E-Books vs. Print Books: What's the Difference?

The paper stock is the weighting of the paper. As a general rule, a higher stock paper is a little more

expensive to print on, but higher stock is also perceived as being higher quality. 70gsm - [Uncoated Paper and Card | WHSmith](#)
Print books have some advantages over e-books, including that they have the feel of a book that many readers love. You can hold it, turn the pages, and feel the paper. Also, for those who like to...

Books

A book paper (or publishing paper) is a paper that is designed specifically for the publication of printed books. Traditionally, book papers are off-white or low-white papers (easier to read), are opaque to minimise the show-through of text from one side of the page to the other, and are (usually) made to tighter caliper or thickness specifications, particularly for case-bound books.

Are paper books really disappearing? - BBC Future
Everyone ought to have a few paper books around just in case. Space, of course, is an eternal issue, but that 's why ebooks exist: so you don ' t have to crowd your shelves with the entertaining stuff that you know you ' re going to zip through once. If you find a book that you know you ' re going to read over and over again, it ' s love!
