When it comes to their personal transportation, today's youth have shunned the large, heavy performance cars of their parents' generation and instead embraced what has become known as the "sport compact"--smaller, lightweight, modern sports cars of predominantly Japanese manufacture. These cars respond well to performance modifications due to their light weight and technology-laden, high-revving engines. And by far, the most sought-after and modified cars are the Hondas and Acuras of the mid-'80s to the present. An extremely popular method of improving vehicle performance is a

process known as engine swapping. Engine swapping consists of removing a more powerful engine from a better-equipped or more modern vehicle and installing it into your own. It is one of the most efficient and affordable methods of improving your vehicle's performance. This book covers in detail all the most popular performance swaps for Honda Civic, Accord, and Prelude as well as the Acura Integra. It includes vital information on electrics, fit, and drivetrain compatibility, design considerations, step-by-step instruction, and costs. This book is must-have for the Honda enthusiast.

A Novel Simon and Schuster

In this riveting tale that “ will keep you on your toes until the very end ”

(HelloGiggles), two couples embark on a toxic relationship after a night of sexual shenanigans, unaware of the manipulative teenager with an explosive secret at the center of it all—from the USA TODAY bestselling author of *The Party*. Low Morrison is not your average teen. You could blame her hippie parents or her dreary, isolated hometown on an island in the Pacific Northwest. But whatever the reason, Low just doesn't fit in—and neither does Freya, an ethereal beauty and once-famous social media influencer who now owns the local pottery studio.

After signing up for a class, Low quickly falls under Freya's spell. And Freya, buoyed by Low's adoration, is compelled to share her darkest secrets and deepest desires. Finally, both feel a sense of belonging...that is, until Jamie walks through the studio door. Desperate for a baby, she and her husband have moved to the island hoping that the healthy environment will result in a pregnancy.

Freya and Jamie become fast friends, as do their husbands, leaving Low alone once again. Then one night, after a boozy dinner party, Freya suggests swapping partners. It should have been a harmless fling between consenting adults, one night of debauchery that they would put behind them, but instead, it upends their lives. And provides Low the perfect opportunity to unleash her growing resentment. An “ explosive, sexy, and completely absorbing ” (Kate Moretti, New York Times bestselling author) thriller, *The Swap* is perfect for fans of Megan Miranda and Lisa Jewell.

The Christmas Swap Kensington Cozies An instant New York Times bestseller, this prequel to the acclaimed Cork O' Connor series is "a pitch perfect, richly imagined story that is both an edge-of-your-seat thriller and an evocative, emotionally charged coming-of-age tale" (Kristin Hannah, #1 New York Times bestselling author) about fathers and sons, small-town conflicts, and the events that shape our lives forever. Aurora is a small town nestled in the ancient forest alongside the shores of Minnesota's Iron Lake. In the summer of 1963, it is the whole world to twelve-year-old Cork O' Connor, its rhythms as familiar as his own heartbeat. But when Cork stumbles upon the body of a man he revered hanging from a tree in an abandoned logging camp, it is the first in a series of events that will cause him to question everything he took for granted about his hometown, his family, and himself. Cork's father, Liam O' Connor, is Aurora's sheriff and it is

his job to confirm that the man's death was the result of suicide, as all the evidence suggests. In the shadow of his father's official investigation, Cork begins to look for answers on his own. Together, father and son face the ultimate test of choosing between what their heads tell them is true and what their hearts know is right. In this "brilliant achievement, and one every crime reader and writer needs to celebrate" (Louise Penny, #1 New York Times bestselling author), beloved novelist William Kent Krueger shows that some mysteries can be solved even as others surpass our understanding. Brandy just, well, lost her balance and fell . . . into the helpful arms of an old flame, local tycoon Wesley Sinclair III. But did Brandy's innocent slip lead to the murder of Wesley's

wife, Vanessa? Sure, Vanessa was furious that she caught Brandy in Wesley's embrace. And she did storm off threatening dire consequences for her humbled husband. So when Vanessa turns up very dead, the local tongue-wag is that Wesley may have permanently dethroned the queen of his castle. But Brandy—along with her notoriously nosy mother and their sleuthing shih tzu Sushi—is determined to dig for the whole truth. Each new clue points in a different direction. What about this suspicious Club of Eight, a super-secret high-society bridge group that supposedly has very liberal rules about "partners"? When a key witness joins the dead list, Brandy and Vivian know they've got to crack this case before the remorseless killer puts an end to their antiquing days—forever! The Holiday Swap Simon and Schuster Now a Disney Channel Original Movie, Megan Shull's smart and funny twist on Freaky Friday is perfect for fans of Wendy Mass, Jerry Spinelli, and Jon Scieszka! This middle grade novel is an excellent choice for tween readers in grades 5 to 6, especially during homeschooling. It's a fun way to keep your child entertained and engaged while not in the classroom. With one random wish, Jack and Ellie are living life in each other's shoes. He's her. And she's him. ELLIE assumed popular guys didn't worry about body image, being perfect, or talking to girls, but acting like you're cool with everything is tougher than it looks.

JACK thought girls had it easy—no fights with bullies, no demanding dads, no power plays—but facing mean girls at sleepovers and getting grilled about your period is way harder than taking a hit to the face at sports practice. Now they're dealing with each other's middle school dramas—locker room game battles, bra shopping, and a slew of hilariously awkward moments—until they hopefully switch back! Told in both Jack's and Ellie's voices, The Swap offers a fresh and honest take on tween friendship, all while exploring more serious themes of family, loss, empathy, and what it really means to be yourself. And as Jon Scieszka says, it's "seriously, truly, fearlessly funny!" A Novel CarTech Inc After her Click'd catastrophe, Allie Navarro is determined to redeem herself.
