An essential collection of writings, bursting with Henry Miller's exhilarating candor and wisdom. In this selection of stories and essays, Henry Miller elucidates, revels, and soars, showing his command over a wide range of moods, styles, and subject matters. Writing "from the heart," always with a refreshing lack of reticence, Miller involves the reader directly in his thoughts and feelings. "His real aim," Karl Shapiro has written, "is to find the living core of our world whenever it survives and in whatever manifestation, in art, in literature, in human behavior itself. It is then that he sings, praises, and shouts at the top of his lungs with the uncontainable hilarity he is famous for." Here are some of Henry Miller's best-known writings: an essay on the photographer Brassai; "Reflections on Writing," in which Miller examines his own position as a writer;

"Seraphita" and "Balzac and His Double," on the works of other writers; and "The Alcoholic Veteran," "Creative Death," "The Enormous Womb," and "The Philosopher Who Philosophizes."

Legendary storyteller Stephen King goes  
into the deepest well of his imagination in  
this spellbinding novel about a seventeen-  
year-old boy who inherits the keys to a  
parallel world where good and evil are at

war, and the stakes could not be higher—for  
that world or ours. Charlie Reade looks like  
a regular high school kid, great at baseball  
and football, a decent student. But he carries  
a heavy load. His mom was killed in a hit-  
and-run accident when he was seven, and  
grief drove his dad to drink. Charlie learned  
how to take care of himself—and his dad.  
When Charlie is seventeen, he meets a dog  
named Radar and her aging master,  
Howard Bowditch, a recluse in a big house  
at the top of a big hill, with a locked shed in  
the backyard. Sometimes strange sounds  
emerge from it. Charlie starts doing jobs for  
Mr. Bowditch and loses his heart to Radar.  
Then, when Bowditch dies, he leaves  
Charlie a cassette tape telling a story no one  
would believe. What Bowditch knows, and

has kept secret all his long life, is that inside the shed is a portal to another world. King ' s storytelling in Fairy Tale soars. This is a magnificent and terrifying tale in which good is pitted against overwhelming evil, and a heroic boy—and his dog—must lead the battle. Early in the Pandemic, King asked himself: “ What could you write that would make you happy? ” “ As if my imagination had been waiting for the question to be asked, I saw a vast deserted city—deserted but alive. I saw the empty streets, the haunted buildings, a gargoyle head lying overturned in the street. I saw smashed statues (of what I didn ' t know, but I eventually found out). I saw a huge, sprawling palace with glass towers so high their tips pierced the clouds. Those images

released the story I wanted to tell. ”

The Anarchist Cookbook will shock, it will disturb, it will provoke. It places in historical perspective an era when "Turn on, Burn down, Blow up" are revolutionary slogans of the day. Says the author "This book... is not written for the members of fringe political groups, such as the Weatherman,

They don't need this book. They already know everything that's in here. If the real people of America, the silent majority, are going to survive, they must educate themselves. That is the purpose of this book." In what the author considers a survival guide, there is explicit information on the uses and effects of drugs, ranging from pot to heroin to peanuts. There is detailed advice concerning electronics, sabotage, and surveillance, with data on everything from bugs to scramblers. There is a comprehensive chapter on natural, non-lethal, and lethal weapons, running the gamut from cattle prods to sub-machine guns to bows and arrows.
