Fear has long served elites. They rely on fear to keep and expand their privileges and control the masses. In the current crisis of the capitalist world system, elites in the United States, along with other central countries, promote fear of crime and terrorism. They shaped these fears so that people looked to authorities for security, which permitted extension of apparatuses of coercion like police and

military forces. In the face of growing oppression, rebellion against elite hegemony remains possible. This book offers an analysis of the crisis and strategies for rebellion. Based on extensive reporting, a Game of Thrones-like telling of what comes next for the factions and families within the Republican Party as they plot for supremacy in the post-Trump era. With Trump's four years in the White House now in the rearview, an unprecedented period in American political history is concluded. The transition, however, has set off a mad scramble for control of a Republican Party that for so long has reflected the domineering image of one man—and might even still in the years ahead. Who emerges from the warring factions and familial rivalries that

proliferated and quietly festered during Trump's presidency could determine the fate of the GOP for a generation, and the first hint of what's to come begins with the 2024 campaign to crown the first Republican nominee, and national party leader, of the post-Trump era. With Trump's exit, a singular era in American political history has ended—and the Republican Party, whose identity had for so long been centered around one man, will be forced to redefine itself for the future. Featuring profiles of everyone from Mike Pence, Mike Pompeo, and Nikki Haley to Marco Rubio, Ted Cruz, and those in the Trump family, *In Trump's Shadow* tells the story of a GOP under—and after—the forty-fifth president, and all of those jousting for influence over the party's direction in the wake of Donald Trump.
