chapter

As discussed later in the book, the firm's business economics is an important driver of its capital structure and dividend policy decisions. In summary, understanding a firm's business, the factors that are critical to the success of that business, and its key risks is critical to effective financial statement analysis. Q T he purpose of this chapter is to outline a comprehensive framework for ?nancial statement analysis. Because ?nancial statements provide the most widely available data on public corporations' economic activities, investors and other stake-
