As far as tuning the Passat goes we would shy away from the modest engine sizes. To get the most from the chassis you really need to get an engine with 130bhp or more. Thankfully the diesels and turbo diesels fit the bill nicely with some suitable modifications.

The engine's displacement was either 1.6 or 2.0 liters, with power output between 66 and 176 kW. The engine was to be first used in 2015 model years of Volkswagen Golf, Volkswagen Beetle, Volkswagen Beetle Convertible, Volkswagen Passat, and Volkswagen Jetta.
