The stories show that love is a power that makes us fight a system, cross borders, but also makes us do things we later regret. "Parlami d'amore" tells the story of a Polish girl's involvement with an Italian 'Casanova' and her subsequent search for the father of her son. "From Moscow with Love" is the cold war love story of a Swedish scientist and his Russian interpreter fighting the communist system. "From St. Petersburg without Love" is the story of love and betrayal of a Miami lawyer and a Russian musician set in the post cold war era. Finally, in "Prearranged Love" the Indian culture of prearranged marriages is confronted with the desire of two young people to be together.

In all languages, humans frequently use linguistic combinations called phraseological units (PUs) in communicative acts. These PUs are characterized by their institutionalized fixation and, in many cases, by their opacity. Traditionally, the work on phraseology has placed the emphasis on the total fixing of components and structures of verbal expressions. Variation in PUs is currently an uncontested fact and has been extensively studied and analyzed. In addition, in the case of languages like Spanish, English, French, spoken in many countries, new creations or diatopic variants arise. While these diatopic expressions have been collected or analyzed in their territory of influence, no comprehensive collection showing all the expressions and contrastive analysis to observe the similarities and differences between these diatopic creations with all their idiosyncratic and cultural references have been made so far. The content of this volume deals with numerous linguistic, lexicographic and translational problems in the context of language variation in general, as well as specifically related to diatopic variation. The aim is to make progress in these challenging and highly

interesting areas which still pose many comprehension and translation problems.

A Library Journal Best Book of the Year A Sight and Sound Best Film Book Of 2020 For the thirtieth anniversary of its premiere comes the vivid and immersive history behind Martin Scorsese ' s signature film Goodfellas, hailed by critics as the greatest mob movie ever made. When Goodfellas first hit the theatres in 1990, a classic was born. Few could anticipate the unparalleled influence it would have on pop culture, one that would inspire future filmmakers and redefine the gangster picture as we know it today. From the rush of grotesque violence in the opening scene to the iconic hilarity of Joe Pesci ' s endlessly quoted " Funny how? " shtick, it ' s little wonder the film is widely regarded as a mainstay in contemporary cinema. In the first ever behind-the-scenes story of Goodfellas, film critic Glenn Kenny chronicles the making and afterlife of the film that introduced America to the real modern gangster---brutal, ruthless, yet darkly appealing, the villain we can ' t get enough of. Featuring interviews with the film ' s major players, including Martin Scorsese and Robert De Niro, Made Men shines a light on the lives and stories wrapped up in the Goodfellas universe, and why its enduring legacy is still essential to charting the trajectory of American culture thirty years later.

Reflections on the Music of Ennio Morricone Gremese Editore

The intersection between film stardom and politics is an understudied phenomenon of Fascist Italy, despite the fact that the Mussolini regime deemed stardom important enough to warrant sustained attention and interference.

Focused on the period from the start of sound cinema to the final end of Fascism in 1945, this book examines the development of an Italian star system and evaluates its place in film production and distribution. The performances and careers of several major stars, including Isa Miranda, Vittorio De Sica, Amedeo Nazzari, and Alida Valli, are closely analyzed in terms of their relationships to the political sphere and broader commercial culture, with consideration of their fates in the aftermath of Fascism. A final chapter explores the place of the stars in popular memory and representations of the Fascist film world in postwar cinema.

When Benito Mussolini proclaimed that "Cinema is the strongest weapon," he was telling only half the story. In reality, very few feature films during the Fascist period can be labeled as propaganda. Re-viewing Fascism considers the many films that failed as "weapons" in creating cultural consensus and instead came to reflect the complexities and contradictions of Fascist culture. The volume also examines the connection between cinema of the Fascist period and neorealism—ties that many scholars previously had denied in an attempt to view Fascism as an unfortunate deviation in Italian history. The postwar directors Luchino Visconti, Roberto Rossellini, and Vittorio de Sica all had important roots in the Fascist era, as did the Venice Film Festival. While government censorship loomed over Italian filmmaking, it did not prevent frank depictions of sexuality and representations of men and women that challenged official gender policies. Re-viewing Fascism brings together scholars from different cultural and disciplinary backgrounds as it offers an engaging and innovative look into Italian cinema, Fascist culture, and society.
