With 30 projects and an introduction to both crafting paper flowers and working with crepe paper, this book is full of inspiration and expert advice for beginners. If you have a Cricut Maker, you can download the templates to your machine so you can enjoy your own homemade bouquets in no time. Crepe paper is the best material for creating paper flowers, especially for beginners. It's forgiving and malleable--easy to cut, bend, curl, and shape into peony petals, daffodil trumpets, chrysanthemum blooms, and more. And if you have a Cricut Maker, you can easily cut out the shapes from templates you download for free on Lia Griffith's website using a code. Then, follow instructions for crafting the flowers to arrange and display in vases and pots and as bouquets and wreaths.

This Easter egg paper craft turned out beautifully with all of the lovely spring colors and beautiful patterns that the paper quilling made. Paper quilling is a fun and easy craft for kids to try and I thought it would be a perfect fit for this Easter project. One of the best things kids love about an Easter egg hunt is ending up with a basket full of colored eggs - such a pretty sight! And that's what we've decided to make today; not a basket of eggs in different colors, but a single egg with many colors! This Paper Quilling Easter Egg craft is a great project for quilling beginners, since they can learn to make basic shapes like loose coils, tear drops and lens shapes. The rest of the craft is fairly simple, with the focus being on quilling. So if your kids have been wanting to give quilling a try, this is perfect for them!
