Paris in Stride Papilio

The #1 bestseller that tells the remarkable story of the generations of American artists, writers, and doctors who traveled to Paris, fell in love with the city and its people, and changed America through what they learned, told by America ' s master historian, David McCullough. Not all

pioneers went west. In *The Greater Journey*, David McCullough tells the enthralling, inspiring—and until now, untold—story of the adventurous American artists, writers, doctors, politicians, and others who set off for Paris in the years between 1830 and 1900, hungry to learn and to excel in their work. What they achieved would profoundly alter American history. Elizabeth Blackwell, the first female doctor in America, was one of this intrepid band. Another was Charles Sumner, whose encounters with black students at the Sorbonne inspired him to become the most powerful voice for abolition in the US Senate. Friends James Fenimore Cooper and Samuel F. B. Morse worked unrelentingly every day in Paris, Morse not only painting what would be his masterpiece, but also bringing home his momentous idea for the telegraph. Harriet Beecher Stowe traveled to Paris to escape the controversy generated by her book, *Uncle Tom's Cabin*. Three of the greatest American artists ever—sculptor Augustus Saint-Gaudens, painters Mary Cassatt and John Singer Sargent—flourished in Paris, inspired by French masters. Almost forgotten today, the heroic American ambassador Elihu Washburne bravely remained at his post through the Franco-Prussian War, the long Siege of Paris, and the nightmare of the Commune. His vivid diary account of the starvation and suffering endured by the people of Paris is published here for the first time. Telling their stories with power and intimacy, McCullough brings us into the lives of remarkable men and women who, in Saint-Gaudens' phrase, longed “to soar into the blue.”

An evocative portrait of the underbelly of contemporary Paris as seen through the eyes of a young waiter scraping out a living in the City of Light. A waiter's job is to deceive you. They want you to believe in a luxurious calm because on the other side of that door... is hell. Edward Chisholm's spellbinding memoir of his time as a

Parisian waiter takes you beneath the surface of one of the most iconic cities in the world—and right into its glorious underbelly. He inhabits a world of inhuman hours, snatched sleep and dive bars; scraping by on coffee, bread and cigarettes, often under sadistic managers, with a wage so low you're fighting your colleagues for tips. Your colleagues—including thieves, narcissists, ex-soldiers, immigrants, wannabe actors, and drug dealers—are the closest thing to family that you've got. It's physically demanding, frequently humiliating and incredibly competitive. But it doesn't matter because you're in Paris, the center of the universe, and there's nowhere else you'd rather be in the world.

Journey to the Lost City Farrar, Straus and Giroux

FINALIST FOR THE PEN/DIAMONSTEIN-SPIELVOGEL AWARD FOR THE ART OF THE ESSAY A New York Times Notable Book of 2017

The flâneur is the quintessentially masculine figure of privilege and leisure who strides the capitals of the world with abandon. But it is the flâneuse who captures the imagination of the cultural critic Lauren Elkin. In her wonderfully gender-bending new book, the flâneuse is a “determined, resourceful individual keenly attuned to the creative potential of the city and the liberating possibilities of a good walk.” Virginia Woolf called it “street haunting”; Holly Golightly epitomized it in *Breakfast at Tiffany's*; and Patti Smith did it in her own inimitable style in 1970s New York. Part cultural meander, part memoir, *Flâneuse* takes us on a distinctly cosmopolitan jaunt that begins in New York, where Elkin grew up, and transports us to Paris via Venice, Tokyo, and London, all cities in which she's lived. We are shown the paths beaten by such flâneuses as the cross-dressing nineteenth-century novelist George Sand, the Parisian artist Sophie Calle, the wartime correspondent Martha Gellhorn, and the writer Jean Rhys. With tenacity and insight, Elkin creates a mosaic of what urban settings have meant to women, charting

through literature, art, history, and film the sometimes exhilarating, sometimes fraught relationship that women have with the metropolis. Called “deliciously spiky and seditious” by *The Guardian*, *Flâneuse* will inspire you to light out for the great cities yourself.

My (Part-Time) Paris Life St. Martin's Griffin Poignant, touching, and lively, this memoir of a woman who loses her mother and creates a new life for herself in Paris will speak to anyone who has lost a parent or reinvented themselves. Lisa Anselmo wrapped her entire life around her mother, a strong woman who was a defining force in her daughter's life—maybe too defining. When her mother dies from breast cancer, Lisa realizes she hadn't built a life of her own, and struggles to find her purpose. Who is she without her mother—and her mother's expectations? Desperate for answers, she reaches for a lifeline in the form of an apartment in Paris, refusing to play it safe for the first time. What starts out as a lurching act of survival sets Lisa on a course that reshapes her life in ways she never could have imagined. But how can you imagine a life bigger than anything you've ever known? In the vein of *Eat, Pray, Love* and *Wild*, *My (Part-time) Paris Life* a story is for anyone who's ever felt lost or hopeless, but still holds out hope of something more. This candid memoir explores one woman's search for peace and meaning, and how the ups and downs of expat life in Paris taught her to let go of fear, find self-worth, and create real, lasting happiness.

Happy City: Transforming Our Lives Through Urban Design ABRAMS

A globe-trotting, eye-opening exploration of how cities can—and do—make us happier people Charles Montgomery's *Happy City* will revolutionize the way we think about urban life. After decades of unchecked sprawl, more people than ever are moving back to the city. Dense urban living has

been prescribed as a panacea for the environmental and resource crises of our time. But is it better or worse for our happiness? Are subways, sidewalks, and tower dwelling an improvement on the car-dependence of sprawl? The award-winning journalist Charles Montgomery finds answers to such questions at the intersection between urban design and the emerging science of happiness, and during an exhilarating journey through some of the world's most dynamic cities. He meets the visionary mayor who introduced a "sexy" lipstick-red bus to ease status anxiety in Bogotá; the architect who brought the lessons of medieval Tuscan hill towns to modern-day New York City; the activist who turned Paris's urban freeways into beaches; and an army of American suburbanites who have transformed their lives by hacking the design of their streets and neighborhoods. Full of rich historical detail and new insights from psychologists and Montgomery's own urban experiments, *Happy City* is an essential tool for understanding and improving our own communities. The message is as surprising as it is hopeful: by retrofitting our cities for happiness, we can tackle the urgent challenges of our age. The happy city, the green city, and the low-carbon city are the same place, and we can all help build it.

Paris and the Musical explores how the famous city has been portrayed on stage and screen,

investigates why the city has been of such importance to the genre and tracks how it has developed as a trope over the 20th and 21st centuries. From global hits *An American in Paris*, *Gigi*, *Les Misérables*, *Moulin Rouge!* and *The Phantom of the Opera* to the less widely-known *Bless the Bride*, *Can-Can*, *Irma la Douce* and *Marguerite*, the French capital is a central character in an astounding number of Broadway, Hollywood and West End musicals. This collection of 18 essays combines cultural studies, sociology, musicology, art and adaptation theory, and gender studies to examine the envisioning and dramatisation of Paris, and its depiction as a place of romance, hedonism and libertinism or as 'the capital of the arts'. The interdisciplinary nature of this collection renders it as a fascinating resource for a wide range of courses; it will be especially valuable for students and scholars of Musical Theatre and those interested in Theatre and Film History more generally.

'Paris is the World, the rest of the Earth is nothing but its suburbs' - Marivaux In this intelligently-written and supremely entertaining new history, Colin Jones seeks to give a sense of the city of Paris as it was lived in and experienced over time. The focal point of generation upon generation of admirers and detractors, a source of attraction or repulsion even for those who have never been there, Paris has witnessed more extraordinary events than any other major city. No spot on earth has been more walked around, written about, discussed, painted and photographed. With an eye for the revealing, startling and (sometimes) horrible detail, Colin Jones takes the reader from Roman Paris to the present, recreating the ups and downs in the history of the city and its inhabitants. Attentive to both the urban environment and to the experience of those who lived within it, PARIS:

BIOGRAPHY OF A CITY will be hugely enjoyed by habitual Paris obsessives, by

first-time visitors, and by those who know the city only by repute.

Post May 1940: The world is stunned as Hitler's forces invade France with a devastating blitzkrieg aimed at Paris. Within weeks, the French government has collapsed, and the City of Lights, revered for its carefree lifestyle, intellectual freedom, and love of liberty, has fallen under Nazi control—perhaps forever. As the Germans ruthlessly crush all opposition, a patriotic band of Parisians known as the Resistance secretly rise up to fight back. But these young men and women cannot do it alone. Over 120,000 Parisians die under German occupation. Countless more are tortured in the city's Gestapo prisons and sent to death camps. The longer the Nazis hold the city, the greater the danger its citizens face. As the armies of America and Great Britain prepare to launch the greatest invasion in history, the spies of the Resistance risk all to ensure the Germans are defeated and Paris is once again free. The players holding the fate of Paris in their hands are some of the biggest historical figures of the era: Winston Churchill, Franklin Roosevelt, General George S. Patton, and the exiled French general Charles de Gaulle, headquartered in London's Connaught Hotel. From the fall of Paris in 1940 to the race for Paris in 1944, this riveting, page-turning drama unfolds through their decisions—for better and worse. Taking Paris is history told at a breathtaking pace, a sprawling yet intimate saga of heroism, desire, and personal sacrifice for all that is right.
