The PADI manual I received is  
dated 1988. It did not come with  
the dive planner as the picture  
displays. Condition of the manual  
is not as described "Like New -  
Near perfect". The actual  
condition is more accurately used  
- good, at best. Due mostly its age  
of 15 years it is nothing like new,  
certainly not the information in it.
