In Althusser, *The Infinite Farewell*—originally published in Spanish and appearing here in English for the first time—Emilio de Ípola contends that Althusser's oeuvre is divided between two fundamentally different and at times contradictory projects. The first is the familiar Althusser, that of *For Marx* and *Reading Capital*. Symptomatically reading these canonical texts alongside Althusser's lesser-known writings, de Ípola reveals a second, subterranean current of thought that flows throughout Althusser's classic formulations and which only gains explicit expression in his later works. This subterranean current leads Althusser to move toward an aleatory materialism, or a materialism of the encounter. By explicating this key aspect of Althusser's theoretical practice, de Ípola revitalizes classic debates concerning major theoretico-political topics, including the relationship between Marxism, structuralism, and psychoanalysis; the difference between ideology, philosophy, and science; and the role of contingency and subjectivity in political encounters and social

transformation. In so doing, he underscores Althusser's continuing importance to political theory and Marxist and post-Marxist thought.

Say It Right in Dutch Strategic Secrets

Arthur Ellis Award finalist Rio Youers combines vengeance and deceit, love and bullets, secrets, and twists in this high-octane action thriller with a vibrant emotional core. Brody Ellis is short on luck and even shorter on cash to buy the medication his sister Molly needs. Desperate, he robs a convenience store, but on the way out, he bumps into a young woman and loses his wallet. Just when he expects the cops to arrive, the phone rings. It's Blair Mayo—the woman he bumped into—and she's got the missing billfold. Brody will get it back, but only if he does her a favor: steal her late mother's diamonds from her wicked stepmom. But when he gets to the house, he finds a gruesome crime scene—and a security camera. Brody knows he's been framed. Back home, the terrified young man gets another call. The police won't get the incriminating video footage, Blair says. Instead, her daddy, the notorious mobster Jimmy Latzo, will exact

his own kind of revenge. Brody and Molly realize that they've become pawns in a mysterious game—one that involves a notorious enforcer named Lola Bear who brutally crossed paths with Jimmy Latzo twenty-six years before. . . a ghost from the past who is intimately connected to their lives.

Writings on Psychoanalysis Simon and Schuster

WITTGENSTEIN'S CONCEPTION OF PHILOSOPHY was first published in 1969 by Basil Blackwell Publishers, the official publisher of Wittgenstein's works. It was intended to be a clear and concise introduction to Wittgenstein's whole philosophy that corrects many basic misunderstandings of Wittgenstein at the time. After all these years, many scholars still regard it as the best introduction to Wittgenstein. We are reprinting this book and making it available electronically. In addition, we are appending here the author's last words on Wittgenstein:

BEYOND MARX AND WITTGENSTEIN: A Confession of a Wittgensteinian Marxist Turned Taoist, a talk given in an international symposium on Marx and Wittgenstein held at Trinity College, Cambridge, UK, in 1999 and later published as the concluding chapter of the book: **MARX AND WITTGENSTEIN: KNOWLEDGE, MORALITY AND POLITICS**, edited by Gavin Kitchen and Nigel Pleasants, published by Routledge, 2002.

The Witch of Eye Createspace Independent Publishing Platform

An "incisive and original" history of the 19th-century Irish secret society that instigated America's first labor wars in Pennsylvania Coal Country (Peter Quinn, author of *Looking for Jimmy*). A secret society of Irish peasant assassins, the Molly Maguires reemerged in Pennsylvania's hard-coal region, organizing strikes, murdering mine bosses, and fighting the Civil War draft. Their shadowy twelve-year battle with coal companies marked the beginning of class warfare in America. But little has been written about the origins of this struggle or the peculiar rites, traditions, and culture of the Mollies. *The Sons of Molly Maguire* delves into the lost world of peasant Ireland to uncover the links between the folk justice of the Mollies and the folk drama of the Mummies—a group known in America today for their annual New Year's parade in Philadelphia. The historic link not only explains much about Ireland's Mollies—why the killers wore women's clothing, why they struck around holidays—but also sheds new light on the Mollies' re-emergence in Pennsylvania. When the Irish arrived in the anthracite coal region, they brought along their ethnic, religious, and political conflicts. Just before the Civil War, a secret society emerged, as did an especially political form of Mummery. Resurrected amid wartime strikes and conscription, the American Mollies would become a bastion of labor activism.

Alfred Nordmann's introduction considers both the philosophical and the literary aspects of the *Tractatus* and demonstrates how they are related. It also reveals how the work fits into Wittgenstein's philosophical development and the tradition of analytic philosophy, arguing strongly for the vigor and significance of that tradition.

Publishing for the centenary of her birth, Patricia Highsmith's diaries "offer the most complete picture ever published" of the canonical author (New York Times). Relegated to the genre of mystery during her lifetime, Patricia Highsmith is now recognized as one of "our greatest modernist writers" (Gore Vidal). Beloved by fans who were unaware of the real psychological turmoil behind her prose, the famously secretive Highsmith refused to authorize a biography, instead sequestering herself in her Switzerland home in her final years.

Posthumously, her devoted editor Anna von Planta discovered her diaries and notebooks in 1995, tucked in a closet—with tantalizing instructions to be read. For years thereafter, von Planta meticulously culled from over eight thousand pages to help reveal the inscrutable figure behind the legendary pen. Beginning with her junior year at Barnard in 1941, Highsmith ritualistically kept a diary and notebook—the former to catalog her day, the latter to brainstorm stories and hone her craft.

This volume weaves diary and notebook simultaneously, exhibiting precisely how Highsmith's personal affairs seeped into her fiction—and the sheer darkness of her own imagination. Charming yet teetering on the egotistical, young "Pat" lays bare her dizzying social life in 1940s Greenwich Village, barhopping with Judy Holliday and Jane Bowles, among others. Alongside Flannery O'Connor and Chester Himes, she attended—at the recommendation of Truman Capote—the Yaddo artist colony in 1948, where she drafted *Strangers on a Train*. Published in 1950 and soon adapted by Alfred Hitchcock, this debut novel brought recognition and brief financial security, but left a heartsick Highsmith agonizing: "What is the life I choose?" Providing extraordinary insights into gender and sexuality in mid-twentieth-century America, Highsmith's diaries convey her euphoria writing *The Price of Salt* (1951). Yet her sophomore novel would have to be published under a pseudonym, so as not to tarnish her reputation. Indeed, no one could anticipate commercial reception for a novel depicting love between two women in the McCarthy era. Seeking relief from America, Highsmith catalogs her peripatetic years in Europe, subsisting on cigarettes and growing more bigoted

and satirical with age. After a stay in Positano with a new lover, she reflects in her notebooks on being an expat, and gleefully conjures the unforgettable The Talented Mr. Ripley (1955); it would be this sociopathic antihero who would finally solidify her true fame. At once lovable, detestable, and mesmerizing, Highsmith put her turbulent life to paper for five decades, acutely aware there must be "a few usable things in literature." A memoir as significant in our own century as Sylvia Plath's journals and Simone de Beauvoir's writings were to another time, Patricia Highsmith: Her Diaries and Notebooks is an historic work that chronicles a woman's rise against the conventional tide to unparalleled literary prominence.

The Big Activity Book For Couples Partridge Publishing Singapore

MAJOR BHAAJAN RETURNS. Book three in the Skolian Empire Major Bhaajan series by Catherine Asaro. SURVIVE THE CITY OF CRIES Bhaajan grew up in the Undercity, a community hidden in the ruins buried beneath the glittering City of Cries. Caught between the astonishing beauty and crushing poverty of that life, and caught by wanderlust, she enlisted in the military. Now retired, Major Bhaajan is a private investigator who solves cases for the House of Majda, a powerful royal family centered in Cries. The powerful elite of the City of Cries are disappearing, and only Bhaajan, who grew up in the Undercity, can find them—if she isn't murdered first. At the publisher's request, this title is sold without DRM (Digital Rights Management). About the Major Bhaajan series: ". . . riveting. . . The world is rich and vivid, with two distinct cultures in the Undercity and the aboveground City of Cries. This exciting novel stands alone for anyone who enjoys science fiction adventure."—Publishers Weekly (starred review) "Asaro plants herself firmly into that grand SF tradition of future history franchises favored by luminaries like Heinlein, Asimov, Herbert, Anderson, Dickson, Niven, Cherryh, and Baxter . . . They don't write em like that anymore! Except Asaro does, with . . . up-to-the-minute savvy!"—Locus "Baahjan, who starts out keeping an emotional distance from the people in the Undercity soon grows to

think of them as her community once more. Asaro . . . returns to the Skolian empire's early history to tell Bhaajan's story."—Booklist "Asaro delivers a tale rich with the embedded history of her world and bright with technical marvels. Her characters are engaging and intriguing and there is even a bit of romance. What really touched my heart was Bhaaj's interaction with the children of the aqueducts. I spent the last fifty pages of the book sniffing into a tissue."—SFCrowsnest "I'm hooked, both on her writing and her Skolian universe. This book had everything I wanted: strong characters, a new and unique world, and a plot that isn't as simple as it first appears."—TerryTalk About the Skolian Saga: "Entertaining mix of hard SF and romance."—Publishers Weekly "Asaro's Skolian saga is now nearly as long and in many ways as compelling as Dune, if not more so, featuring a multitude of stronger female characters."—Booklist "Rapid pacing and gripping suspense."—Publishers Weekly **Telephone Installers Handbook** Columbia University Press

This amazingly wise and nimble collection investigates the horrors inflicted on so-called "witches" of the past. The Witch of Eye unearths salves, potions, and spells meant to heal, yet interpreted by inquisitors as evidence of evil. The author describes torture and forced confessions alongside accounts of gentleness of legendary midwives. In one essay about a trial, we learn through folklore that Jesus's mother was a midwife who cured her own son's rheumatism. In other essays there are subtle parallels to contemporary discourse around abortion and environmental destruction. Nuernberger weaves in her own experiences too. There's an ironic look at her own wedding, an uncomfortable visit to the Prague Museum of Torture, and an afternoon spent tearing out a garden in a mercurial fit. Her researched material is eye-opening, lively, and often funny. An absolutely thrilling collection.

Degas Duke University Press

The surprising and compelling story of two rival geniuses in an all-out race to decode one of the world's most famous documents--the Rosetta Stone--and their twenty-year-long battle to solve the mystery of ancient Egypt's hieroglyphs. The Rosetta Stone is one of the most famous objects in the world, attracting millions of visitors to the British museum ever year, and yet most people don't really know what it is. Discovered in a pile of rubble in 1799, this slab of stone proved to be the key to unlocking a lost language that baffled scholars for centuries. Carved in ancient Egypt, the Rosetta Stone carried the same message in different languages--in Greek using Greek letters, and in Egyptian using picture-writing called hieroglyphs. Until its discovery, no one in the world knew how to read the hieroglyphs that covered every temple and text and statue in Egypt. Dominating the world for thirty centuries, ancient Egypt was the mightiest empire the world had ever known, yet everything about it--the pyramids,

mummies, the Sphinx--was shrouded in mystery. Whoever was able to decipher the Rosetta Stone, and learn how to read hieroglyphs, would solve that mystery and fling open a door that had been locked for two thousand years. Two brilliant rivals set out to win that prize. One was English, the other French, at a time when England and France were enemies and the world's two great superpowers. The Writing of the Gods chronicles this high-stakes intellectual race in which the winner would win glory for both himself and his nation. A riveting portrait of empires both ancient and modern, this is an unparalleled look at the culture and history of ancient Egypt and a fascinating, fast-paced story of human folly and discovery unlike any other.

Lola on Fire Plume

This collection of some of Louis Althusser's major essays on psychoanalytic thought documents his relationship with Jacques Lacan and presents aspects of his personal and intellectual life
