American Pastoral is the story of a fortunate American's rise and fall—of a strong, confident master of social equilibrium overwhelmed by the forces of social disorder. Seymour "Swede" Levov—a legendary high school athlete, a devoted family man, a hard worker, the prosperous inheritor of his father's Newark glove

factory—comes of age in thriving, triumphant postwar America. But everything he loves is lost when the country begins to run amok in the turbulent 1960s. Not even the most private, well-intentioned citizen, it seems, gets to sidestep the sweep of history. With vigorous realism, Roth takes us back to the conflicts and violent transitions of the 1960s. This is a book about loving—and hating—America. It's a book about wanting to belong—and refusing to belong—to America. It sets the desire for an American pastoral—a respectable life of space, calm, order, optimism, and achievement—against the indigenous American Berserk.

—Cynthia D'Apris Sweeney, New York Times bestselling author "[An] irresistible placement of a complicated family in a bewitching place." —The New York Times A story of summer, secrets, love, and lies: in the course of a singular day on Cape Cod, one woman must make a life-changing decision that has been brewing for decades. "This house, this place, knows all my secrets." It is a perfect

August morning, and Elle, a fifty-year-old happily married mother of three, awakens at "The Paper Palace" —the family summer place which she has visited every summer of her life. But this morning is different: last night Elle and her oldest friend Jonas crept out the back door into the darkness and had sex with each other for the first time, all while their spouses chatted away inside. Now, over the next twenty-four hours, Elle will have to decide between the life she has made with her genuinely beloved husband, Peter, and the life she always imagined she would have had with her childhood love, Jonas, if a tragic event hadn't forever changed the course of their lives. As Heller colors in the experiences that have led Elle to this day, we arrive at her ultimate decision with all its complexity. Tender yet devastating, *The Paper Palace* considers the tensions between desire and dignity, the legacies of abuse, and the crimes and misdemeanors of families.

The New York Times bestselling true story of an all-American girl and a boy from Zimbabwe -- and the letter that changed both of their lives forever. It started as an assignment. Everyone in Caitlin's class wrote to an unknown student somewhere in a distant place. Martin was lucky to even receive a penpal letter. There were only ten letters, and fifty kids in his class. But he was the top student, so he got the first one. That letter was the beginning of a correspondence that spanned six years and changed two lives. In this compelling dual memoir, Caitlin and Martin recount how they became best friends--and better people--through their long-distance exchange. Their story will inspire you to look beyond your own life and wonder about the world at large and your place in it.

Career Planning in Criminal Justice Henry Holt and Company (BYR)

This collection is the multifaceted result of an effort to learn from those who have been educated in an American law school and who then returned to their home countries to apply the lessons of that experience in nations experiencing social, economic, governmental, and legal transition. Written by an international group of scholars and practitioners, this work provides a unique insight into the ways in which legal education impacts the legal system in the recipient 's home country, addressing such topics as efforts to influence the current style of legal education in a country and the resistance faced from entrenched senior faculty and the use of U.S. legal education methods in government and private legal practice. This book will be of significant interest not only to legal educators in the United States and internationally, and to administrators of legal education policy and reform, but also to scholars seeking a more in-depth understanding of the connections between legal education and socio-political change.
