The Oxford Handbook of Women and Competition Catapult

This wide-ranging volume explores how gender and language are used and transformed to discuss, enact, and project social differences in light of global economic and political changes in the late nineteenth, twentieth, and early twenty-first centuries. It presents analyses of language and gender from a broad spectrum of national contexts: Catalonia, Canada, China, India, Japan,

Nigeria, Vietnam, Philippines, Tonga, and the United States. Cases studies consider language and gender in changing workplaces, schools and immigrant integration workshops, as well as in new and emerging sites for consumption and the production of identity. They also analyze the changing meanings of multilingualism, and the construction of ideologies about gender and language in colonial and postcolonial/national ideologies. The papers engage with and contribute to theoretical conceptualizations of globalization, cosmopolitanism, (post)colonialism, (trans)nationalism, and public spheres by drawing on a variety of sociolinguistic analytic strategies (variation analysis, media analysis, interactional sociolinguistics, ethnography of speaking, sociology of language, colonial discourse analysis).

No Crown Required Univ. Press of Mississippi

What girl wouldn't want to be the first Miss Teen Spirit? "Teen Spirit" magazine wants a real girl to wear the crown, and thousands of real girls will compete for the scholarship, prizes, cash and fame that could launch their future. It's sweethearts and broken hearts,

friendship and romance, cheers and tears, as we follow the contestants in the first of four regional pageants on the road to the national pageant. By the bestselling author of "Trash" and "Sunset Island".

Beauty, Truth and Grace Macmillan Winner of the Popular Culture Association ' s Emily Toth Best Book in Women ' s Studies Award From an author praised for writing " delicious social history " (Dwight Garner, The New York Times) comes a lively account of memorable Miss America contestants, protests, and scandals—and how the pageant, now in its one hundredth year, serves as an unintended indicator of feminist progress Looking for Miss America is a fast – paced narrative history of a curious and contradictory institution. From its start in 1921 as an Atlantic City tourist draw to its current incarnation as a scholarship competition, the pageant has indexed women ' s status during periods of social change—the post – suffrage 1920s, the Eisenhower 1950s, the #MeToo era. This ever – changing institution has been shaped by war, evangelism, the rise of television and reality TV , and, significantly,

by contestants who confounded expectations. Spotlighting individuals, from Yolande Betbeze, whose refusal to pose in swimsuits led an angry sponsor to launch the rival Miss USA contest, to the first black winner, Vanessa Williams, who received death threats and was protected by sharpshooters in her hometown parade, Margot Mifflin shows how women made hard bargains even as they used the pageant for economic advancement. The pageant's history includes, crucially, those it excluded; the notorious Rule Seven, which required contestants to be "of the white race," was retired in the 1950s, but no women of color were crowned until the 1980s. In rigorously researched, vibrant chapters that unpack each decade of the pageant, *Looking for Miss America* examines the heady blend of capitalism, patriotism, class anxiety, and cultural mythology that has fueled this American ritual.

Being Miss America
Walter de Gruyter
In 1984, Vanessa Williams broke the race barrier to become Miss America, but she was not the first Black woman to wear a pageant crown. Black beauty pageants

created a distinctive and celebrated cultural tradition during some of the most dismal times in the country's racial history. With the rise of the civil rights and Black Pride movements, pageantry also represented a component of social activism. Professor Kimberly Pellum explores this glamorous and profound history with contributions by dozens of former contestants who share their personal experiences.

Beauty pageants are wildly popular in the U.S. Virgin Islands, outnumbering any other single performance event and capturing the attention

of the local people from toddlers to seniors. Local beauty contests provide women opportunities to demonstrate talent, style, the values of black womanhood, and the territory's social mores. *Queen of the Virgins: Pageantry and Black Womanhood in the Caribbean* is a comprehensive look at the centuries-old tradition of these expressions in the Virgin Islands. M. Cynthia Oliver maps the trajectory of pageantry from its colonial precursors at tea meetings, dance dramas, and street festival parades to its current incarnation as the beauty pageant or "queen show." For the author, pageantry becomes a lens through which to view the region's understanding of gender, race, sexuality, class, and colonial power. Focusing on the queen show, Oliver reveals its twin roots in slave celebrations that parodied white colonial behavior and created Creole royal rituals and celebrations heavily influenced by Africanist aesthetics. Using the U.S. Virgin Islands as an intriguing case study, Oliver shows how the pageant continues to reflect, reinforce, and challenge Caribbean cultural values concerning femininity. *Queen of the Virgins* examines the journey of the black woman from degraded body to vaunted queen and how this progression is marked by social unrest, growing middle-class sensibilities, and contemporary sexual and gender politics.
