THE INSTANT #1 NEW YORK TIMES
BESTSELLER “Sparkling with mystery,
humor and the uncanny, this is a fun read. But
beneath its effervescent tone, more complex
themes are at play.” —San Francisco Chronicle
In his wildly entertaining debut novel, Hank
Green—cocreator of Crash Course,
Vlogbrothers, and SciShow—spins a sweeping,
cinematic tale about a young woman who
becomes an overnight celebrity before realizing
she's part of something bigger, and stranger,
than anyone could have possibly imagined. The
Carls just appeared. Roaming through New
York City at three a.m., twenty-three-year-old
April May stumbles across a giant sculpture.
Delighted by its appearance and
craftsmanship—like a ten-foot-tall Transformer
wearing a suit of samurai armor—April and her
best friend, Andy, make a video with it, which
Andy uploads to YouTube. The next day, April
wakes up to a viral video and a new life. News
quickly spreads that there are Carls in dozens

of cities around the world—from Beijing to
Buenos Aires—and April, as their first
documentarian, finds herself at the center of an
intense international media spotlight. Seizing
the opportunity to make her mark on the world,
April now has to deal with the consequences her
new particular brand of fame has on her
relationships, her safety, and her own identity.
And all eyes are on April to figure out not just
what the Carls are, but what they want from us.
Compulsively entertaining and powerfully
relevant, *An Absolutely Remarkable Thing*
grapples with big themes, including how the
social internet is changing fame, rhetoric, and
radicalization; how our culture deals with fear
and uncertainty; and how vilification and
adoration spring for the same dehumanization
that follows a life in the public eye. The
beginning of an exciting fiction career, *An
Absolutely Remarkable Thing* is a bold and
insightful novel of now.

"Hendrix and Corrina bust Hendrix's
grandfather out of assisted living, and
leave LA for New York in pursuit of
freedom, truth, and love"--

By John Green -- Sidekick Penguin
This blistering novel—from the
bestselling, Pulitzer Prize – winning
author of *The Road*—returns to the
Texas-Mexico border, setting of the

famed Border Trilogy. The time is our own, when rustlers have given way to drug-runners and small towns have become free-fire zones. One day, a good old boy named Llewellyn Moss finds a pickup truck surrounded by a bodyguard of dead men. A load of heroin and two million dollars in cash are still in the back. When Moss takes the money, he sets off a chain reaction of catastrophic violence that not even the law – in the person of aging, disillusioned Sheriff Bell – can contain. As Moss tries to evade his pursuers – in particular a mysterious mastermind who flips coins for human lives – McCarthy simultaneously strips down the American crime novel and broadens its concerns to encompass themes as ancient as the Bible and as bloodily contemporary as this morning's headlines. *No Country for Old Men* is a triumph. *Under the Banner of Heaven*

NATIONAL BESTSELLER • From the author of *Into the Wild* and *Into Thin Air*, this extraordinary work of investigative journalism takes readers inside America's isolated Mormon Fundamentalist communities. Defying both civil authorities and the Mormon establishment in Salt Lake City, the renegade leaders of these Taliban-like theocracies are zealots who answer only to God; some 40,000 people still practice polygamy in these communities. At the core of Krakauer's book are brothers Ron and Dan Lafferty, who insist they received a commandment from God to kill a blameless woman and her baby girl. Beginning with a meticulously researched account of this appalling double murder, Krakauer constructs a multi-layered, bone-chilling narrative of messianic delusion, polygamy,

savage violence, and unyielding faith. Along the way he uncovers a shadowy offshoot of America's fastest growing religion, and raises provocative questions about the nature of religious belief.

NOW: Sixteen-year-old Alice is spending the summer in Paris, but she isn't there for pastries and walks along the Seine. When her grandmother passed away two months ago, she left Alice an apartment in France that no one knew existed. An apartment that has been locked for more than seventy years. Alice is determined to find out why the apartment was abandoned and why her grandmother never once mentioned the family she left behind when she moved to America after World War II. However, the more time she spends digging through the mysteries of the past, the more she realizes there are secrets in the present that her family is still refusing to talk about. When she meets Luc, the dashing and enigmatic leader of a resistance group, Adalyn feels she finally has a chance to fight back. But keeping up the appearance of being a much-admired socialite while working to undermine the Nazis is more complicated than she could have imagined. Use this expert sidekick to dissect these themes in *Looking for Alaska*, while enjoying a detailed analysis of each chapter of the book. If that wasn't enough, we close with potential questions and responses to help you get the conversation started with co-workers, friends, or fellow book club members. This newly discovered gem from the past (2005) has become a must-read, thanks in no small part to the success of Green's 2012 masterpiece: *The Fault in Our Stars*. As many Green fans have already discovered, our sidekick is the ultimate go-to source for understanding the complexities of John Green's tales of teen angst and tragedy. *Looking for Alaska* tells the story of

Miles Halter, a 16-year-old with a nondescript life who is seeking a "Great Perhaps." In his quest, he finds himself at the Culver Creek Boarding School, where his past life of boredom and safety takes a back seat to adventure and sexual experimentation. His trek to the other side of the tracks takes him only a few steps, as he meets Alaska Young just down the hall at school. She is sexy, funny, and everything else that makes teenage boys drool. She is also a self-destructive sort, headed toward the "After" portion of *Looking for Alaska*, where everything comes crashing down. As our sidekick details, the themes of life and death weave their way through the novel, drawing the characters closer together while preparing them for something that will rip them apart.

Peyton Stratford is her family's unofficial keeper of all things secret, from the petty and mundane to the potentially life-changing. But Peyton is keeping a secret of her own. And it's a doozy. Pastor Brice Northam is used to hearing secrets. After all, it's part of his job description. But he's about to hear one that's going to challenge him almost as much as his feelings for the person confessing. Peyton needs some serious help from Brice, but how much does she dare tell him? And what, exactly, is Brice hiding from Peyton—and himself? Clearly they both have some serious soul-searching to do. But maybe, just maybe, the

answer to secrets isn't silence. Or more secrets. Maybe it's love. * * * Note: While the Secret Keeper series does feature some characters who are Christian (the hero is a pastor, so that's a dead giveaway), it is not a Christian romance in the traditional sense, and some characters find themselves in adult situations and using strong language. Not that the pastor approves! But he's fallen in love with a complex, modern woman whose life is anything but predictable. If you think you could too, then dive in. Bring your sense of humor and your compassion, and then hold on for the emotional ride of your life!

"In The Lowering Days Gregory Brown gives us a lush, almost mythic portrait of a very specific place and time that feels all the more universal for its singularity. There's magic here." -Richard Russo, Pulitzer Prize-winning author of Empire Falls and Chances Are A promising literary star makes his debut with this emotionally powerful saga, set in 1980s Maine, that explores family love, the power of myths and storytelling, survival and environmental exploitation, and the ties between cultural identity and the land we live on If you paid attention, you could see the entire unfolding of human history in a story . . . Growing up, David Almerin Ames and his brothers, Link and Simon, believed the wild patch of Maine where they lived along

the Penobscot River belonged to them. Running down the state like a spine, the river shared its name with the people of the Penobscot Nation, whose ancestral territory included the entire Penobscot watershed—the land upon which the Ames family eventually made their home. The brothers' affinity for the natural world derives from their iconoclastic parents, Arnoux, a romantic artist and Vietnam War deserter who builds boats by hand, and Falon, an activist journalist who runs *The Lowering Days*, a community newspaper which gives equal voice to indigenous and white issues. But the boys' childhood reverie is shattered when a bankrupt paper mill, once the Penobscot Valley's largest employer, is burned to the ground on the eve of potentially reopening. As the community grapples with the scope of the devastation, Falon receives a letter from a Penobscot teenager confessing to the crime—an act of justice for a sacred river under centuries of assault. For the residents of the Penobscot Valley, the fire reveals a stark truth. For many, the mill is a lifeline, providing working class jobs they need to survive. Within the Penobscot Nation, the mill is a bringer of death, spewing toxic chemicals and wastewater products that poison the river's fish and plants. As the divide within the community widens, the building anger and resentment explodes in tragedy, wrecking the lives of David and those around him. Evocative and atmospheric, pulsating with the rhythms of the natural world, *The Lowering Days* is a meditation on the flow and weight of history, the power and fragility of love, the dangerous fault lines underlying families, and the enduring land where stories are created and told.
