Few scholars have been as influential in finance, both as an academic field and an industry, as Eugene Fama. Since writing his groundbreaking

1970 essay on efficient capital markets, Fama has written over 100 papers and books that have been cited hundreds of thousands of times. Yet there is no one collection where one can easily find his best work in all fields. "The Fama Portfolio" will be an outstanding and unprecedented resource in a field that still concentrates mainly on questions stemming from Fama's work: Is the finance industry too large or too small? Why do people continue to

---

pay active managers so much? What accounts for the monstrous amount of trading? Do high-speed traders help or hurt? The ideas, facts, and empirical methods in Fama's work continue to guide these investigations. "The Fama Portfolio" will be a historic and long-lasting collection of some of the finest work ever produced in finance."

Although the concept of 'civilization' has deep roots in the social sciences, there is an urgent need to re-think it for contemporary times. Rethinking Civilizational Analysis points to an exhaustion in using 'the nation state' and 'world system' as the basic macro-units of social analysis because they do not get to grips with the

'soft power' variable of cultural factors involved in global development.

This collective volume aims to highlight the philosophical and literary idea of apocalypse, within some key examples in

the Slavic world during the nineteenth and twentieth century. From Russian realism to avant-garde painting, from the classic fiction of the nineteenth century to twentieth century philosophy, not omitting theatre, cinema or music, there is a specific examination of the concepts of "end of history" and "end of present time" as conditions for a redemptive image of

---

the world. To understand this idea means to understand an essential part of Slavic culture, which, however divergent and variegated it may be in general, converges on a specific myth in a surprising manner. *Troubleshooting Cisco IP Telephony* Radio Frequency and Microwave Electronics Illustrated Festschrift in honor of Professor John Cunnison Catford, b.

From the former President and CEO of the United States Tennis Association—the first black woman and youngest person ever to hold the position—comes a behind-the-scenes look at the leadership skills involved in hosting the U.S. Open, the largest and most lucrative sports event in the world—lessons

that can be applied across business and to any life challenge. One of professional tennis's Grand Slam Tournaments, the U.S. Open has been described as a fourteen-day Superbowl. This single tennis championship, held annually in New York City, attracts top professionals from around the globe, generates more money than any other sporting event—or any other sport over an entire season—and attracts more than 700,000 attendees and millions

---

of television viewers. In *Own the Arena*, Katrina Adams offers a privileged, singular inside look at this sensational global event, while elaborating on what makes tennis the only sport of a lifetime. She opens with the women's 2018 championship match between Naomi Osaka and Serena Williams that ended in boos. This was Adams's last year as president and the whole world was watching. How would she respond? How should the press be handled? What needs to be said to Osaka? Serena? What does this break from decorum mean for the Open and the sport? As Adams shares a wealth of stories from her career and personal life, as well as insights from top tennis professionals, she provides invaluable information on meeting life's tests both on the tennis court and off. *Own the Arena* offers fresh perspectives on having presence, being remembered, directing a conversation, and moving boldly in spaces where "you are the only one." It also covers good sportsmanship—treating others with respect and by being inclusive and open to diverse perspectives. Tennis is said to be 90 percent mental; this book shows how to take the elements of mental fortitude and use them to achieve greatness. By embracing and expressing one's inner grace and humanity, Adams shows, you can own the arena.
