The Dangerous Summer is Hemingway's firsthand chronicle of a brutal season of bullfights. In this vivid account, Hemingway captures the exhausting pace and pressure of the season, the camaraderie and pride of the matadors, and the mortal drama—as in fight after fight—the rival matadors try to outdo each other with ever more daring performances. At the same time Hemingway offers an often complex and deeply personal self-portrait that reveals much about one of the twentieth century's preeminent writers.

Wilderness of Hope

From the author of the international bestseller Papa Hemingway, based on his own experiences: the story of a man struggling to overcome a rare syndrome that causes terrifying hallucinations, who eventually, despite the odds, finds love. Chet Tremaine is living his best life. A successful lawyer with a loyal best friend, the arts and culture of New York City at his doorstep, and a peaceful retreat in Connecticut, Chet has it figured out. Even when a freak tennis accident leaves him blind in one eye, Chet is confident he'll be able to bounce back. But then he starts hallucinating: unknown children playing in his living

room, pine needles seasoning his salad, wire grids barring access to his bathroom. His doctor allays his worst fears, only to deliver an even more shocking diagnosis: Chet's eye injury has left him with Charles Bonnet syndrome, and this rare disease is incurable. Chet is going to be plagued by these hallucinations for the rest of his life. His social life impaired, his job in jeopardy, Chet is close to becoming a recluse when he helps a woman who's collapsed on a Manhattan street corner. She turns out to be Emma Vicky, a warm and witty British actress who suffers from Ménière's disease, a condition that causes severe vertigo. Like Chet, she feels

restrained by her chronic illness and terribly isolated--until their meeting renews her desire to open up, let another person in. But Chet can't make the same leap. Instead, he decides to make a final Hail Mary attempt to find a cure, embarking on a spiritual quest that will take him all the way to the mountains of Nepal. By turns funny, harrowing, and inspirational, *Kissing the Wind* is A. E. Hotchner's final, and finest, achievement. AN ANCHOR ORIGINAL.

American scholar permitted to study in residence at Hemingway's beloved Cuban home comes a radically new understanding of "Papa's" life in Cuba Ernest Hemingway first landed in Cuba in 1928. In some ways he never left. After a decade of visiting regularly, he settled near Cojimar—a tiny fishing village east of Havana—and came to think of himself as Cuban. His daily life among the common people there taught him surprising lessons, and inspired the novel that would rescue his declining career. That book, *The Old Man and the Sea*, won him a Pulitzer Prize. In a rare gesture of humility, Hemingway announced to the press that he accepted the coveted Nobel "as a citizen of Cojimar." In Ernesto, Andrew Feldman uses his unprecedented access to newly available archives to tell the full story of Hemingway's self-professed Cuban-ness: his respect for Cojimar fishermen, his long-running affair with a Cuban lover, the warmth of his adoptive Cuban family, the strong influences on his work by Cuban writers, his connections to Cuban political figures and celebrities, his denunciation of American imperial ambitions, and his

enthusiastic role in the revolution. With a focus on the island's violent political upheavals and tensions that pulled Hemingway between his birthplace and his adopted country, Feldman offers a new angle on our most influential literary figure. Far from being a post-success, pre-suicide exile, Hemingway's decades in Cuba were the richest and most dramatic of his life, and a surprising instance in which the famous American bully sought redemption through his loyalty to the underdog.

Twelve-year-old Aaron Broom is protecting his father's car from repossession when he witnesses a jewelry store robbery gone wrong. To Aaron's shock, his father, a struggling salesman in the wrong place at the wrong time, is fingered as the prime suspect in the murder. Aaron—precocious, plucky, not a little naïve—must seek out gangsters, diamond dealers, bootleggers, and street kids in order to prove his father's innocence. In his search for justice, Aaron draws upon the resources of a world-weary paperboy, an aspiring teen journalist, and a kindly lawyer. As they dig into the details of the case, these unconventional

detectives reveal a cover-up that goes much deeper than a jewelry-store heist gone sour. Through it all, Aaron's optimism and resourcefulness shine through. Hotchner's latest is a rollicking ride through St. Louis at its lowest, as seen through the eyes of his most lovable narrator to date.

Hemingway's Boat Kissing the Wind

One of the great jazz novels of any era, *A Drop of Patience* tells the story of a blind horn player's journey through the themes of race, blindness, and music. At the age of five, Ludlow Washington is given up by his parents to a brutal white-run state institution for blind African American children, where everyone is taught music—the only trade by which they are expected to make a living. Ludlow is a prodigy on the horn and at fifteen is "purchased" out of the Home by a bandleader in the fictive Southern town of New Marsails. By eighteen, he is married with a baby daughter, but as his reputation spreads, he seeks to grow musically, leaving his budding family for a once-in-a-lifetime opportunity in New York City. Navigating the worlds of music and race and women, Ludlow's career follows an arc towards collapse, a nervous breakdown, recovery, a long-delayed public recognition, only for him to finally abandon the spotlight and return to his roots and find solace in the black church. *A Drop of*

Patience is a brilliant portrayal of a jazz musician. It stands apart as an exemplary parable of African American history, of racial politics, and of musical creative genius.

"A rich, generous book about writing and reading and Kurt Vonnegut as writer, teacher, and friend . . . Every page brings pleasure and insight."—Gail Godwin, *New York Times* bestselling author
Here is an entirely new side of Kurt Vonnegut, Vonnegut as a teacher of writing. Of course he's given us glimpses before, with aphorisms and short essays and articles and in his speeches. But never before has an entire book been devoted to Kurt Vonnegut the teacher. Here is pretty much everything Vonnegut ever said or wrote having to do with the writing art and craft, altogether a healing, a nourishing expedition. His former student, Suzanne McConnell, has outfitted us for the journey, and in these 37 chapters covers the

waterfront of how one American writer brought himself to the pinnacle of the writing art, and we can all benefit as a result. Kurt Vonnegut was one of the few grandmasters of American literature, whose novels continue to influence new generations about the ways in which our imaginations can help us to live. Few aspects of his contribution have not been plumbed—fourteen novels, collections of his speeches, his essays, his letters, his plays—so this fresh view of him is a bonanza for writers and readers and Vonnegut fans everywhere. "Part homage, part memoir, and a 100% guide to making art with words, *Pity the Reader: On Writing with Style* is a simply mesmerizing book, and I cannot recommend it highly enough!"—Andre Dubus III, #1 *New York Times* bestselling author
"The blend of memory, fact, keen observation, spellbinding descriptiveness and zany characters that populated Vonnegut's work is on full display here."—James McBride, National Book Award-winning author

A Hemingway expert shares untold stories of the writer's life in Idaho, together with passages

from his works, to shed light on the ideals he lived by. It was a cold, "windless, blue sky day" in the fall of 1939 near Silver Creek—a blue-ribbon trout stream south of Sun Valley. Ernest Hemingway flushed three mallards and got each duck with three pulls. He spent the morning working on his novel *For Whom the Bell Tolls*. Local hunting guide Bud Purdy attested, "You could have given him a million dollars and he wouldn't have been any happier." In Hemingway's Sun Valley, Phil Huss delves into previously unpublished stories about Hemingway's adventures in Idaho. Each chapter is devoted to a principle of the author's Heroic Code, such as Complete Tasks Well, Embrace the Present, and Avoid Self-Pity. Combining true stories and literary passages, this book reveals how Hemingway's life and work embody this code.

The renowned diarist continues the story begun in *Henry and June* and *Incest*. Drawing from the author's original, uncensored

While referring to her relationships with psychoanalyst Otto Rank and author Henry Miller, as well as a new lover, the Peruvian Gonzalo Moré, she also reveals that her most passionate and enduring affair is with writing itself.

The Cocktails of the Ritz

Simon and Schuster National Book Critics Circle Award Finalist A brilliantly conceived and illuminating reconsideration of a key period in the life of Ernest Hemingway that will forever change the way he is perceived and understood. Focusing on the years 1934 to 1961—from Hemingway's pinnacle as the reigning monarch of American letters until his suicide—Paul Hendrickson traces the writer's exultations and despair around the one constant in his life during this time: his beloved boat, *Pilar*. Drawing on previously unpublished material, including interviews with Hemingway's sons, Hendrickson shows that for all the writer's boorishness, depression

and alcoholism, and despite his choleric anger, he was capable of remarkable generosity—to struggling writers, to lost souls, to the dying son of a friend. Hemingway's *Boat* is both stunningly original and deeply gripping, an invaluable contribution to our understanding of this great American writer, published fifty years after his death.

Shameless exploitation has never been more fun nor done more good for more people than when done by Newman's Own—the first green food company to use all-natural ingredients, and still the most successful. It was 1982 when Paul Newman and A. E. Hotchner made their foray into local gourmet shops with bottles of their homemade salad dressing. The venture was intended to be a lark, a way to poke fun at the traditional way the market operates. Hurdling obstacle after obstacle, they created the first company to mass-

market all-natural products, eliminating the chemicals, gums, and preservatives that existed in food at the time. This picaresque saga is the inspiring story of how the two friends parlayed the joke into a multimillion-dollar company that gives all its profits to the less fortunate without spending money on galas, mailings, and other expensive outreaches. It also serves as a textbook for foundations and charitable organizations looking to do the most good they can with what they have. Told in alternating voices, Newman and Hotchner have written a zany tale that is a business model for entrepreneurs, an inspirational book, and just plain delightful reading.

Longtime fly fisherman Quinn Grover had contemplated the “why” of his fishing identity before more recently becoming focused on the “how” of it. He realized he was a dedicated fly fisherman in large part because public lands and public waterways in the West made it possible. In Wilderness of Hope Grover recounts his fly-fishing experiences with a strong evocation of place, connecting those experiences to the ongoing national debate over public lands.

Because so much of America's public lands are in the Intermountain West, this is where arguments about the use and limits of those lands rage the loudest. And

those loudest in the debate often become caricatures: rural ranchers who hate the government; West Coast elites who don't know the West outside Vail, Colorado; and energy and mining companies who extract from once-protected areas. These caricatures obscure the complexity of those who use public lands and what those lands mean to a wider population. Although for Grover fishing is often an "escape" back to wildness, it is also a way to find a home in nature and recalibrate his interactions with other parts of his life as a father, son, husband, and citizen. Grover sees fly fishing on public waterways as a vehicle for interacting with nature that allows humans to inhabit nature rather than destroy or "preserve" it by keeping it entirely separate from human contact. These essays reflect on personal fishing experiences with a strong evocation of place and an attempt to understand humans' relationship with water and public land in the American West.

Papa Hemingway Melville House

An intimate, joy-filled portrait and New York Times bestseller, written by one of Hemingway's closest friends: "It is hard to imagine a better biography" (Life). In 1948, A. E.

Hotchner went to Cuba to ask Ernest Hemingway to write an article on "The Future of Literature" for Cosmopolitan magazine. The article never materialized, but from that first meeting at the El Floridita bar in Havana until Hemingway's death in 1961, Hotchner and the Nobel and Pulitzer Prize-winning author developed a deep and abiding friendship. They caroused in New York City and Rome, ran with the bulls in Pamplona, hunted in Idaho, and fished the waters off Cuba. Every time they got together, Hemingway held forth on an astonishing variety of subjects, from the art of the perfect daiquiri to Paris in the 1920s to his boyhood in Oak Park, Illinois. Thankfully, Hotchner took it all down. Papa Hemingway provides fascinating details about Hemingway's daily routine, including the German army belt he wore and his habit of writing descriptive passages in longhand and dialogue on a typewriter, and documents his memories of Gertrude Stein, F. Scott Fitzgerald, Martha Gellhorn, Marlene Dietrich, and many of the twentieth century's most notable artists and celebrities. In the literary icon's final years, as his poor health began to affect his work, Hotchner tenderly
