“ Powerful. ” —New York In 1912, the *Saint Anna*, a Russian exploration vessel in search of fertile hunting grounds, was frozen into the polar ice cap, trapping her crew aboard. For nearly a year and a half, they struggled to stay alive. As all hope of rescue faded, they realized their best chance of survival might be to set out

on foot, across hundreds of miles of desolate ice, with their lifeboats dragged behind them on sledges, in hope of reaching safety. Twenty of them chose to stay aboard; thirteen began the trek; of them all, only two survived. Originally published in Russia in 1917, *In the Land of White Death* was translated into English for the first time by the Modern Library to widespread critical acclaim. As well as recounting Albanov's vivid, first-person account of his ninety-day ordeal over 235 miles of frozen sea, this expanded paperback edition contains three newly discovered photographs and an extensive new Epilogue by David Roberts based on the never-before-published diary of Albanov's only fellow survivor, Alexander Konrad. As gripping as Albanov's own tale, the Epilogue sheds new light on the tragic events of 1912 – 1914, brings to life many of those who

perished (including the infamous captain Brusilov and nurse Zhdanko, the only woman on board), and, inadvertently, reveals one new piece of information—about the identity of the traitors who left Albanov for dead—that is absolutely shocking. “ Poetic. ” —The Washington Post • “ A lost masterpiece. ” —Booklist • “ A jewel of polar literature. ” —Seattle Post-Intelligencer • “ Vivid . . . This picture book for young readers about family, friendship and faith is rich in the details of Middle Eastern village life. It tells the warm story of a bond between a father, a son, and the son's favorite camel, as well as their devotion to the Muslim faith, and the power of prayer in their

daily life. Salah and his camel, Qadiim, are constant companions: They work together, eat together, and sleep together. Salah is distressed, however, because his camel always seems so sad and downcast, hanging his head low. But in middle of one night, Salah remembers what his father has told him -- that while mankind knows only ninety-nine names for Allah, there are actually one hundred names. What if Qadiim, the camel, could learn the hundredth name? Under the stars Salah prays "to Allah with all his strength." The next day-- a seeming miracle! -- the camel Quadiim carries his head high with a most knowing look. Does Quadiim know the one hundredth name? Beautifully written by Shulamith Levey Oppenheim and complemented by illustrations by Michael Hays that portray the lush, verdant landscape of the Middle East -- from the

banks of the Nile to its luminous starlit nights -- here is a spiritual and touching story of an Islamic family.

During the mid 1980s Howard Marks had forty three aliases, eighty nine phone lines and owned twenty five companies throughout the world. Whether bars, recording studios or offshore banks, all were money laundering vehicles serving the core activity: dope dealing.

Marks began to deal small amounts of hashish while doing a postgraduate philosophy course at Oxford, but soon he was moving much larger quantities. At the height of his career he was

smuggling consignments of up to fifty tons from Pakistan and Thailand to America and Canada and had contact with organisations as diverse as MI6, the CIA, the IRA and the Mafia. Mr Nice is Howard Mark's extraordinary story.

"Once again, Dave Anderson puts it all together in a way that almost makes you think he's been looking over your shoulder all these years. Chapter two alone, 'Abolish Corporate Welfare: Create a Culture of Merit,' is worth the time it takes to read the entire book." --Mike Roscoe, founder and President, Horizon Communications "Finally . . . a business book that gets to the heart of what

Spartacus St. Martin's Press The 1960s was a time of social and generational upheaval felt with particular intensity in the melting pot of New York City. A culture of corruption pervaded the New York Police Department, where payoffs, protection, and shakedowns of gambling rackets and drug dealers were common practice. The so-called blue code of silence protected the minority of crooked cops from the sanction of the majority. Into this maelstrom came a working class, Brooklyn-born, Italian cop with long

hair, a beard, and a taste for opera and ballet. Frank Serpico was a man who couldn't be silenced -- or bought -- and he refused to go along with the system. He had sworn an oath to uphold the law, even if the perpetrators happened to be other cops. For this unwavering commitment to justice, Serpico nearly paid with his life.

Orphaned, raised by wolves, and the proud owner of a horned pig named Merlin, Weylyn Grey knew he wasn't like other people. But when he single-handedly stopped that

tornado on a stormy Christmas day in Oklahoma, he realized just how different he actually was. As amazing as these powers may appear, they tend to manifest themselves at inopportune times and places, jeopardizing not only his own life, but the life of Mary, the woman he loves. *Beasts of Extraordinary Circumstance* tells the story of Weylyn Grey 's life from the perspectives of the people who knew him, loved him, and even a few who thought he was just plain weird. Although he doesn ' t stay in any of their lives for long, he leaves each of them with a story to tell: great storms that evaporate into thin air; fireflies that make phosphorescent honey; a house filled with spider webs and the strange man who inhabits it. There is one story, however, that Weylyn wishes he could change: his own. But first he has to muster enough courage to knock on Mary ' s front door.

Sentenced to life imprisonment in the penal colony of French Guiana, he became obsessed with one goal: "escape." After planning and executing a series of treacherous yet failed attempts over many years, he was eventually sent to the notorious prison, Devil's Island, a place from which no one had ever escaped . . . until Papillon. His flight to freedom remains one of the most incredible feats of human cunning, will, and endurance ever undertaken. Charriere's astonishing autobiography, "Papillon," was published in France to

instant acclaim in 1968, more than twenty years after his final escape. Since then, it has become a treasured classic -- the gripping, shocking, ultimately uplifting odyssey of an innocent man who would not be defeated.

En 1931, Henri Charrière, apodado Papillon por el tatuaje en forma de mariposa de su pecho, fue condenado a prisión por un asesinato que no había cometido. Sentenciado a cadena perpetua en una colonia penal de la Guayana Francesa, en su mente solo cabía una meta: escapar. Tras varios intentos fallidos de fuga a lo largo de

los años, fue enviado a la llamada Isla del Diablo, de donde ningún recluso se había evadido jamás... hasta su llegada. La lucha por la libertad de Papillon sigue siendo una de las más increíbles hazañas que el ingenio, el tesón y la valentía humanos hayan demostrado jamás. Su relato dio lugar a esta extraordinaria autobiografía, la odisea de un hombre inocente para perseguir lo que nunca debió perder: la libertad."--

A Nazi conspiracy in the heart of modern-day Manhattan—the blockbuster New York Times bestseller that became the classic film thriller. At Columbia University, Thomas “Babe” Levy, a postgrad history student and aspiring marathon runner, is working to clear his late father’s name after the scandal of his suicide, triggered by the McCarthy hearings and accusations of Communist affiliations. In Paraguay, Dr. Christian Szell, former Nazi dentist and protégé of Josef Mengele, has been in exile for decades. Infamous as the “White

Angel of Auschwitz,” he’s leaving his South American sanctuary to smuggle a fortune in gems out of New York City. Meanwhile, in London’s Kensington Gardens, an international assassin known only as Scylla has completed a hit. A man with too many secrets and twice as many enemies, Scylla has become a target himself, with only one place left to turn. Then, when Babe’s revered older brother, Doc, pays him a fateful and unexpected visit, it sets in motion a chain of events plunging Babe into a paranoid nightmare of family betrayal, international conspiracy, and the dark crimes of history. Now, the marathon man is running for his life, and closer to answering a single cryptic and terrifying question: “Is it safe?” William Goldman’s *Marathon Man* was adapted by the author for the award-winning 1976 film starring Dustin Hoffman and Laurence

Olivier. Upon its publication, the *Washington Post* called it “one of the best novels of the year,” and it remains a powerful, horrifying read. In the words of #1 *New York Times* – bestselling author Harlan Coben: “I found myself racing through it. You could have put a gun to my head, and I wouldn’t have been able to put [Marathon Man] down.” This ebook features a biography of William Goldman.
