A fresh exploration of American feminist history told through the lens of the beauty pageant world. Many predicted that pageants would disappear by the 21st century. Yet they are thriving. America's most enduring contest, Miss America, celebrates its 100th anniversary in 2020. Why do they persist? In *Here She Is*, Hilary Levey Friedman reveals the surprising ways pageants have been an empowering feminist tradition. She traces the role of pageants in many of the feminist movement's signature achievements, including bringing women into the public sphere, helping them become leaders in business and politics, providing increased educational opportunities, and giving them a voice in the age of #MeToo. Using her unique perspective as a NOW state president, daughter to Miss America 1970, sometimes pageant judge, and scholar, Friedman explores how pageants became so deeply embedded in American life from their origins as a P.T. Barnum spectacle at the birth of the suffrage movement, through Miss Universe's bathing beauties to the talent- and achievement-based competitions of today. She looks at how pageantry has morphed into culture everywhere from *The Bachelor* and RuPaul's Drag Race to cheer and specialized contests like those for children, Indigenous women, and contestants with disabilities. Friedman also acknowledges the damaging and unrealistic expectations pageants place on women in society and discusses the controversies, including Miss America's ableist and racist history, Trump's ownership of the Miss Universe Organization, and the death of child pageant-winner Jon Benét Ramsey. Presenting a more complex narrative than what's been previously portrayed, *Here She Is* shows that as American women continue to evolve, so too will beauty pageants.

Sarah Banet-Weiser complicates the standard feminist take on beauty pageants in this intriguing look at a hotly contested but enduringly popular American ritual. She focuses on the Miss America pageant in particular, considering its claim to be an accurate representation of the diversity of contemporary American women. Exploring the cultural constructions and legitimations that go on during the long process of the pageant, Banet-Weiser depicts the beauty pageant stage as a place where concerns about national identity, cultural hopes and desires, and anxieties about race and gender are crystallized and condensed. The beauty pageant, she convincingly demonstrates, is a profoundly political arena deserving of serious study. Drawing on cultural criticism, ethnographic research, and interviews with pageant participants and officials, *The Most Beautiful Girl in the World* illustrates how contestants invent and reinvent themselves while articulating the female body as a national body. Banet-Weiser finds that most pageants are characterized by the ambivalence of contemporary "liberal" feminism, which encourages individual achievement, self-determination, and civic responsibility, while simultaneously promoting very conventional notions of beauty. The book explores the many different aspects of the Miss America pageant, including the swimsuit, the interview, and the talent competitions. It also takes a closer look at some extraordinary Miss Americas, such as Bess Myerson, the first Jewish Miss America; Vanessa Williams, the first African American Miss America; and Heather Whitestone, the first Miss America with a disability.

Winner of the Popular Culture Association's Emily Toth Best Book in Women's Studies Award From an author praised for writing "delicious social history" (*Dwight Garner*, *The New York Times*) comes a lively account of memorable Miss America contestants, protests, and scandals—and how the pageant, now in its one hundredth year, serves as an unintended indicator of feminist progress Looking for Miss America is a fast-paced narrative history of a curious and contradictory institution. From its start in 1921 as an Atlantic City tourist draw to its current incarnation as a scholarship competition, the pageant has indexed women's status during periods of social change—the post-suffrage 1920s, the

Eisenhower 1950s, the #MeToo era. This ever-changing institution has been shaped by war, evangelism, the rise of television and reality TV, and, significantly, by contestants who confounded expectations. Spotting individuals, from Yolande Betbeze, whose refusal to pose in swimsuits led an angry sponsor to launch the rival Miss USA contest, to the first black winner, Vanessa Williams, who received death threats and was protected by sharpshooters in her hometown parade, Margot Mifflin shows how women made hard bargains even as they used the pageant for economic advancement. The pageant's history includes, crucially, those it excluded; the notorious Rule Seven, which required contestants to be "of the white race," was retired in the 1950s, but no women of color were crowned until the 1980s. In rigorously researched, vibrant chapters that unpack each decade of the pageant, *Looking for Miss America* examines the heady blend of capitalism, patriotism, class anxiety, and cultural mythology that has fueled this American ritual.

If you answered yes you obviously want to learn more about entering her into a beauty pageant. Beauty Pageants for young women have been around for many years. Miss America, Miss Universe and so on. There are many reasons why these women choose to participate. Each candidate has their own motivation. Sometimes they join for the fame, fortunate and travel. Others participate in hopes of attaining scholastic rewards such as scholarships or monetary rewards that will allow them to pursue higher education. The latter two are the most often reasons given when parents elect to enroll their young girls in local and regional pageants. The primary reason is money. If they can earn enough money to invest in further pageants they hold out hope that they can progress their daughter through the ranks to larger, more lucrative pageants as they advance in age. There is much to learn when choosing to enter the world of beauty pageantry. It isn't all glowing and rosy. Not every child is a candidate and not every pageant is appropriate. You must be very careful when selecting which events to participate in. It seems that every avenue of life is fraught with potential ugliness. It's particularly unsavory when it's embedded into activities that revolve around children. Promoters have been known to schedule pageants selling packages for entry and other benefits then failing to follow through. In some cases they are never seen again after taking your money. It's important that you learn everything you need to know before you sign anything pay any money. Other parents have found that having a photographic portfolio is important in promoting your child. Professional photography is not cheap but it does add to the validity of your entry. Many have found that participating in beauty pageants is also a vehicle to launch their child into a modeling career. We all tend to think of modeling as string bean women that grace the cover of magazines. That isn't always true.
