Why do some book covers instantly grab your attention, while others never get a second glance? Fusing word and image, as well as design thinking and literary criticism, this captivating investigation goes behind the scenes of the cover design process to answer this question and more. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW As the outward face of the text, the book cover makes an all-important first impression. The Look of the Book examines art at the edges of literature through notable covers and the stories behind them, galleries of the many different jackets of bestselling books, an overview of book cover trends throughout history, and insights from dozens of literary and design luminaries. Co-authored by celebrated designer and creative director Peter Mendelsund and scholar David Alworth, this fascinating collaboration, featuring hundreds of covers, challenges our notions of what a book cover can and should be.

"An engrossing and impossibly wide-ranging project . . . In The Free World, every seat is a good one." -Carlos Lozada, The Washington Post "The Free World sparkles. Fully original, beautifully written . . . One hopes Menand has a sequel in mind. The bar is set very high." -David Oshinsky, The New York Times Book Review | Editors' Choice One of The New York Times's 100 best books of 2021 | One of The Washington Post's 50 best nonfiction books of 2021 | A Mother Jones best book of 2021 In his follow-up to the Pulitzer Prize-winning The Metaphysical Club, Louis Menand offers a new intellectual and cultural history of the postwar years The Cold War was not just a contest of power. It was also about ideas, in the broadest sense-economic and political, artistic and personal. In The Free World, the acclaimed Pulitzer Prize-winning scholar and critic Louis Menand tells the story of American culture in the pivotal years from the end of World War II to Vietnam and shows how changing economic, technological, and social forces put their mark on creations of the mind. How did elitism and an anti-totalitarian skepticism of passion and ideology give way to a new sensibility defined by freewheeling experimentation and loving the Beatles? How was the ideal of "freedom" applied to causes that ranged from anti-communism and civil rights to radical acts of self-creation via art and even crime? With the wit and insight familiar to readers of The Metaphysical Club and his New Yorker essays, Menand takes us inside Hannah Arendt's Manhattan, the Paris of Jean-Paul Sartre and Simone de Beauvoir, Merce Cunningham and John Cage's residencies at North created a new music for the American teenager. He examines the post war vogue for French existentialism, structuralism and post-structuralism, the rise of abstract expressionism and a Civil Right spokesman, Susan Sontag's challenges to the New York Intellectuals, the defeat the Atlantic, he also shows how Europeans played a vital role in promoting and influencing American art and entertainment. By the end of the Vietnam era, the American government had lost the moral prestige it enjoyed at the end of the Second World War, but America's oncedespised culture had become respected and adored. With unprecedented verve and range, this book explains how that happened.
