Article shared by Loyalty is one of those terms which have departed most widely from their original meaning. By derivation loyalty means fidelity to law; but it has come to be used to express devoted fidelity not to the law, but to a king or other master. It is not difficult to see how this change of meaning was brought about.

Loyalty One of the most important ideologies to me is loyalty. Any successful relationship, whether it be business, love, or friendship, involves loyalty. A business builds loyalty with its customers by continuously providing good product and services to its customers so that they will return rather than look elsewhere for their needs.

[Essay on Loyalty | Bartleby](#)

The paper starts with the literature review

which is divided into two sub sections. The

first discusses the meaning of customer

loyalty, its importance and the factors

affecting it. While the second sub section

focuses on using loyalty status as basis of

market segmentation. Finally, the conclusion

sums up the main ideas of the paper.
