"Paper Dolls—so fragile, yet so enduring. A little tape and they will last forever." A memoir about three generations of women. A deaf mute grandmother who lived on the verge of reality. A drunken and abusive mother who blamed the world for her life. A story of four young girls, living in a world of uncertainty, fear and abuse, who pulled together to survive. ~~~~~ I started this book as a way to put on paper the little information I could remember about my mother, who had recently passed away. I wanted to remember the stories she shared, her experiences with her mother and her own children, and why she did the things she did. What I found, in the end, was a discovery of myself. ~~~A brief excerpt: I stood for several minutes, my eyes adjusting to the darkness. The smell was always the same: stale beer and overflowing ashtrays. I quickly looked to find her sitting in her

favorite seat at the bar, the same people on either side of her, the same music playing on the jukebox. My sisters and I took turns when we had to get Mom from the bar. It was my turn; it was only fair. We had been sitting in the car for hours with nothing to eat and nothing to drink. She promised she would only be a minute. She promised. Oh to be a Selkie, And live between two worlds  
Half your days spent as a seal, And the other half, a girl... Stories about the selkie have been told for hundreds of years by those who live near the North Atlantic and North Sea.

Sometimes called "seal folk," the selkie, as humans, are tall and strong with dark hair and eyes. Extremely private, they keep their seal coats hidden away until they get restless and are called to the sea, and take on their seal forms. In her lyrical follow-up to *She Dreams of Sable Island*, artist and author Briana Corr Scott explores the Selkie legend in a book of short, whimsical poems. Find out what Selkie likes to eat, where she lives, how she spends her time on land and in the sea, and learn a Selkie lullaby. Lilted and lyrical, with acrylic paintings that recall the ocean's depths, this magical book is ideal for both bedtime and playtime. Features a paper doll, clothes, and seal.

In the 1980s in California, New Jersey, and New York, Michigan, Massachusetts, and Florida, Tennessee, Texas, Ohio, and elsewhere, daycare workers were arrested, charged, tried, and convicted of committing horrible sexual crimes against the children they cared for. These crimes, prosecutors said, had gone undetected for years, and their brutality and sadism defied all imagining. What's more, the abusers had photographed and videotaped their victims, distributing the images through a sophisticated international network of child pornographers. More often than not, violent satanic cult worship had also played a central role, with children made to watch forced abortions in cemeteries and then eat hacked-off bits of the little corpses. In just over a decade, thousands of people in every part of the country were investigated as child sex abusers, and some one-hundred and fifty of them were sent to prison. But, none of it happened. It was an epic decade-long outbreak of collective hysteria

— on a par with the Salem witch trials or the red scares of the 1950s. Using extensive archival research conducted in Los Angeles, Miami, New York, and elsewhere, and drawing on dozens of interviews conducted with the hysteria's major figures, Richard Beck shows how a group of legislators, doctors, lawyers, and parents, all working with the best of intentions, set the stage for a judicial disaster. A number of opportunistic journalists helped to carry the story from state to state, and the silence of their colleagues, who should have known better, allowed it to keep spreading long after it became clear that the story was simply unsupported by evidence. Beck reveals how a small group of skeptics finally began working to slow the runaway train in the last half of the decade, and he explores the fates of those accused and convicted of these unbelievable crimes, the casualties of a culture war. It is this culture war that is the book's pervasive subtext — the conditions that made possible the demented frenzy of accusations were very specific, and at the root of them were competing visions of society and the things that threatened it most.

When the Roberts family's favorite priest started inviting himself to dine at their dinner table weekly, they were delighted to oblige. Then, when the priest started inviting their teenaged son, Michael, on day trips, they were even more pleased to see their son developing a close friendship with their beloved priest. What the family did not know was that the priest was grooming Robert for what would become years on ongoing sexual abuse. In *Behind Sacred Walls*, Michael describes how he fell under the control of the priest, who abused him verbally, emotionally, and sexually. It was, the priest told him, God's will that the teenager satisfy the priest's human needs. Even though he was riddled with shame and guilt, Michael saw no way out of the continuing abuse. Most of all, he feared the pain it would cause his parents if they found out. In the end, Roberts tells how he was eventually able to extricate himself from the abusive relationship with the priest. He also relates the years of red tape he encountered with the Catholic Church while seeking justice.

At least 100,000 boys and girls are bought and sold for sex in the U.S. each year by ordinary people from ALL walks of life. Some of these children are runaways-often foster children, some are forcefully abducted, and some are betrayed and sold by their own family members and acquaintances. Predators usually build a trusting relationship with vulnerable children over time by showering them with affection, gifts and attention. 1 in 10 children will be sexually abused before their 18th birthday, but only 1 in 3 will tell because they don't know it is wrong or they don't know who they can trust with their secret. If you think your five-year old will automatically tell you if someone touched their privates, think again. Predators instill fear and guilt into their victims to prevent them from telling. In this fast-paced world of drive-through food and finger-tip technology, we are in a hurry for everything and expect to get everything we want quickly. If our kids are in school, they spend more time with their teachers and friends than they do with us. When they are not in school there are other activities to attend including sports, music, parties, church, and so on. How much time do we actually carve out each day to spend just talking, listening, role modeling, playing with, and teaching our children how precious they are and how uniquely God designed them? Before we know it, they are grown, things may not have turned out how we hoped, and we may find ourselves wishing we had taken just a few extra minutes each day when they were small. This book is designed to sit and work through one activity at a time with your child for even 15 minutes each day as you speak using the prompts provided and listen to their hearts as they respond. Paper dolls are provided in the back of the book for children to personalize by coloring and building into characters that represent themselves, family members and others. They can be used in discussing specific real-life scenarios and developing plans together, as well as for therapy if a child has been abused, or just for fun. The epidemic of child sexual abuse and human trafficking all over the world can't be stopped by one individual, but it CAN be prevented in the small world around each of us by Raising PEARLS: Prepared, Empowered, Armored, Restored, Loved & Secure Children. One child at a time.

Based on true events, The Paper Daughters of  
Chinatown is a powerful story about a largely  
unknown chapter in history and the women  
who emerged as heroes. In the late nineteenth  
century, San Francisco is a booming city with a  
dark side, one where a powerful underground  
organization-the criminal tong-buys and sells  
young Chinese women into prostitution and

slavery. These "paper daughters," so called  
because fake documents gain them entry to  
America but leave them without legal identity,  
generally have no recourse. But the Occidental  
Mission Home for Girls is one bright spot of  
hope and help. Told in alternating chapters, this  
rich narrative follows the stories of young  
Donaldina "Dolly" Cameron, who works in the  
mission home, and Mei Lien, a "paper  
daughter" who thinks she is coming to America  
for an arranged marriage but instead is sold into  
a life of shame and despair. Dolly, a real-life  
pioneering advocate for social justice, bravely  
fights corrupt officials and violent gangs, helping  
to win freedom for thousands of Chinese  
women. Mei Lien endures heartbreak and  
betrayal in her search for hope, belonging, and  
love. Their stories merge in this gripping  
account of the courage and determination that  
helped to shape a new course of women's  
history in America.

#### The True Story of My Abuse by Catholic Priests

Pan Macmillan

The literary tradition begun by Zora Neale Hurston in the 1930s has since flourished and taken new directions with a diverse body of fiction by more contemporary African-American women writers. This book examines the treatment of domestic violence in Hurston's *Their Eyes Were Watching God*, Gayl Jones's *Corregidora*, Gloria Naylor's *The Women of Brewster Place* and *Linden Hills*, Alice Walker's *The Color Purple*, Toni Morrison's *The Bluest Eye* and *Love*, Terry McMillan's *Mama* and *A Day Late and a Dollar Short*, and Octavia Butler's *Seed to Harvest*. These novels have given voice to oppressed and abused women. The aims of this work are threefold: to examine how female African

American novelists portray domestic abuse; to outline how literary depictions of domestic violence are responsive to cultural and historical forces; and to explore the literary tradition of novels that deal with domestic abuse within the African American community.
