"Social Justice Parenting offers guidance and grace for parents who want to teach their children how to create a fair and inclusive world."—Diane Debrovner, deputy editor of Parents magazine "Replete with excellent examples and advice that can help parents raise children with a healthy self-image and regard for the welfare of others."—Jane E. Brody, New York Times An empowering, timely guide to raising anti-racist, compassionate, and socially conscious

children, from a diversity and inclusion educator with more than thirty years of experience. As a global pandemic shuttered schools across the country in 2020, parents found themselves thrust into the role of teacher—in more ways than one. Not only did they take on remote school supervision, but after the murder of George Floyd and the ensuing Black Lives Matter protests, many also grappled with the responsibility to teach their kids about social justice—with few

resources to guide them. Now, in Social Justice Parenting, Dr. Traci Baxley—a professor of education who has spent 30 years teaching diversity and inclusion—will offer the essential guidance and curriculum parents have been searching for. Dr. Baxley, a mother of five herself, suggests that parenting is a form of activism, and encourages parents to acknowledge their influence in developing compassionate, socially-conscious kids. Importantly, Dr. Baxley also

guides parents to do the work of recognizing and reconciling their own biases. So often, she suggests, parents make choices based on what's best for their children, versus what's best for all children in their community. Dr. Baxley helps readers take inventory of their actions and beliefs, develop self-awareness and accountability, and become role models. Poised to become essential reading for all parents committed to social change, Social Justice Parenting will offer parents

The Teaching of Kindness : a Paper Read at the International Humane Congress, Washington, Oct. 12th, 1910 iUniverse

Kindness is the foundation of the world's great religions and most-enduring philosophies. Why, then, does being kind feel so dangerous? If we crave kindness with such intensity, why is it a pleasure we often deny ourselves? And why—despite our longing—are we often suspicious

when we are on the receiving end of it? In this brilliant book, the eminent psychoanalyst Adam Phillips and the historian Barbara Taylor examine the pleasures and perils of kindness. Modern people have been taught to perceive ourselves as fundamentally antagonistic to one another, our motives self-seeking. Drawing on intellectual history, literature, psychoanalysis, and contemporary social theory, this book explains how and why we have chosen loneliness over connection. On Kindness argues that a life lived in instinctive, sympathetic identification with others is the one we should allow ourselves to live. Bursting with often shocking insight, this brief and essential book will return to its readers what Marcus Aurelius declared was mankind's "greatest delight": the intense satisfactions of generosity and compassion. death of a loved one or pet? Even if you couldn't answer "yes" to all of the questions, there's one thing that almost everyone knows: kindness is generational and it must be taught. And in *Personal Notes 4 Kids: The Gift of Kindness through Paper and Pen*, the assistant teacher has been found! This book contains more than 250 personal notes specifically written for children (ages 12-18) so that they, too, can have the words to express their feelings about the happy or sad events that take place in the lives of their family members and friends, just as Mom and Dad do. Even better, each note is comprised of only 2 lines that can be edited as needed or copied word for word. They can't argue about that! Thinking about others needs to be instilled and cultivated as early and as often possible. Studies have proved that not only does the physical

act of writing add importance to the task at hand, but it also promotes better learning and writing, and helps to keep the brain sharp. Compassion and smarts—that's a winning combo! For most of us, a BIG occasion is just around the corner. When it happens in your family, don't just take the time to talk it out with your child, "write it out" as well. You'll have a healthier, happier, kinder child if you do. *On Kindness* This 8.5" x 8.5" 100 page honey bee, butterfly and flower journal notebook is for beekeepers, nature lovers, and all kind souls. This beautiful journal is ideal to record your life and memories or to use as a gratitude or kindness journal. A Heart of Kindness is the courageous and insightful story of one woman's quest to heal her broken heart. Wendy Comeau suffered the biggest tragedy a mother can face when she lost her son Christopher to a rare disease when he was only twenty-five. When her brothers and parents all died within a few years as well, she was faced with a decision—allow herself to spiral into depression and anger or find the hidden lessons and gifts, open her heart and spread hope and kindness. This book explores how Wendy was able to transform her unbearable heartache and learn to live again with the help of her family and loved ones. Her powerful story will encourage people to do the inner work they need to do to restore their faith, embrace love and show compassion to others after tragedy has struck.
