papers for Higher level GCSE Maths. It also includes a formula sheet and detailed answer book so that students can mark their own work. How to Achieve 100% in a Gcse Cambridge University Press Being taught by a great teacher is one of the great privileges of life. Teach Now! is an exciting new series that opens up the secrets of great teachers and, step-by-step, helps trainees to build the skills and confidence they need to become first-rate classroom practitioners.

Written by a highly-skilled practitioner, this practical, classroom-focused guide contains all the support you need to become a great mathematics teacher. Combining a grounded, modern rationale for learning and teaching with highly practical training approaches, the book guides you through the themes of mathematics teaching and the skills needed to demonstrate learning. Teach Now! Mathematics also offers clear, straightforward advice on classroom practice, lesson planning and working in schools. Teaching and learning, planning, assessment and behaviour management are all covered in detail, with a host of carefully chosen examples used to demonstrate good practice. Every example is rooted in recent experience in the mathematics classroom. The commonalities of teaching pedagogy across all subjects are discussed but this book gets to the heart of the unique nature of this subject. From building confidence to developing

---

problem-solving skills and mathematical literacy, this book considers what the keys to success are in learning, and hence teaching, mathematics. There are also chapters on dealing with pressure, excelling in observations, finding the right job and succeeding at interview.

Throughout the book, there is a great selection of ready-to-use activities, strategies and techniques which will help put you on the fast track to success in the classroom.

With a strong emphasis on

sparkling students' interest and enthusiasm in mathematics, this book is your essential guide as you start your exciting and rewarding career as an outstanding mathematics teacher.
