Wikibeaks is the first book from Ireland's biggest megastar, Dustin The Turkey. Destined to see Dustin's name added to the long list of Irish literary greats (Joyce, Yeats, Swift, Tobin and Pippa) it will see the feathered one take his mighty pen to the Ireland he's helped shape over his 25 years as a national treasure. Part autobiography and part cheap cash-in, Wikibeaks will be ALL funny. Dustin will reveal the truth behind his life at the centre of Irish music, politics, television and comedy. He'll tell all about his love life and reveal the real reason he had Ray D'Arcy fired after catching him in the stationery cupboard with Shirley Temple Bar's Ma. With a foreword from Julian Lasagne himself, Wikibeaks will take the publishing world by storm as many of Dustin's loyal fans find themselves in bookshops for the very first time, robbing copies of a book that will in time make its way on to The Leaving Cert. Printed on paper from the very same tree that RTE carved Pat Kenny from, this won't just be the publishing event of the decade, it will be so much more, triggering Britain to stop Brexit, as instead they see sense and offer themselves over to Ireland via a complicated tax deal with Apple and Bono, Wikibeaks will be for Irish publishing what the comments section on the journal.ie has been for free speech.

When she was 19 months old, Helen Keller (1880-1968) suffered a severe illness that left her blind and deaf. Not long after, she also became mute. Her tenacious struggle to overcome these handicaps-with the help of her inspired teacher, Anne Sullivan-is one of the great stories of human courage and dedication. In this classic autobiography, first published in 1903, Miss Keller recounts the first 22 years of her life, including the magical moment at the water pump when, recognizing the connection between the word "water" and the cold liquid flowing over her hand, she realized that objects had names. Subsequent experiences were equally noteworthy: her joy at eventually learning to speak, her friendships with Oliver Wendell Holmes, Edward Everett Hale and other notables, her education at Radcliffe (from which she graduated cum laude), and underlying all-her extraordinary relationship with Miss Sullivan, who showed a remarkable genius for communicating with her eager and quick-to-learn pupil.

Trevor Mackey, a Manhattan attorney, drives to Miami to reconnect with his brother, Foster, an ex-convict finding new life as the operator of a chic nightclub in South Beach. This reconciliation introduces him to May Marquez, the stepdaughter of Foster's boss, an exiled Colombian coke lord named Esteban. May asks Trevor to help her escape from Esteban's sordid control and he agrees to help her. Little does he realize that it will draw the interest of Dallas Bertram, a DEA agent who is investigating Foster's drug connections and nursing wounds of his own. Together, Trevor and Bertram forge an unlikely friendship, addressing their own sense of redemption and responsibility while attempting to save Foster and May from their perilous fates.

In psychoanalysis as in most other fields of science, English is the international language. Not being a native speaker of English, one is confronted with much higher barriers when communicating clinical observations and theoretical reflections. Thus, in the early 1960s, Ulrich Moser raised (in German!) some fundamental questions concerning the methods, theories, and philosophy of psychoanalysis, questions that became a topic of discussion in the English speaking psychoanalytic community more than a decade later (see, e. g., the "theory crisis" in psychoanalysis). Now, three of us, who previously worked at Moser's institute in Zurich, have decided to dedicate this English book on psychoanalytic research to Ulrich Moser, supplementing the collection of papers now being published by him and Ilka von Zeppelin. This is not only intended to be an acknowledgement of his achievements in psychoanalytic thought but also an illustration of the kind of interdisciplinary research that he directly or indirectly initiated, both in clinical psychoanalysis (part I of the book) and in empirical psychotherapy research (part II). In working on this project we ourselves encountered the language barrier mentioned above. Without the competent, careful, and friendly help of Mrs. Katharina Goodwin, a translator who was willing to embark on the adventure of entering into a new field of thought and translated most of our German manuscripts, this book could not have been published.
