Protect your usernames and passwords with this disguised password journal! Are you always forgetting your logins, usernames and passwords? Do you have lots of sticky

notes or labels around the house to remember them? Would you like to find a better way? What the Elephant Forgot is a secret password book that is disguised as a paperback about elephants. While this could be a novel set in Africa or non-fiction book about this endangered species, you can add all your website information in one handy place to organize your internet life and to increase your web security. The attractive design is a password keeper with a difference. It was created so that opportunist thieves won't know what it is at a glance. This means that you can hide it in plain sight on your bookshelf at home with other books. What you can expect from this internet password organizer: Tabbed effect alphabetical pages Are you looking for a

password book with tabs? What the Elephant  
Forgot is a password journal with printed  
alphabetical tabs running down the edge of  
the pages. Flick the pages to find your  
passwords quickly and easily. Disguised  
cover to hide your personal information  
(helps keep your passwords safe) There are  
several password logbooks on the market  
but this one was created so it could be  
hidden in plain sight. It looks like a flower  
book with a vintage design from the outside  
but inside there are 3 boxes for your login  
information on each page. Section on  
creating secure passwords There are risks to  
however a password is stored. These can be  
from online thieves or opportunist burglars.  
At the front of the book is a brief section for  
creating a secure password that can be

written down but can't be used by someone  
who has the book. Notes and other pages to  
add other useful information like software  
licenses There is a section at the back to add  
information that won't fit in the usual  
password boxes. There are notes pages but  
also places to add home network settings  
and license information. If you have a friend  
coming around who wants to use the WiFi,  
just add it in here and you will be able to  
instantly find it when you need it. More  
space to write in your information This  
handy-sized password keeper is 6 inches  
wide by 9 inches high for more space to  
write in your login information. There are 3  
boxes per page. Large Print Text All text in  
this password book are sized 16 and above  
throughout because no one wants to squint

Book with Mandala Elephant Design | Never Forget Your Passwords Again!! The Elephant "Password Keeper" We now live in a world where keeping track of electronic passwords for websites and email accounts and social media outlets is not simply a good idea, but a necessity. However, at times being able to remember each specific password for each website or email account can be rather difficult, especially if you use alphanumeric codes or other algorithms to generate passwords rather than simple words or phrases where cats birthday. It has become necessary to have more complicated passwords and while it is true the more complicated your password the more secure your information will be. It is also true that the more complicated your password the more difficult it will be to remember. This is where the forget me not password keeper comes in handy. This nifty little notebook is filled with 150 pages that are specifically designed to help keep all of your passwords and other personal information safe from prying eyes. These books are organized alphabetically similar to the way one of those old pocket address books was designed with specifically labeled slots for the password. The name of the corresponding website email account or other business information has its own separate slot which means all you have to do is put the appropriate information in the appropriate space and it will be safely and securely organized for easy access at any time. The forget me not password keeper is also discrete. It has a unique and artistically designed cover so that it

---

will look like any other personal notebook or address book should be found on your desk or accidentally glimpsed in your purse. The forget me not password keeper will also give you peace of mind knowing that you no longer have to remember all of your passwords or risk for getting them because they are all safely categorized and secure in this handy little book that is sure to become a trusted companion. Plenty of room to record password changes, security questions, and notes. Extra pages to record information about your home network configuration, Internet Service Provider, and other notes and in alphabetical order. Store: Websites, usernames and passwords. Credit Card Information. Home Network Information. WiFi Password and Network ID. Guest WiFi Password and

Network ID. Software License Keys. Notes. And More! Features: Alphabetically organized pages. Discreet cover design. 150 pages! Spacious 5.5x8.5. This book is proudly Made in the USA. Safety" at the top to check them out. Password Journal Small Gifts for Elephant Lovers - Softback Password Journal [\$5.50 / £ 3.59] A discrete password journal with an Indian elephant design from our popular Carnival range on the cover. It's got sensible sized print, spacious log boxes, and a few added extras, including password setting advice, at the back. We've put a lot of thought in to this book, it's perfect for a small, simple gift: Dimensions: 20.3 x 12.7 cm / 5 x 8 inches. (A touch smaller than A5 but much bigger than A6. It's small enough to tuck away easily in a bag, drawer or shelf, but it's not tiny, it's much bigger than most pockets.) Interior: -95 pages of good quality white paper to minimize ink bleed-through. -Just under 400 log boxes, including a few extra at the back for the storage of online purchase reference numbers. -An advice section on how to set strong, safe passwords is easily accessible at the back. -Plenty of space. We've allowed the whole page width for writing internet addresses & usernames, and extra space to write your own notes with each record; particularly useful for extra security details such as memorable words. There's also a general notes space at the back for recording modem details or wifi codes for example. So no more cramming! -A date record box. To prevent confusion if you change a password you can easily keep track of which one is the latest by using the entry date prompt in each log. -Easy to read with font size 12 or larger throughout. Cover: Tough matte paperback. Properly bound, so pages won't fall out with use. Matching Products: A 5 x 8 inch ruled
