It has been the fate of Milton, the most Hebraic of the great English poets, to have been interpreted in this century largely by those inhospitable to his Hebraism. To remedy this lack of balance, Jason Rosenblatt reveals Milton's epic representations of paradise and the fallen world to be the supreme coordinates of an interpretive struggle, in which Jewish beliefs that the Hebrew Bible was eternally authoritative Torah were set against the Christian view that it was a temporary law superseded by the New Testament. Arguing that the Milton of the 1643-1645 prose tracts saw the Hebrew Bible from the Jewish perspective, Rosenblatt shows that these tracts are the principal doctrinal matrix of the middle books of Paradise Lost, which present the Hebrew Bible and Adam and Eve as self-sufficient entities. Rosenblatt acknowledges that later in Paradise Lost, after the fall, a Pauline hermeneutic reduces the Hebrew Bible to a captive text and Adam and Eve to shadowy types. But Milton's shift to a radically Pauline ethos at that point does not annul the Hebraism of the earlier part of the work. If Milton resembles Paul, it is not least because his thought could attain harmonies only through dialectic. Milton's poetry derives much of its power from deep internal struggles over the value and meaning of law, grace, charity, Christian liberty, and the relationships among natural law, the Mosaic law, and the gospel.

Published to accompany the 1994 exhibition at The Museum of Modern Art, New York, this book constitutes the most extensive survey of modern illustrated books to be offered in many years. Work by artists from Pierre Bonnard to Barbara Kruger and writers from Guillaume Apollinaire to Susan Sontag. An important reference for collectors and connoisseurs. Includes notable works by Marc Chagall, Henri Matisse, and Pablo Picasso. Land Use Scenarios Simon and Schuster

A Crystal Singer novel—a captivating blend of adventure, intrigue and romance. Killashandra Ree's life was one of catastrophic changes. She had joined the Heptite Guild to become a crystal singer, get rich, and forget her past. And at first everything went just as she had hoped. In one season on the deadly beautiful world of Ballybran, she had sung Black Crystal, grown wealthy, and met a man who made her sorrows seem unworthy of notice. But then, a year later, a devastating storm turned her claim to useless rock. In short order she was broke, she had crystal sickness so bad she thought she'd die, and the only way she could be true to the man she loved was to leave him. . . .

[Raw Blue](#) One World

A sweeping, gorgeously written novel of Lewis and Clark's legendary expedition, named one of the best novels of the year by The Boston Globe, Salon, The Los Angeles Times, and The Christian Science Monitor. Brian Hall's compulsively readable novel vividly re-creates Lewis and Clark's extraordinary journey into the unknown western frontier. Focusing on the emblematic moments of the participants' lives, the story unfolds through the perspectives of four competing voices—from the troubled and mercurial figure of Meriwether Lewis, the expedition leader who found that it was impossible to enter paradise without having it crumble around him, to Sacagawea, the Shoshone girl-captive and interpreter for the expedition, whose short life mirrored the disruptive times in which she lived. Bringing the day-to-day life of the expedition alive as no work of history ever could, Hall's magnificent novel fills in the gaps and provides a new perspective on the most famous journey in American history.

Lira, a famous siren, must prove herself by stealing the heart of the man, a siren-hunting prince who's threatening her race in this action-packed debut.

[Modernity At Large](#) HarperCollins

A Globe and Mail Top 100 Book of the Year In this "engrossing must-read" by "Canada's most accomplished popular historian" (Ellery Queen Mystery Magazine), the glittering life and brutal murder of Sir Harry Oakes is newly investigated. Murdered Midas is "superior true-crime writing" (The Globe and Mail). On an island paradise in 1943, Sir Harry Oakes, gold-mining tycoon, philanthropist and one of the richest men in the British Empire, is murdered. The news of his death surges across the English-speaking world, from London, the Imperial centre, to the remote Canadian mining town of Kirkland Lake in the Northern Ontario bush. The murder becomes celebrated as the crime of the century. The layers of mystery deepen as the involvement of Count Alfred de Marigny, Oakes's son-in-law, comes into question. Also suspicious are the odd machinations of the governor of the Bahamas, the former King Edward VIII. But despite a sensational trial, no murderer is convicted. Rumours about Oakes's missing fortune are unrelenting, and fascination with the story has persisted for decades. Award-winning biographer and popular historian Charlotte Gray explores the life of the man behind the scandal—from his early, hardscrabble days during the massive mineral rush in Northern Ontario, to the fabulous fortune he reaped from his own gold mine, to his grandiose gestures of philanthropy. And Gray brings fresh eyes to the bungled investigation and shocking trial on the remote colonial island, proposing an overlooked suspect in this long cold case. Murdered Midas is the story of the man behind the newspaper headlines, a man both admired and reviled who, despite great wealth and public standing, never experienced justice.

[Paradise](#) McFarland

Presents a collection of essays on cooking and eating for one by twenty-six top writers and foodies, including Ann Patchett, Marcella Hazan, Haruki Murakami, Courtney Eldridge, and Nora Ephron.

In The Paradise Notebooks, Richard J. Nevle and Steven Nightingale take us across the spectacular Sierra Nevada mountain range on a journey illuminated by incandescent poetry and fascinating fact. Over the course of twenty-one pairs of short essays, Nevle and Nightingale contemplate the natural phenomena found in the Sierra Nevada. From granite to aspen, to fire, to a rare, endemic species of butterfly, these essay pairs explore the natural history and mystical wonder of each element with a balanced and captivating touch. As they weave in vignettes from their ninety-mile backpacking trip across the range, Nevle and Nightingale powerfully reconceive the Sierra Nevada as both earthly matter and transcendental offering, letting us into a reality in which nature holds just as much spiritual importance as it does physical. In a time of rapid environmental degradation, The Paradise Notebooks offers a way forward—a whole-minded, learned, loving attention to place that rekindles our joyful relationship with the living world.

[Paradise Now](#) Routledge

An intense and riveting novel from the critically acclaimed author of Before I Die. If someone hurts your sister and you're any kind of man, you seek revenge. If your brother's accused of a terrible crime but says he didn't do it, you defend him. When Mikey's sister claims a boy assaulted her, his world begins to fall apart. When Ellie's brother is charged with the offense, her world begins to unravel. When Mikey and Ellie meet, two worlds collide. This is a brave and unflinching novel from the bestselling author of Before I Die. It's a book about loyalty and the choices that come with it. But above all, it's a book about love.

[The Gate to Women's Country](#) Penguin

At the tail end of the Roaring Twenties, a birthday bash for publishing heir John Sebastian, Jr., perfectly coincides with the twelve days of Christmas. Among the twelve invited guests is Ellery Queen, a newly published mystery writer planning to enjoy every last minute. But when an uninvited Santa Claus shows up on Christmas Eve and then mysteriously goes missing, the party takes a disturbing turn. Threatening clues masked as gifts begin to appear under the tree, and Queen—a novice crime fighter on his first solo case—must try to solve the killer's puzzle before someone gets murdered. After a dead body turns up, Queen is no closer to stopping the killer. If he can't anticipate the next clue before it shows up, John Sebastian's birthday will end up his funeral.

[The Current Implementation of the Independent Counsel Act](#) Cornell University Press

Almost-15-year-old Austin Gray is tired of standing at the curb and watching the parade pass her by. Literally. She decides this is the year she'll ride on the hood of a shiny pickup truck in the annual parade, waving to the crowd and finally showing the town bully that she's got what it takes to be the Sweetheart of Prosper County. But far from simply being a beauty contest, becoming Sweetheart involves participation in the Future Farmers of America (FFA), raising an animal, and hunting or fishing. Austin will do almost anything to become Sweetheart, and has the support of her oldest friend, Maribel, her new FFA friends (including the reigning Sweetheart, and a quiet, cute cowboy), an evangelical Elvis impersonator, a mysterious Cajun outcast, and a rooster named Charles Dickens. If only her momma would stop overprotecting her, and start letting Austin live her own life. But Austin can't move on until Momma moves on, too—and lets the grief of losing Austin's daddy several years before out into the open. Here is a bighearted story that will leave readers agreeing with Austin that sometimes, it's not what you ride, it's how you roll.

Award-winning novel by Kirsty Eagar, author of Saltwater Vampires and Night Beach. Raw Blue was awarded the 2010 Victorian Premier's Literary Awards Young Adult Fiction prize. Readers of Tim Winton's Breath will be drawn to Raw Blue, an achingly beautiful young adult novel set in Sydney's northern beaches. Winner of the 2010 Victorian Premier's Literary Awards, it is a haunting story about finding your passion in life. Carly has dropped out of uni to spend her days surfing and her nights working as a cook in a Manly cafe. Surfing is the one thing she loves doing ... and the only thing that helps her stop thinking about what happened two years ago. Then she meets Ryan and Carly has to decide. Will she let the past bury her? Or can she let go of her anger and shame, and find the courage to be happy? Check out Kirsty Eagar's website at www.kirstyeagar.com, and read her blog to find out about her thoughts on books, writing, music, surfing, and finding inspiration, or visit betweenthehines.com.au - the destination for Young Adult books. Praise for Raw Blue: 'Kirsty Eagar's fearless Raw Blue, a story of regeneration set on Sydney's northern beaches, is much more than just a promising debut: this one delivers.' Australian Book Review Best Books of 2009: Critics' Choices 'Kirsty Eagar's first novel explores dark territory with skill and sensitivity.' The Age 'An emotionally rich and powerful first novel.' Canberra Times 'If you only read one book this year ... it should be Kirsty Eagar's Raw Blue one of those kept-me-up-all-night novels that stays in your bones and sings in your ears long after you've finished it. It wouldn't be out of place next to Tim Winton's Breath, except this is the ocean as healer, not as an object to be conquered, or the site of self-destruction, of risk. The images crackle, the lines are full of the poetry of observation, the story is searing, gutting, beautiful. This should be compulsory reading for all teenagers especially boys.' julialawrinson.livejournal.com 'This is a psychologically intense novel that involves even non-surfing readers in the release Carly feels when conquering the waves we empathise with her in the long battle between desire and fear on the path to self-acceptance.' Magpies 'I read this book feverishly, desperate for a happy ending, and afterwards found it difficult to get Carly and the men who ride into her life out of my mind.' Newcastle Herald '[a] very moving book It's dark subject matter, but Eagar makes it uplifting.' Sunday Territorian 'A memorable first book by a writer who gives an honest approach to what young adults face growing up and growing wiser.' Woman's Day Read of the Week

[Love In Rewind](#) Simon and Schuster

Any alteration of the natural processes occurring on a piece of land will have expected as well as unanticipated effects, and those effects have little regard for arbitrary human boundaries. Consequently, it is not enough for land managers to consider only how they might maintain the parcels for which they are responsible; they must also anticipate how changes to neighboring lands might impact their properties. Land Use Scenarios: Environmental Consequences of Development demonstrates how the success of local decision making is largely determined by factors that are difficult to control or forecast. It shows the importance of geographic vulnerability analysis, which takes into consideration possible scenarios about how, where, and when future patterns of land use might develop. It points to the consideration of critical uncertainties—those aspects of the future, that while difficult to predict, may have a profound impact on pending decisions. Detailing research supported by the United States Marine Corps, the text presents a study of the region of Marine Corps Base Camp Pendleton and Air Station Miramar in California. While this area remains largely un-built, but extensively used, ongoing regional growth is having dramatic impact on the land and must be factored into any decision making. This research— Provides a better understanding of the potential consequences of urban development on native flora and fauna Describes theoretical concerns prompted by scenario-based projections Gives an overview of the history of scenario-based techniques for urban and regional planning Helps define measures for maintaining undeveloped lands in rapidly developing areas In publishing this research, the investigators provide information regarding issues of urban development and possible environmental consequences to stakeholders and jurisdictions whose actions may influence the future

of the region. More broadly, the book will aid managers and stakeholders from other areas to engage spatial contingencies toward the goal of developing more resilient landscapes.

This book looks at literature that features young adults who either identify themselves as artists or use the arts in very intentional ways to help create a sense of self in their adolescent lives. The authors examine a number of books featuring teens who engage in music, poetry, painting, and various other means of artistic expression.

[The Sweetheart of Prosper County](#) Jabberwocky Literary Agency, Inc.

NEW YORK TIMES BESTSELLER • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY SAN FRANCISCO CHRONICLE, USA TODAY, AND CHICAGO TRIBUNE • A masterly work of literary journalism about a senseless murder, a relentless detective, and the great plague of homicide in America NATIONAL BOOK CRITICS CIRCLE AWARD FINALIST • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review

• The Washington Post • The Boston Globe • The Economist • The Globe and Mail • BookPage • Kirkus Reviews On a warm spring evening in South Los Angeles, a young man is shot and killed on a sidewalk minutes away from his home, one of the thousands of black Americans murdered that year. His assailant runs down the street, jumps into an SUV, and vanishes, hoping to join the scores of killers in American cities who are never arrested for their crimes. But as soon as the case is assigned to Detective John Skaggs, the odds shift. Here is the kaleidoscopic story of the quintessential, but mostly ignored, American murder—a “ghettoside” killing, one young black man slaying another—and a brilliant and driven cadre of detectives whose creed is to pursue justice for forgotten victims at all costs. Ghettside is a fast-paced narrative of a devastating crime, an intimate portrait of detectives and a community bonded in tragedy, and a surprising new lens into the great subject of why murder happens in our cities—and how the epidemic of killings might yet be stopped. Praise for Ghettside “A serious and kaleidoscopic achievement . . . [Jill Leovy is] a crisp writer with a crisp mind and the ability to boil entire skies of information into hard journalistic rain.” —Dwight Garner, The New York Times “Masterful . . . gritty reporting that matches the police work behind it.” —Los Angeles Times “Moving and engrossing.” —San Francisco Chronicle “Penetrating and heartbreaking . . . Ghettside points out how relatively little America has cared even as recently as the last decade about the value of young black men’s lives.” —USA Today “Functions both as a snappy police procedural and—more significantly—as a searing indictment of legal neglect . . . Leovy’s powerful testimony demands respectful attention.” —The Boston Globe

The Sweetheart of Prosper County Penguin UK

“Nothing short of a masterpiece.” —NPR Books A New York Times Bestseller and a Washington Post Notable Book of the Year In the most ambitious one-volume American history in decades, award-winning historian Jill Lepore offers a magisterial account of the origins and rise of a divided nation. Widely hailed for its “sweeping, sobering account of the American past” (New York Times Book Review), Jill Lepore’s one-volume history of America places truth itself—a devotion to facts, proof, and evidence—at the center of the nation’s history. The American experiment rests on three ideas—“these truths,” Jefferson called them—political equality, natural rights, and the sovereignty of the people. But has the nation, and democracy itself, delivered on that promise? These Truths tells this uniquely American story, beginning in 1492, asking whether the course of events over more than five centuries has proven the nation’s truths, or belied them. To answer that question, Lepore wrestles with the state of American politics, the legacy of slavery, the persistence of inequality, and the nature of technological change. “A nation born in contradiction . . . will fight, forever, over the meaning of its history,” Lepore writes, but engaging in that struggle by studying the past is part of the work of citizenship. With These Truths, Lepore has produced a book that will shape our view of American history for decades to come.

Hausfrau Scarecrow Press

Robots may one day rule the world, but what is a robot-ruled Earth like? Many think the first truly smart robots will be brain emulations or ems. Scan a human brain, then run a model with the same connections on a fast computer, and you have a robot brain, but recognizably human. Train an em to do some job and copy it a million times: an army of workers is at your disposal. When they can be made cheaply, within perhaps a century, ems will displace humans in most jobs. In this new economic era, the world economy may double in size every few weeks. Some say we can’t know the future, especially following such a disruptive new technology, but Professor Robin Hanson sets out to prove them wrong. Applying decades of expertise in physics, computer science, and economics, he uses standard theories to paint a detailed picture of a world dominated by ems. While human lives don’t change greatly in the em era, em lives are as different from ours

as our lives are from those of our farmer and forager ancestors. Ems make us question common assumptions of moral progress, because they reject many of the values we hold dear. Read about em mind speeds, body sizes, job training and career paths, energy use and cooling infrastructure, virtual reality, aging and retirement, death and immortality, security, wealth inequality, religion, teleportation, identity, cities, politics, law, war, status, friendship and love. This book shows you just how strange your descendants may be, though ems are no stranger than we would appear to our ancestors. To most ems, it seems good to be an em.
