JACK LONDON (1876-1916), American novelist, born in San Francisco, the son of an itinerant astrologer and a spiritualist mother. He grew up in poverty, scratching a living in various legal and illegal ways -robbing the oyster beds, working in a canning factory and a jute mill, serving aged 17 as a common sailor, and taking part in the Klondike gold rush of 1897. This various experience provided the material for his works, and made him a socialist. "The son of the Wolf" (1900), the first of his collections of tales, is based upon life in the Far North, as is the book that brought him recognition, "The Call of the Wild" (1903), which tells the story of the dog Buck, who, after his master's death, is lured back to the primitive world to lead a wolf pack. Many other tales of struggle, travel, and adventure followed, including "The Sea-Wolf" (1904), "White Fang" (1906), "South Sea Tales" (1911), and "Jerry of the South Seas" (1917). One of London's most interesting novels is the semi-autobiographical "Martin Eden" (1909). He also wrote socialist treatises, autobiographical essays, and a good deal of journalism.

I Will Survive is the story of Gloria Gaynor, America's "Queen of Disco." It is the story of riches and fame, despair, and finally salvation. Her meteoric rise to stardom in the mid-1970s was nothing short of phenomenal, and hits poured forth that pushed her to the top of the charts, including "Honey Bee," "I Got You Under My Skin," "Never Can Say Goodbye," and the song that has immortalized her, "I Will Survive," which became a #1 international gold seller. With that song, Gloria heralded the international rise of disco that became synonymous with a way of life in

the fast lane - the sweaty bodies at Studio 54, the lines of cocaine, the indescribable feeling that you could always be at the top of your game and never come down. But down she came after her early stardom, and problems followed in the wake, including the death of her mother, whose love had anchored the young singer, as well as constant battles with weight, drugs, and alcohol. While her fans always imagined her to be rich, her personal finances collapsed due to poor management; and while many envied her, she felt completely empty inside. In the early 1980s, sustained by her marriage to music publisher Linwood Simon, Gloria took three years off and reflected upon her life. She visited churches and revisited her mother's old Bible. Discovering the world of gospel, she made a commitment to Christ that sustains her to this day.

Award-winning author and broadcaster Carol Off reveals the fascinating—and often horrifying—stories behind our desire for all things chocolate. Whether it's part of a Halloween haul, the contents of a heart-shaped box or just a candy bar stashed in a desk drawer, chocolate is synonymous with pleasures both simple and indulgent. But behind the sweet image is a long history of exploitation. In the eighteenth century the European aristocracy went wild for the Aztec delicacy. In later years, colonial territories were ravaged and slaves imported in droves as native populations died out under the strain of feeding the world's appetite for chocolate. Carol Off traces the origins of the cocoa craze and follows chocolate's evolution under such overseers as Hershey, Cadbury and Mars. In Côte d'Ivoire, the West African nation that produces nearly half of the world's cocoa beans, she follows a dark and dangerous seam of greed. Against a backdrop of civil war and corruption, desperately poor farmers engage in appalling practices such

as the indentured servitude of young boys—children who don't even know what chocolate tastes like. Off shows that, with the complicity of Western governments and corporations, unethical practices continue to thrive. *Bitter Chocolate* is a social history, a passionate investigative account and an eye-opening exposé of the workings of a multi-billion dollar industry that has institutionalized misery as it served our pleasures.

This collection brings together the philosophy of Gilles Deleuze and the rich tradition of American pragmatist thought, taking seriously the commitment to pluralism at the heart of both. Contributors explore in novel ways Deleuze's explicit references to pragmatism, and examine the philosophical significance of a number of points at which Deleuze's philosophy converges with, or diverges from, the work of leading pragmatists. The papers of the first part of the volume take as their focus Deleuze's philosophical relationship to classical pragmatism and the work of Peirce, James and Dewey. Particular areas of focus include theories of signs, metaphysics, perspectivism, experience, the transcendental and democracy. The papers comprising the second half of the volume are concerned with developing critical encounters between Deleuze's work and the work of contemporary

pragmatists such as Rorty, Brandom, Price, Shusterman and others. Issues addressed include antirepresentationalism, constructivism, politics, objectivity, naturalism, affect, human finitude and the nature and value of philosophy itself. With contributions by internationally recognized specialists in both poststructuralist and pragmatist thought, the collection is certain to enrich Deleuze scholarship, enliven discussion in pragmatist circles, and contribute in significant ways to contemporary philosophical debate.

I have physical scars from past surgeries, however, I have emotional scars as well. They were buried deep inside (hidden). It wasn't until my mother died was I able to "catch my breath" and to make sense of or process the emotional pain I had endured due to her prescription drug addiction, resulting in my own addictions.

Sacred and Stolen is the memoir of an art museum director with the courage to reveal what goes on behind the scenes. Gary Vikan lays bare the messy underbelly of museum life: looted antiquities, crooked dealers, deluded collectors, duplicitous public officials, fakes, inside thefts, bribery, and failed exhibitions. These backstories, at once shocking and comical, reveal a man with a taste for adventure, an eagerness to fan the flames of excitement, and comfort with the chaos that often ensued. A Minnesota kid who started out as a printer's devil in his father's small-town newspaper, Vikan ended up as the director of The Walters Art Museum, a gem of a museum in Baltimore. *Sacred and Stolen* reveals his quest to bring

the “holy” into the museum experience as he struggles to reconcile his passion for acquiring sacred works of art with his suspicion that they were stolen. The cast of characters in his many adventures include the elegant French oil heiress, Dominique de Menil, the notorious Turkish smuggler, Aydin Dikmen, his slippery Dutch dealer, Michel van Rijn, the inscrutable and implacable Patriarchs of Ethiopia and Georgia, and the charismatic President of Georgia, Eduard Shevardnadze—along with a mysterious thief of a gorgeous Renoir painting missing from a museum for over sixty years. When the painting suddenly shows up, it’s Vikan who tracks down the culprit. In his afterword Vikan explains his coming to grips with the realities of art dealing in our present dangerous world that includes the fanatical iconoclasm of the Islamic State. We know of the violent destruction and looting of precious treasures of antiquity and unscrupulous black market art dealers who take advantage of international conflicts to possess them. Sacred and Stolen is a truly eye-opening account of art dealing in the modern world.
