You may think you are a Christian—but are you sure? Jesus’ call to follow him is more than an invitation to pray a prayer. It is a summons to lose your life and find new life and ultimate joy in him. In David Platt’s book *Follow Me: A Call to Die. A Call to Live* he asks the question, “What did Jesus really mean when he said, ‘Follow me’?” What if we really listened to Jesus’ words and heard what he is saying? When people truly engage with Jesus’ personal invitation to follow him, everything changes, for he is worthy of all our trust and affections. What

Did Jesus Really Mean When He Said Follow Me? builds on the message of Follow Me to motivate readers to experience our grand purpose: to exalt the glory of God by spreading Christ’s gospel—to make disciples who are making disciples. In his seventh book in The Swans Are Not Silent series, John Piper explores the lives of Charles Spurgeon, Hudson Taylor, and George Müller. Each of these men was known for extraordinary faith in God and untiring service to others. Each of them continues to motivate and inspire God's people even today. Rooted in their nineteenth-century British context, these three giants encouraged one another in their ministries—Spurgeon in the church, Müller in orphan care, and Taylor in world missions. Even through intense adversity, the lives of each of these men display their shared confidence in the power of God and their love for his glory and goodness. As you read these stories, may you be inspired to hold fast to the promises of God as you press on in commitment to Christ's mission. Part of the The Swans Are Not Silent series. Based on the National Study of Youth and Religion--the same invaluable data as its predecessor, Soul Searching: The Religious and Spiritual Lives of American Teenagers--Kenda Creasy Dean's compelling new book, Almost Christian, investigates why American teenagers are at once so positive about Christianity and at the same time so apathetic about genuine religious practice. In Soul Searching, Christian Smith and Melinda Lundquist Denton found that American teenagers have embraced a "Moralistic Therapeutic Deism"--a hodgepodge of banal, self-serving, feel-good beliefs that bears little resemblance to traditional Christianity. But far from faulting teens, Dean places the blame for this theological watering down squarely on the churches themselves. Instead of proclaiming a God who calls believers to lives

of love, service and sacrifice, churches offer instead a bargain religion, easy to use, easy to forget, offering little and demanding less. But what is to be done? In order to produce ardent young Christians, Dean argues, churches must rediscover their sense of mission and model an understanding of being Christian as not something you do for yourself, but something that calls you to share God's love, in word and deed, with others. Dean found that the most committed young Christians shared four important traits: they could tell a personal and powerful story about God; they belonged to a significant faith community; they exhibited a sense of vocation; and they possessed a profound sense of hope. Based on these findings, Dean proposes an approach to Christian education that places the idea of mission at its core and offers a wealth of concrete suggestions for inspiring teens to live more authentically engaged Christian lives. Persuasively and accessibly written, Almost Christian is a wake up call no one concerned about the future of Christianity in America can afford to ignore.

Why Is My Forever Taking Forever? Crossway
What if your daughter 's propensity for "feeling all the feels" is actually a good thing? Teens and tweens have a reputation for letting their emotions get the best of them, so much so that we often wonder if our families (and the world) wouldn ' t be better off if these young women we love could feel just a little less. But as Linda Barrick discovered, these emotions play an important role in the spiritual lives of young

women, and, when they learn to direct them rightly, their feelings can be a powerful force for good in their lives, homes, and schools. That ' s why Linda and her daughter Jen wrote this devotional for teen girls. After Linda ' s daughter, Jen, was in a traumatic car accident, Jen was in many ways " frozen " at age fifteen and completely uninhibited. That means Jen still says what she ' s thinking and feeling almost all the time. Because of this Jen ' s mom, Linda, got a unique glimpse into the inner world of young women, and she realized that the emotions young teen girls feel are a beautiful gift. It gives them the ability, like Jen, to have an unhindered, best-friend relationship with their Heavenly Father. In this 30-day devotional for young teen girls, Jen Barrick, with the help of her mom, Linda Barrick, compiled her own real-life prayers with passages from Psalms in order to speak directly to the heart of young women. It will teach these teens and tweens how to cultivate a deep, emotional relationship with the God who loves them. Each day will: address a different feeling and examine it in light of God ' s truth from a short passage of Psalms affirm young women ' s feelings as a gift of God demonstrate how their emotions are meant to lead them closer to God show them how to make their faith stronger when they use God ' s Word to navigate their emotions

The Black Book of Satan Multnomah Service learning, as defined by the editors, is the generation of knowledge that is of benefit to the community as a whole. This seventh volume in the Outreach Scholarship book series contributes a unique discussion of how service learning functions as a critical cornerstone of outreach scholarship. The sections and chapters of this book marshal evidence in support of the idea that undergraduate service learning, infused throughout the curriculum and coupled with outreach scholarship, is an integral means through which higher education can engage people and institutions of the communities of this nation in a manner that perpetuate civil society. The editors, through this series of models of service learning, make a powerful argument for the necessity of "engaged institutions".

A young Russian woman comes into her own in the midst of revolution and civil war in this "brilliant" novel set in "a world of furious beauty" (Los Angeles Review of Books). After the loves and betrayals of *The Revolution of Marina M.*, young poet Marina Makarova finds herself alone amid the devastation of the Russian Civil War -- pregnant and adrift, forced to rely on her own resourcefulness to find a place to wait out the birth of her child and eventually make her way back to her native city, Petrograd. After two years of revolution, the city that was once St. Petersburg is almost unrecognizable, the haunted, half-emptied, starving Capital of Once Had Been, its streets teeming with homeless children. Moved by their plight, though hardly better off herself, she takes on the challenge of caring for these orphans, until they become the tool of tragedy from an unexpected direction. Shaped by her country's ordeals and her own trials -- betrayal and privation and inconceivable loss -- Marina evolves as a poet and a woman of sensibility and substance hardly imaginable at the beginning of her transformative odyssey. *Chimes of a Lost Cathedral* is the culmination of one woman's journey through some of the most dramatic events of the last century -- the epic story of an artist who discovers her full power, passion, and creativity just as her revolution reveals its true direction for the future.

remember long after graduation? This book, the conclusion of a fifteen-year study of nearly one hundred college teachers in a wide variety of fields and universities, offers valuable answers for all educators. The short answer is—it 's not what teachers do, it 's what they understand. Lesson plans and lecture notes matter less than the special way teachers comprehend the subject and value human learning. Whether historians or physicists, in El Paso or St. Paul, the best teachers know their subjects inside and out—but they also know how to engage and challenge students and to provoke impassioned responses. Most of all, they believe two things fervently: that teaching matters and that students can learn. In stories both humorous and touching, Ken Bain describes examples of ingenuity and compassion, of students ' discoveries of new ideas and the depth of their own potential. What the *Best College Teachers Do* is a treasure trove of insight and inspiration for first-year teachers and seasoned educators.
