To Mr. Tate Howard, You are quite possibly the most infuriating, annoying and grumpy man I’ve ever met in my life. I know you think that you’re God’s gift to women, but I have a secret to let you in on: you’re not. You’re God’s gift to yourself. Get over your wanna-be cool surfer self and grow up. I thought it was time that someone addressed your big head and told you straight to your face that you're not all that. Just because you have an Ivy league education doesn’t mean you’re the smartest man in the world. In fact, I’m not even sure if you would have gotten in if you didn’t have rich parents. Yes, I went there. Every woman doesn’t want to sleep with you and I’m sure you’re not even good in bed. And I’m someone that would know.

Spanning more than two centuries in Ireland, Castle on the Rise unites the legacy of three women who must risk mending their broken places for life, love, and the belief that even through the depths of our pain, a masterpiece of a story can emerge. When Laine Forrester travels overseas to attend her best friend’s vineyard wedding, she expects to find the bride on the brink of a fairy-tale life. But after a series of unforeseen setbacks, it seems the storybook lives they’d imagined are suddenly ripping apart. With hopes of resurrecting a happy ending, Laine agrees to accompany the newlyweds to the groom’s home in Ireland—never expecting she’d be the one drawn in by its wide-open moors, backroads bordering the Irish Sea, and a mysterious castle that dares to keep its secrets hidden. From the storied streets of Dublin to the shores of the Emerald Isle, Laine is drawn in to the land and its rich history. The castle ruins whisper stories of Issy—a photojournalist battling through the 1916 Easter Rising, and Maeve—the castle’s lady of legend, fighting for survival through the 1798 rebellion that started it all. Praise for Castle on the Rise: “Enchanting and mesmerizing!” –PATTI CALLAHAN, New York Times bestselling author of Becoming Mrs. Lewis “Castle on the Rise perfectly showcases rising star Kristy Cambron’s amazing talent! Perfect pacing, lovely prose, and an intricate plot blend together in a delightful novel I couldn’t put down. Highly recommended!” –Colleen Coble, USA TODAY bestselling author of Secrets at Cedar Cabin and the Rock Harbor series “Cambron’s latest is one of her best. Gripping and epic, this intricately woven tale of three generations seeking truth and justice will stay with you long after the last page.” –Rachel Hauck, New York Times bestselling author Second in the Lost Castle series (The Lost Castle, Castle on the Rise, The Painted Castle) Can be read as a stand-alone, but best if read in order Sweet romance set in three time periods: present day, World War I/Easter Rising, and late 1700s Full-length novel (over 110,000 words)

To The Rude Guy in Apartment Five, I ’ m glad you ’ re happy to have moved into a new apartment, but no: I do not want to have a beer with you. I do not want to have a nude sleepover. I do not want to make you breakfast, lunch or dinner, no matter how many lap dances you promise to give me. I do not need you to serenade me through the walls at 1am. And no, I have no interest in letting you take me on a date. Sincerely, Magnolia Allen P.S. And no, I do not want to know how many accents you can growl in during intimate moments. How is that even a thing? P. P. S. Also, you will never find me standing naked in your living room ever again, so please stop leaving lingerie packages on my welcome mat.

A sword of green glass. A key that opens passages between the worlds. The nameless warrior has nothing else. No allies, no armor, not even the memory of how he came to be trapped within this dying land, pursued across a red waste by the monstrous Shriven. But all hope is not lost. There are other survivors amidst the desolation, holding clues as to where he has come from and what he must do: Amara, the Red Sword of her tribe, a beautiful and fiery swordswoman obsessed with destroying the demons that plague her people, and Valyra, a young sorceress who can weave the broken threads of this reality into something whole once more. Together they will try to resist the evil that stalks the wastes. But this world is only one among many, and in order to unravel his mysteries the warrior must find the doorways which will allow him to stride between the stars and pass into even stranger lands . . . The Cleansing Flame is for readers over the age of 18. It contains a harem and explicit language and situations.

'Opinions are like arseholes - everybody has one' James Blunt, 6 December 2014 Once upon a time, James Blunt's most enduring legacy was a three-minute, thirty-second pop song about a girl he saw on the underground, and a nation's worth of abuse. But with the invention of Twitter, James found his real voice, and with it, the chance to reply with a simple 'up yours'. Now the King of Twitter has ascended to the heady heights of occasionally 'winning the internet'. Selected and introduced by James himself, this is a year in the life of the world's most reluctant social media sensation. Now learn for yourself how to be a complete and utter Blunt . . .

In this interdisciplinary study of the laws and policies associated with commercial radio and television, Thomas Streeter reverses the usual take on broadcasting and markets by showing that government regulation creates rather than intervenes in the market. Analyzing the processes by which commercial media are organized, Streeter asks how it is possible to take the practice of broadcasting—the reproduction of disembodied sounds and pictures for dissemination to vast unseen audiences—and constitute it as something that can be bought, owned, and sold. With an impressive command of broadcast history, as well as critical and cultural studies of the media, Streeter shows that liberal marketplace principles—ideas of individuality, property, public interest, and markets—have come into contradiction with themselves. Commercial broadcasting is dependent on government privileges, and Streeter provides a searching critique of the political choices of corporate liberalism that shape our landscape of cultural property and electronic intangibles.

“ What?" Naomi gasped. "I'm not going anywhere with you!" Alaric could already scent two more witches approaching her apartment. Whatever she'd done had clearly been an accident; he couldn't rely on her magic. They had to get out of here. She flinched as he reached down to cup her face, gazing into her eyes. "Sorry about this," he murmured, as he probed her mind. Her thoughts were frantic, moving at an impossible speed. All will be well, he told her silently. Rest now. "What—what are you— ” she whispered, as her eyes drooped. She slumped forward into his arms. Cradling her, he moved over to the window, and leapt out. *** Alaric, a centuries-old vampire, lives a solitary life by choice. When he ’ s assigned to protect Naomi, long dormant emotions stir to life. Naomi Feldman has never understood the strange energy that hums beneath her senses. But when she comes across an ancient artifact that seems to beckon to her, she may finally find the answers she's been seeking. Pursued by a dangerous enemy and battling their growing attraction, Naomi and Alaric follow the mystery of the artifact from the museums of Athens, the streets of London, towards a confrontation that will decide the fate of two worlds. ... It took all of thirty seconds for two shots to bring the world of Margaret Tabaaha crashing down around her. After losing her husband in Afghanistan during the first year of Operation Enduring Freedom, her two sons were all she had left. Now they had been taken from her violently, deliberately, plunging her into a whiskey bottle and stripping away her reason for living. When Arthur Nakai receives a call from his first love, Margaret, her voice pleading for his help, it comes as he is attending a wake for one of the men he considered a brother from his days in the Marines 6th LAR Wolf Pack Battalion. Feeling a deep and responsible obligation to help her, Arthur soon finds himself involved in the multi-billion-dollar world of the oil and gas industry and coming face-to-face with an old adversary, Elias Dayton. Their paths had crossed when Arthur was a member of the Shadow Wolves, an elite tactical unit within US Customs and Border Protection. Now Dayton runs Patriot Security, a Blackwater-type firm that keeps the oil rigs, gas wells, and man camps secure from the Water Protectors, protesters pushing to stop the fracking and poisoning of Native lands. As Arthur works through the case from his end, Navajo police chief Jake Bilagody tackles it from another angle, looking into the strained relationship between the oil company and the Navajo people, all while searching for a missing Navajo man that may have become an unwilling piece on the reservation checkerboard. But when Arthur learns the identity of the boys ’ killer, he struggles to make sense of it. Because if the clues are right, he will be forced to make a decision that will haunt him for the rest of his life.

This book is the first to treat the chemistry of superheavy elements, including important related nuclear aspects, as a self contained topic. It is written for those — students and novices -- who begin to work and those who are working in this fascinating and challenging field of the heaviest and superheavy elements, for their lecturers, their advisers and for the practicing scientists in the

field — chemists and physicists - as the most complete source of reference about our today's knowledge of the chemistry of transactinides and superheavy elements. However, besides a number of very detailed discussions for the experts this book shall also provide interesting and easy to read material for teachers who are interested in this subject, for those chemists and physicists who are not experts in the field and for our interested fellow scientists in adjacent fields. Special emphasis is laid on an extensive coverage of the original literature in the reference part of each of the eight chapters to facilitate further and deeper studies of specific aspects. The index for each chapter should provide help to easily find a desired topic and to use this book as a convenient source to get fast access to a desired topic. Superheavy elements — chemical elements which are much heavier than those which we know of from our daily life — are a persistent dream in human minds and the kernel of science fiction literature for about a century.

There is growing interest world wide in nuclear-free zones. Originally published in 1987, this book explores the question of what constitutes a nuclear-free zone and charts the progress of the movement to establish them. The book shows how definitions of nuclear-free zones vary from those intended to exclude everything nuclear (including nuclear power installations and the dumping of nuclear waste) to those aiming to exclude nuclear weapons in a limited way. Special attention is paid to the three treaties which have established major international nuclear-free zones, (Latin America, South Pacific, Antarctica) examining their strengths and weaknesses as well as areas where the idea has been proposed (Balkans, Africa). The book concludes with a review of problems and prospects for the future.

"A sweet, sexy read, featuring a couple that feels both true-to-life and aspirational. " Kirkus Review, Starred Review American Angie Donovan has never wanted much. When you grow up getting bounced from foster home to foster home, you learn not to become attached to anything, anyone, or any place. But it only took her two days to fall in love with Australia. With her visa clock ticking, surely she can fall in love with an Australian—and get hitched—in two months. Especially if he ’ s as hot and funny as her next-door neighbor... Jace Walters has never wanted much—except a bathroom he didn ’ t have to share. The last cookie all to himself. And solitude. But when you grow up in a family of seven, you can kiss those things goodbye. He ’ s finally living alone and working on his syndicated comic strip in privacy. Sure, his American neighbor is distractingly sexy and annoyingly nosy, but she ’ ll be gone in a few months... Except now she ’ s determined to find her perfect match by checking out every eligible male in the town, and her choices are even more distracting. So why does it suddenly feel like he—and his obnoxious tight-knit family, and even these two wayward dogs—could be exactly what she needs?
