This book fills that void. Author Patti Medaris Culea began her career in art as a portrait painter and she puts that experience to work when creating her doll faces. In this book, she shows readers a simple technique for easily creating faces using her step-by-step approach. She gives her tips for how to divide the face into quadrants, graft features together, and much more. Every aspect of doll making is covered -- from the basics to detailed techniques for making the various faces to instructions for putting a pattern together. Readers will learn how to use watercolor pencils, acrylics, and fabric paints to color a face, how to create a face using collage techniques as well as stamping and beading, and tips for working with stretchy fabrics to create indented eyes, separate eyelids, and sculpted lips.
