The Importance of Being Me: A Trans Reality is an essential guide for anyone navigating the complexities of gender identity. Whether you're a parent of a child questioning their gender, a teenager contemplating a transition, or someone seeking clarity on the gender/sex debate, this book offers valuable insights. It delves into the experiences of those who have journeyed through 'Transing' or, as the author terms it, authenticating their true selves. This book is a vital resource for understanding and embracing the nuances of gender identity.

In recent decades physical education has moved from the margins, redefining itself as an academic subject. An important component of this transformation has been the introduction of high-stakes examinations at key points in a student's school career and the emergence of 'examination physical education' as the dominant paradigm in many educational systems around the world. This book is the first to explore the growing international literature on examination physical education and draw on research to extend the political, academic and professional debates around the subject to explore its limitations and possibilities. Addressing key topics such as curriculum development, assessment methods, and teacher education, it seeks to assess how our existing knowledge of examination physical education can be best translated into pedagogical practice in the classroom. Complementing other texts in the Routledge Studies in Physical Education and Youth Sport Series, it makes an original and informed contribution to current discussions of physical education. Examination Physical Education: Policy, Practice and Possibilities is important reading for any student, researcher or teacher educator with an interest in physical education, sports pedagogy and education policy.

"ECEG2016-Proceedings of 16th European Conference on e-Government ECEG 2016" Extra Mile Revision Centre

This book outlines the resources available for education from about 1785 to the early 20th century. Many historical resources are currently being digitized, and Ontario and education are no exception. These electronic repositories are examined here, along with traditional paper and archival sources.

Academic Staff Development Pearson South Africa

The Maths Handbook & Study Guide is a comprehensive reference book and set of notes that covers everything in one book. The book is written in a clear, simple, visual and logical manner. The colour coding facilitates explanations, definitions, formulas, recaps of previous work, hints and ideas. It is easy to read, easy to understand and it is easy to apply what has been learnt. It works in conjunction with all other Maths books. It is a welcome addition to the Handbook and Study Guide series. The Maths Handbook and Study Guide demystifies Maths and helps students to reach their potential in this challenging subject. The sub-title of the book is 'Maths Made Easy' and this is what it aims to do. Kevin ensures that his work is up to date at all times and that it is suitable for IEB and National Curriculum students. There are exercises in the front of the book and solutions to problems at the back.

Academic Staff Development: Disruptions, Complexities, Change (Envisioning New Futures) by Nalini Chitanand and Shoba Rathilal delves into the transformative journey of academic staff development. This collection is prompted by the magnification of the challenges faced by higher education institutions during COVID-19, particularly in South Africa and the Global South, and explores the critical role of academic staff development in navigating crises. With a reflexive approach and insights from diverse disciplines, the book extends beyond traditional models, offering new perspectives and possible contributions to postgraduate education, community engagement, and the broader academic role. A timely and insightful contribution, this book propels the evolving field of academic staff development into new horizons, fostering resilience, creativity, innovation, and holistic growth in higher education, for transformative and sustainable experiences.

This book uses an in-depth, phenomenological interview approach to explain the generational characteristics of today's Chinese university youths and the critical

dispositions they believe indispensable in acquiring English as an academic language in and outside school settings. By presenting the authentic voices of the recruited participants, the book clarifies how English for academic purposes (EAP), as an emerging global phenomenon and a research-informed practice, enables and empowers them for conscious self-transformation and critical awareness development through language study. The book also explores issues arising in the fields of general English language teaching as well as traditional and critical EAP, and discusses university English language learners' learning needs and rights. The book further promotes a dynamic and transformative University EAP pedagogy of particularity, practicality, and possibility moving from the oppression of language education to its liberation, and the increasing critical consciousness among the present and future university youths in a time of great social changes.

The Divine Leelas (Miracles) of Bhagawan Shri Sathya Sai Baba (Swami) .....The Eternal God! Pearson South Africa

This volume explores the instructional use of creative writing in secondary and post-secondary contexts to enhance students' language proficiency and expression in English as a second or foreign language (ESL/EFL). Offering a diverse range of perspectives from scholars and practitioners involved in English language teaching (ELT) globally, International Perspectives on Creative Writing in Second Language Education tackles foundational questions around why fiction and creative writing have been traditionally omitted from ESL and EFL curricula. By drawing on empirical research and first-hand experience, contributors showcase a range of creative genres including autobiography, scriptwriting, poetry, and e-Portfolios, and provide new insight into the benefits of second language creative writing for learners' language proficiency, emotional expression, and identity development. The volume makes a unique contribution to the field of second language writing by highlighting the breadth of second language users throughout the world, and foregrounding links between identity, learning, and ESL/EFL writing. This insightful volume will be of particular interest to postgraduate students, researchers, and academics in the fields of ESL/EFL learning, composition studies, and second language acquisition (SLA). Those with a focus on the use of creative writing in classrooms more broadly, will also find the book of interest.

Now in its second edition, How to Read Texts introduces students to key critical approaches to literary texts and offers a practical introduction for students developing their own critical and close-reading skills. Written in a lively, jargon-free style, it explains critical concepts, approaches and ideas including: - Debates around critical theory - The role of history and context - The links between creativity and criticism - The relationship between author, reader and text. The new edition now includes guidance on analysing a range of multi-media texts, including film and online media as well as the purely literary. In addition to new practical examples, readings, exercises and 'checkpoints' that help students to build confidence in their own critical readings of both primary and secondary texts, the book now also offers guidance on writing fully-formed critical essays and tips for independent research. Comprehensively updated and revised throughout, How to Read Texts is an indispensable guide for students making the transition to university study.

X-kit FET Grade 12 History Pearson South Africa

The Divine Leelas (Miracles) of Bhagawan Shri Sathya Sai Baba (Swami) .....The Eternal God! Swami's Omnipresence and His Magnanimous, spontaneous Love for His Devotees, presented them with the opportunity to experience and witness His enthralling and Divinely captivating Leelas (Miracles) in all corners of the globe. The author was blessed and fortunate to receive accounts of miracles which touched and transformed the lives of people globally. The universality of Swami's Miracles attests to His Divinity and His accessibility to ALL of Mankind. These Miracles are awe-inspiring, mind-blowing logic-defying and offer the reader a glimpse into the Divinely fascinating and enigmatic realm of Sai (God). These miraculous experiences so graphically and vividly presented, are guaranteed to strengthen and reinforce the readers' faith and belief in the existence of a Merciful, Divine Entity and more especially in Swami's irrefutable Divinity!
