazine*  
*A Guide to Scuba Diving Locations and Services in Australia*  
PADI Divemaster course is an extensive program that embraces many skills and knowledge areas, all necessary for the role of divemaster.

[The Diver's Guide to Avoiding Decompression Sickness](#)

This book explores Shaolin Chin Na by presenting 150 techniques with detailed instructions for teaching yourself.

*The Life and Personality of the Incredible Lord Byron*

The wonderful world below the surface of the ocean is alive with exotic creatures and plant life. It is colorful, funny, awe-inspiring and beautiful. Just observing some of the every-day behaviors of fish, octopus, sharks, or rays can be a treat. Scuba diving has been a passion for the author ever since her father told her about his dive trips. It opened an exciting underwater world for her and if you have ever considered scuba diving, getting certified is fun and challenging. You can explore and have adventures in the seas and travel the world too.
