Every Other Weekend
Simon and Schuster
This primer on legal
reasoning is aimed at law

students and upper-level undergraduates. But it is also an original exposition of basic legal concepts that scholars and lawyers will find stimulating. It covers such topics as rules, precedent, authority, analogical reasoning, the common law, statutory interpretation, legal realism, judicial opinions, legal facts, and burden of proof.

The American Commonwealth
Guilford Press

Marbury is another world, a dark world that best friends Jack Whitmore and Conner Kirk have fallen into before. A stranger had given Jack a pair of glasses – it's through the

lenses that the boys get to Marbury. Told through Conner's point of view, *THE KING OF MARBURY* asks whether Marbury is only in Jack and Conner's minds, or if it might actually be real. You decide. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Presidents and the Constitution Macmillan
Alexander Hamilton wrote that “ the judiciary, from the nature of its functions, will always be the least dangerous to the political rights of the Constitution. ” If only that

were true. The Founding Fathers wanted the judicial branch to serve as a check on the power of the legislative and executive, and gave the Supreme Court the responsibility of interpreting the Constitution in a way that would safeguard individual freedoms. In some cases, like *Brown V. Board of Education* and *United States V. Lopez*, the Court fulfilled its role, protecting us from racial discrimination and the heavy hand of the federal government. But sadly, the Supreme Court has also

handed down many destructive decisions on cases you probably never learned about in school. In *The Dirty Dozen*, two distinguished legal scholars shed light on the twelve worst cases, which allowed government to interfere in your private contractual agreements; curtail your rights to criticize or support political candidates; arrest and imprison you indefinitely, without filing charges; and seize your private property, without compensation, when someone uses the property for criminal

activity—even if you don't know about it! This is not a book just for lawyers. It's for all Americans who want to understand how the Supreme Court can affect our right to life, liberty, and the pursuit of happiness. This paperback edition includes a new preface, "Guns, Bailouts, and Empathetic Judges," which highlights new and critical issues that have arisen since the book's initial edition was published in 2008.

A Century of U.S. Naval Intelligence Simon and Schuster
It ought to be just a game, but

basketball on the playgrounds of Coney Island is much more than that -- for many young men it represents their only hope of escape from a life of crime, poverty, and despair. In *The Last Shot*, Darcy Frey chronicles the aspirations of four of the neighborhood's most promising players. What they have going for them is athletic talent, grace, and years of dedication. But working against them are woefully inadequate schooling, family circumstances that are often desperate, and the slick, brutal world of college athletic recruitment. Incisively and compassionately written, *The Last Shot* introduces us to unforgettable characters and takes

us into their world with an intimacy seldom seen in contemporary journalism. The result is a startling and poignant expose of inner-city life and the big business of college basketball.

Issues** Yearling

For the past three decades, many history professors have allowed their biases to distort the way America's past is taught. These intellectuals have searched for

instances of racism, sexism, and bigotry in our history while downplaying the greatness of America's patriots and the achievements of "dead white men." As a result, more emphasis is placed on Harriet Tubman than on George Washington; more about the internment of Japanese Americans during World War II

than about D-Day or Iwo Jima; more on the dangers we faced from Joseph McCarthy than those we faced from Josef Stalin. A Patriot's History of the United States corrects those doctrinaire biases. In this groundbreaking book, America's discovery, founding, and development are reexamined with an

appreciation for the elements of public virtue, personal liberty, and private property that make this nation uniquely successful. This book offers a long-overdue acknowledgment of America's true and proud history. *Air Quality Criteria for Oxides of Nitrogen* Learning Express (NY)

In this groundbreaking book, Scalia and Garner systematically explain all the most important principles of constitutional, statutory, and contractual interpretation in an engaging and informative style with hundreds of illustrations from actual cases. Is a burrito a sandwich?

Is a corporation entitled to personal privacy? If you trade a gun for drugs, are you using a gun in a drug transaction? The authors grapple with these and dozens of equally curious questions while explaining the most principled, lucid, and reliable techniques for deriving meaning from authoritative

texts. Meanwhile, the book takes up some of the most controversial issues in modern jurisprudence. What, exactly, is textualism? Why is strict construction a bad thing? What is the true doctrine of originalism? And which is more important: the spirit of the law, or the letter? The authors write with

a well-argued point of view that is definitive yet nuanced, straightforward yet sophisticated.

Redefining Federalism

Penguin

A 16-year-old boy who escapes a kidnapper thinks he can forget his trauma, but instead, he loses his grip on reality and believes he's part of an alternate world called Marbury.

Sixteen-year-old Jack gets drunk and is in the wrong place at the

wrong time. He is kidnapped. He escapes, narrowly. The only person he tells is his best friend, Conner. When they arrive in London as planned for summer break, a stranger hands Jack a pair of glasses. Through the lenses, he sees another world called Marbury. There is war in Marbury. It is a desolate and murderous place where Jack is responsible for the survival of two younger boys. Conner is there, too. But he's trying to kill them.

Meanwhile, Jack is falling in love with an English girl, and afraid he's losing his mind. Andrew Smith has written his most beautiful and personal novel yet, as he explores the nightmarish outer limits of what trauma can do to our bodies and our minds. "An engrossing horror/fantasy hybrid...Nightmarish imagery is chillingly effective, and the pacing superbly builds suspense." -- Kirkus Reviews

Henry Cooper and his dog Pomegranate have two houses. On Mondays, Wednesdays, and every other weekend, they live with Mama in her new apartment, but on Tuesdays, Thursdays, and every other weekend, they live with Papa in his new house. Henry and Pomegranate are happy as they dance with

Mama and sing with Papa, but Henry knows that sometimes Pomegranate gets confused and just wants to go . . . home. This gentle and accessible story about dealing with the many changes that come with divorce is beautifully brought to life by author Karen Stanton's vivid and memorable illustrations. Plunder Feiwei & Friends
"Andrew Smith is the Kurt Vonnegut of YA .

. . [Smith's novels] are the freshest, richest, and weirdest books to hit the YA world in years."
-Entertainment Weekly
Skillfully blending multiple story strands that transcend time and place, award-winning Grasshopper Jungle author Andrew Smith chronicles the story of Ariel, a refugee who is the sole survivor of an attack on his small village. Now living with an adoptive family in Sunday, West Virginia, Ariel's story is juxtaposed against

those of a schizophrenic bomber and the diaries of a failed arctic expedition from the late nineteenth century . . . and a depressed, bionic reincarnated crow.

501 Critical Reading Questions
Penguin

Two brothers leave home looking for their father, and find themselves hitching a ride with a violent killer - here is a

road trip from hell.
Lenses on Reading, Second Edition Cato Institute
Equal parts haunting and horrifying, this literary horror novel gives readers insight into the mind of a controlling homicidal man and the son who must stop him.
"Marvin Burke is one of the great monsters of literature, a figure of immense, credible terror and savagery."--Cory Doctorow, author of

Little Children and coeditor of Boing Boing Imagine your father is a monster. Would that mean there are monsters inside you, too? Nineteen- year-old Ry Burke, his mother, and little sister eke out a living on their dying family farm. Ry wishes for anything to distract him from the grim memories of his father's physical and emotional abuse. Then a meteorite falls from the sky,	bringing with it not only a fragment from another world but also the arrival of a ruthless man intent on destroying the entire family. Soon Ry is forced to defend himself by resurrecting a trio of imaginary childhood protectors: kindly Mr. Furrington, wise Jesus, and the bloodthirsty Scowler. <i>Stand-Off</i> www.MilitaryBookshop.CompanyUK Readers who love	Percy Jackson, the Unwanted, and Beyonders will discover that 100 cupboards mean 100 opportunities for adventure! The bestselling and highly acclaimed 100 Cupboards series starts here. What dangers are locked behind the cupboard doors? Henry isn't brave, but when he hears a thumping and scratching on the other side of his bedroom wall, he
--	---	--

can't ignore it. He scrapes off the plaster and discovers mysterious doors—cupboards of all different shapes and sizes. Through one he sees a glowing room and a man strolling back and forth. Through another he sees only darkness and feels the cold sense that something isn't right. When his cousin Henrietta boldly travels into the worlds beyond the cupboards, it's up to Henry to follow her. (Publishers Weekly, starred review). Ryan Dean West is a fourteen-year-old junior at a boarding school for rich kids. He's living in Opportunity Hall, the dorm for troublemakers, and rooming with the biggest bully on the rugby team. And he's madly in love with his best friend Annie, who thinks of him as a little boy. Ryan Dean manages to

Now that he's opened the doors, can he keep the evil inside from coming through? "A must-read series." —The Washington Post *In the Path of Falling Objects* BoD - Books on Demand A teen at boarding school grapples with life, love, and rugby in this unforgettable novel that is "alternately hilarious and painful, awkward and enlightening"

survive life's complications with the help of his sense of humor, rugby buddies, and his penchant for doodling comics. But when the unthinkable happens, he has to figure out how to hold on to what's important, even when it feels like everything has fallen apart. Filled with hand-drawn infographics and illustrations and told in a pitch-perfect voice, this	realistic depiction of a teen's experience strikes an exceptional balance of hilarious and heartbreaking. <i>End of Days</i> Environmental Law Institute "This provocative jaunt...dissects society, technology, othering, and what makes humanity human." —Publishers Weekly (starred review) "An unpredictable, gross, and prescient	rumination on modernity, media consumption, and machine-aided communication." —Booklist (starred review) Told with Andrew Smith's signature dark humor, <i>Rabbit & Robot</i> tells the story of Cager Messer, a boy who's stranded on the Tennessee—his father's lunar-cruise utopia—with insane robots. To help him shake his Woz addiction, Billy and

indispensable
knowledge on global
affairs, popular
culture, economic
trends, scientific
principles, and
modern arts. Here's

your chance to brush up on all those subjects you slept through in school, reacquaint yourself with all the facts you once knew (then promptly forgot), catch up on major developments in the world today, and become the Renaissance man or woman you always knew you could be! How do you tell the Balkans from the Caucasus? What's the difference between fission and	fusion? Whigs and Tories? Shiites and Sunnis? Deduction and induction? Why aren't all Shakespearean comedies necessarily thigh-slappers? What are transcendental numbers and what are they good for? What really happened in Plato's cave? Is postmodernism dead or just having a bad hair day? And for extra credit, when should you use the adjective continual and when should you	use continuous? An Incomplete Education answers these and thousands of other questions with incomparable wit, style, and clarity. American Studies, Art History, Economics, Film, Literature, Music, Philosophy, Political Science, Psychology, Religion, Science, and World History: Here's the bottom line on each of these major disciplines, distilled to its
