Scroll Up & Click On "Add To Cart" Button & Cut Your Study Time Into Half [Hot Topics Flashcards For Passing the PMP and CAPM Exams](#) Chris Daniel Project Management Professional (PMP(R)) is an internationally recognized professional designation offered by the Project

Management Institute (PMI). This book is a great way to evaluate your skills on the latest project management practices based on the PMBOK(R) Guide Exam 6th Edition. This PMP book contains PMP 6th edition exam questions that are similar to the questions that you can encounter in the PMP certification exam. In an attempt to help you clear the certification exam in the first try, this book is a great stepping stone for the all important PMP certification exam. So, why wait? As of March 2018, there are 833,025 active PMP certified individuals and 286 chartered chapters across 210 countries and territories worldwide. The exam is based on the PMI Project Management Body of Knowledge. The most important PMP(R) exam prep activity is to answer as many questions as you possibly can. To help you, we have developed this preparation book. The questions come from The PM Exam Simulator and they are all based on the most current PMP(R) Exam that has been in effect since March 2018. Based on the PMBOK(R) Guide Exam 6th Edition, for the 2019-2020 PMP(R) Exam! Exam syllabus: The PMP(R) exam is based on the PMP(R) Examination Specification, which describes tasks out of five performance domains: Initiating the project (13%) Planning the project (24%) Executing the project (31%) Monitoring and controlling the

project (25%) Closing the project (7%) The exam consists of 200 multiple choice questions written against the PMBOK(R) specification and the PMP(R) Code of Ethics. The exam is closed book; no reference materials are allowed. Twenty-five of the 200 questions on the exam are "sample" questions used to fine-tune the degree of difficulty and precision of the exam and as such are not counted for or against a test taker. These questions are placed

randomly throughout the exam. The test taker is only graded on their proficiency on 175 questions. The numbers in parentheses describe the percentage of questions for each domain. Welcome! Who this book is for: People who wants to pass their PMP Exam from the first try. Engineers. Business Development Managers. Project managers responsible for all aspects of leading, project delivery and directing teams and needs to qualify for the

PMP examination. All people with project management knowledge. 50+ Strategies to Pass the Project Management Certification Exam Rmc Publications Incorporated These days, job competition is fierce; you need an extra edge in everything you do. Good solid advice and great strategies in preparing for and passing the PMP exam, getting interviews and landing the PMP job. If you have prepared for the PMP exam - now is the moment to get this book and prepare for passing the exam and how to find and land a PMP job, There is absolutely nothing that isn't thoroughly covered in the book. It is straightforward, and does an excellent job of explaining some complex topics.

There is no reason to invest in any other materials to find and land a PMP certified job. The plan is pretty simple, buy this book, read it, do the practice questions, get the job. This book figures out ways to boil down critical exam and job landing concepts into real world applications and scenarios. Which makes this book user-friendly, interactive, and valuable as a resource long after students pass the exam. People who teach PMP classes for a living or for their companies understand the true value of this book. You certainly will too. To Prepare for

the exam this book tells you: - What you need to know about the PMP Certification and exam - Preparation Tips for passing the PMP Certification Exam - Taking tests

The book contains several suggestions on how preparing yourself for an interview. This is an aspect that many people underestimate, whilst having a well-written CV, a personal blog, and possibly a number of past projects is definitively important - there is much more to prepare for. It covers non-technical aspects (how to find a job, resume, behavioral etc.). A

'Must-study' before taking a Tech Interview. To Land the Job, it gives you the hands-on and how-to s insight on - Typical PMP Careers - Finding Opportunities - the best places to find them - Writing Unbeatable Resumes and Cover Letters - Acing the Interview - What to Expect From Recruiters - How employers hunt for Job-hunters.... and More This book offers excellent, insightful advice for everyone from entry-level to senior professionals. None of the other such career guides compare with this one. It stands out because it: -

Explains how the people doing the hiring think, so that you can win them over on paper and then in your interview - Is filled with useful work-sheets - Explains every step of the job-hunting process - from little-known ways for finding openings to getting ahead on the job

This book covers everything. Whether you are trying to get your first PMP Job or move up in the system, you will be glad you got this book. For any IT Professional who aspires to land a PMP certified job at top tech companies, the key skills that are an absolute must have are having a

firm grasp on PMP
This book is not only a compendium of most important topics for your PMP exam and how to pass it, it also gives you an interviewer's perspective and it covers aspects like soft skills that most IT Professionals ignore or are unaware of, and this book certainly helps patch them. When should you get this book? Whether you are searching for a job or not, the answer is now.
The PMI-ACP Exam
Independently Published
Why you need this PMP guide: •
Coverage of the 100% of the exam

content • Lots of figures and tables for faster preparation • ITTO-made-easy with diagrams and built-in text • Simple explanations for difficult concepts • Synopsis and formulas section ... for reference before the PMP exam • Easy-to-follow layout • 400+ sample questions with detailed explanations • Full-length practice exam • Tips for practical project management • How-to for Microsoft Project (MPP) application

This book is a must-have for those preparing for PMP certification. It is different than existing books because we believe that PMP preparation can be quick and efficient. We have read the existing books and taken the PMP exam and we have found that most books contain unnecessary content. • Reduce your preparation time: There are several books in the market that have pages of painful and irrelevant text that would just be a waste of your time. This book

has text that is concise and relevant for the exam. • Figures and tables: There are 200+ figures and tables in the book. When text is needed to explain the figure, the text is embedded into the figure, rather than forcing you to read long paragraphs and pages of commentary to find relevant material. • Personalized, conversational style: When possible, we use conversational style to make for easier reading. • Active learning: We believe that

learning is best when the reader is involved (instead of doing a show and tell). Wherever applicable (e.g. for schedule, cost, quality, risk, procurement), there are workbook-style exercises. • Examples: You will find lots of examples followed by its underlying concept or generalized step-by-step procedure. This sequence makes it easier to understand concepts. **REVIEW FROM CONTACT 1:** I have studied various PMP guides and

tutorials in the market. But this book is different, stands out and would be the best companion guide to the PMBOK. Difficult concepts are presented in a style that is easy to follow. The content is concise and supported by illustrative figures and tables. This will save you from wasting your time on irrelevant or copious content. In my opinion, this is the **ONLY** book you will need to pass the PMP exam. Other printed books and online sites have questions that are easier than the

PMP exam and some wrong and answers and explanations. The 400+ questions are at the same level of rigor as you will find in the PMP exam. I wish I had this guide when I prepared for the PMP exam. - Andrew Anderson, PMP, Los Angeles, CA

The PMP Exam www.pmexam.com

These are the SAME strategies I use in my bootcamps to **GUARANTEE MY STUDENTS** to pass the PMP Exam! If you use them, and honestly commit to studying, I

promise you'll pass the PMP Exam, or I'll give you your money back - period.

The Comprehensive Guide for PMP® Certification Ssi Logic

This is the first book written specifically for the new PMI-ACP exam. It is a single, compact reference that will help the reader prepare for and pass the certification exam.
