Two girls, one destiny. Yarrow is an elite: rich, regal, destined for greatness. She's the daughter of one of the most powerful women in Eden. At the exclusive Oaks boarding school, she makes life miserable for anyone foolish enough to cross her. Her life is one wild party after another...until she meets a fascinating, lilac-haired girl named Lark. Meanwhile, there is Rowan, who has been either hiding or running all her life. As an illegal second child in a strictly regulated world, her very existence is a threat to society, punishable by death...or worse. After her father betrayed his family, and after her mother was killed by the government, Rowan discovered a whole city of people like herself. Safe in an underground sanctuary that also protected the last living tree on Earth, Rowan found friendship, and maybe more, in a fearless hero named Lachlan. But when she was captured by the government, her fate was uncertain. When these two girls discover the thread that binds them together, the collision of memories means that their lives may change drastically—and that Eden may never be the same.

Fresh meat! From a hospital of horrors to a runaway zombie train, it's an all-new onslaught of the slaving undead in the sequel to Kirsty McKay's killer debut! Just when you think you're out...it's the morning after the night of the return of the living dead. Or something like that. After running/bus-driving/snowboarding for her life alongside rebel Smitty, geeky Pete, and popular Alice, Bobby thought she'd found the antidote to the Carrot Man Veggie Juice that had turned the rest of their classmates into zombies. When Smitty (mmm...nom, nom) got chomped, Bobby pumped a syringe full of it into him herself. But now Bobby's a prisoner in some hospital of horrors, with no clue how she got there. And Smitty is missing. What if he isn't cured after all? Bobby knows she's got to find him, even if it means facing Scotland's hungry hordes -- plus Alice's buckets of snark -- again. And this time, zombies aren't the only evil stressing her out. The brain-dead are bad enough, but how can Bobby stop the big pharma business behind the epidemic? Especially when her own mom works for the company?
