**PEDIATRIC PNEUMONIA** Clinical case presentation Part 1  
Abstract This invaluable reference covers all significant aspects of acute and chronic paediatrics. Areas such as neonatology, surgery, genetics and congenital malformations and child protection are covered in a user-friendly and succinct style.  
Paediatric Handbook - PubMed Central (PMC)  
The Paediatric Handbook evolved from the 1960s as a management guide intended for in-house use by medical officers at the Royal Children ' s Hospital in Melbourne, a leading clinical and training centre for paediatric medicine in Australia. This new eighth edition is the fruit of the tireless efforts and contributions of its staff team.
