For example, the therapist might give the client a set of Guatemalan worry dolls or help the client make their own. The therapist can then ask the client to assign a worry to each of these dolls, put the dolls in a box, and leave the dolls in the therapist's office so that the dolls can worry about the client's issues instead of the client having to worry about them.

I am going to use this template to help students show what emotion they are feeling for a personal narrative. They will draw the emotion and see if their neighbor can guess how they felt. Then they can refer to it when writing their story and describing how they looked or felt. But first, I will show it to them blank and ask them how my character feels.
